History of Ingham and Eaton Counties, Michigan

1880

this book examines the intersection between cultural identities and development in african and the diaspora from multidisciplinary perspectives starting with the premise that culture is one of the most significant factors in development the book examines diverse topics such as the migrations of musical forms social media bilingualism and religion foregrounding the work of africa based scholars the book presents strategies for identifying solutions to the challenges facing african culture and development

this book will be of interest to students and scholars of african studies and african culture and society

Chansons of the 16th Century for Classical Guitar

2011-02-24

first published in 1997 this collection of articles two of which hitherto only appeared in dutch examines the technical changes in shipbuilding as well as new practices in shipping and fishing from the late middle ages to the industrial revolution it seeks to show how these changes transformed the european economy and affected the relationship between the economy and governments and to portray the process although most dramatic in the dutch republic as part of a general european phenomenon the studies also investigate the causes of these developments and suggest how improvements in shipping may have affected patterns of trade and behaviour of public authorities

Gospel Tidings

1991

this book rewrites the history of christian peace ethics christian reflection on reducing violence or overcoming war has roots in ancient roman philosophy and eventually grew to influence modern international law this historical overview begins with cicero the source of christian authors like augustine and thomas aquinas it is highly debatable whether augustine had a systematic interest in just war or whether his writings were used to develop a systematic just war teaching only by the later tradition may christians justifiably use force to overcome disorder and achieve peace the book traces the classical debate from thomas aquinas to early modern age thinkers like vitoria suarez martin luther hugo grotius and immanuel kant it highlights the diversity of the approaches of theologians philosophers and lawyers modern cosmopolitanism and international law thinking it shows are rooted in the spanish scholastics where grotius and kant each found the inspiration to inaugurate a modern peace ethic in the 20th century the tradition has taken aim not only at reducing violence and overcoming war but at developing a constructive ethic of peace building as is reflected in pope john paul ii s teaching
