Visual Arts Handbook

1991-01-01

in field notes on the visual arts 75 scholars curators and artists traverse chronology and geography to reveal the meanings and dilemmas of art

Art and Cognition

2002

a to is rieg 1858 1905 was one of the greatest modern art historians the most important member of the so called vienna school rieg developed a highly refined technique of visual or formal analysis as opposed to the iconological method with its emphasis on decoding motifs through recourse to texts rieg also pioneered understanding of the changing role of the viewer the significance of non high art objects or what would now be called visual or material culture and theories of art and art history including his much debated neologism kunstwollen the will of art at last his historical grammar of the visual arts which brings together the diverse threads of his thought is available to an english language audience in a superlative translation by jacqueline e jung in one of the earliest and perhaps the most brilliant of all art historical surveys rieg addresses the different visual arts within a sweeping conception of the history of culture his account derives from hegelian models but decisively opens onto alternative pathways that continue to complicate attempts to reduce art merely to the artist s intentions or its social and historical functions book jacket

Studio Thinking 3

2023

sometimes seeing is more difficult for the student of art than believing taylor in a book that has sold more than 300 000 copies since its original publication in 1957 has helped two generations of art students learn to look this handy guide to the visual arts is designed to provide a comprehensive view of art moving from the analytic study of specific works to a consideration of broad principles and technical matters forty four carefully selected illustrations afford an excellent sampling of the wide range of experience awaiting the explorer the second edition of learning to

look includes a new chapter on twentieth century art taylor s thoughtful discussion of pure forms and our responses to them gives the reader a few useful starting points for looking at art that does not reproduce nature and for understanding the distance between contemporary figurative art and reality
