a full spectrum collection of photos of the late queen elizabeth ii spanning ten decades of fashion and every color of the rainbow this riotously colorful book takes a prismatic journey through a century of styles worn by british monarch queen elizabeth ii each photo is gloriously accessorized with captions and commentary by journalist and broadcaster sali hughes who provides fascinating context readers will learn how the queen used color and fashion in strategic and discreetly political ways such as wearing the colors of the european flag to a post brexit meeting or a pin given to her by the obamas to a meeting with donald trump with stunning photographs that span feature brilliant colors ranging from the dusky pinks the queen wore in girlhood through to the neon green dress that prompted the hashtag neonat90 this must have collection celebrates the iconic fashion statements of the uk s longest reigning and most vibrant monarch this is a joyful celebration of the queen s life as well as her personal style and political mastery

LSAT Prep For Dummies

1877

mary stuart queen of scots has long been portrayed as one of history s romantically tragic figures devious naïve beautiful and sexually voracious often highly principled she secured the scottish throne and bolstered the position of the catholic church in scotland her plotting including probable involvement in the murder of her husband lord darnley led to her flight from scotland and imprisonment by her equally ambitious cousin and fellow queen elizabeth of england yet when elizabeth ordered mary s execution in 1587 it was an act of exasperated frustration rather than political wrath unlike biographies of mary predating this work this masterly study set out to show mary as she really was not a romantic heroine but the ruler of a european kingdom with far greater economic and political importance than its size or location would indicate wormald also showed that mary s downfall was not simply because of the crisis years of 1565 7 but because of her way of dealing or failing to deal with the problems facing her as a renaissance monarch she was tragic because she was born to supreme power but was wholly incapable of coping with its responsibilities her extraordinary story has become one of the most colourful and emotionally searing tales of western history and it is here fully reconsidered by a leading specialist of the period jenny wormald s beautifully written biography will appeal to students and general readers alike

The Life of Marie Antoinette, queen of France

2018-06-07

capital cities have been the seat of political power and central stage for their state s political conflicts and rituals throughout the ages in the modern era they provide symbols for and confer meaning to the state thereby contributing to the invention of the nation capitals capture the imagination of natives visitors and outsiders alike yet also express the outcomes of power struggles within the political systems in which they operate this volume addresses the reciprocal relationships between identity regime formation urban planning and public architecture in the western world it examines the role of urban design and architecture in expressing or hiding ideological beliefs and political agenda case studies include old capitals such as rome vienna berlin and warsaw new ones such as washington dc ottawa canberra ankara bonn and brasília and the european capital brussels each case reflects the authors different disciplinary

backgrounds in architecture history political science and urban studies demonstrating the value of an interdisciplinary approach to studying cities
