## **Dictionary of American Slang 1975**

this book continues julie coleman s acclaimed history of dictionaries of english slang and cant it describes the increasingly systematic and scholarly way in which such terms were recorded and classified in the uk the usa australia and elsewhere and the huge growth in the publication of and public appetite for dictionaries glossaries and guides to the distinctive vocabularies of different social groups classes districts regions and nations dr coleman describes the origins of words and phrases and explores their history by copious example she shows how they cast light on everyday life across the globe from settlers in canada and australia and cockneys in london to gang members in new york and soldiers fighting in the boer and first world wars as well as on the operations of the narcotics trade and the entertainment business and the lives of those attending american colleges and british public schools the slang lexicographers were a colourful bunch those featured in this book include spiritualists aristocrats socialists journalists psychiatrists school boys criminals hoboes police officers and a serial bigamist one provided the inspiration for robert lewis stevenson s long john silver another was allegedly killed by a pork pie julie coleman s account will interest historians of language crime poverty sexuality and the criminal underworld

## **A History of Cant and Slang Dictionaries 2008-10-23**

slang like everything else changes much in the course of time and though but fifteen years have elapsed since this dictionary was first introduced to the public alterations have since then been many and frequent in the subject of which it treats the first issue of a work of this kind is too ever beset with difficulties and the compiler was always aware that though under the circumstances of its production the book was an undoubted success it necessarily lacked many of the elements which would make that success lasting and cause the slang dictionary to be regarded as an authority and a work of reference not merely among the uneducated but among people of cultivated tastes and inquiring minds for though the vulgar use of the word slang applies to those words only which are used by the dangerous classes and the lowest grades of society the term has in reality and should have as every one who has ever studied the subject knows a much wider significance bearing this in mind the original publisher of this dictionary lost no opportunity of obtaining information of a useful kind which could hardly find place in any other book of reference with the intention of eventually bringing out an entirely new edition in which all former errors should be corrected and all fresh meanings and new words find a place his intention always was to give those words which are familiar to all conversant with our colloquialisms and locutions but which have hitherto been connected with an unwritten tongue a local habitation and to produce a book which in its way would be as useful to students of philology as well as to lovers of human nature in all its phases as any standard work in the english language the squeamishness which tries to ignore the existence of slang fails signally for not only in the streets and the prisons but at the bar on the bench in the pulpit and in the houses of parliament does slang make itself heard and as the shortest and safest means to an end understood too my predecessor the original compiler did not live to see his wish become an actual fact and failing him it devolved upon me to undertake the task of revision and addition how far this has been accomplished the curious reader who is possessed of a copy of each edition can best judge for himself by comparing any couple of pages he may select of my own share in the work i wish to say nothing as i

have mainly benefited by the labours of others but i may say vii that when i undertook the position of editor of what with the smallest possible stretch of fancy may now be called a new book i had no idea that the alteration would be nearly so large or so manifest however as the work is now done it will best speak for itself and as good wine needs no bush i will leave it in all hope of their tenderness to those readers who are best qualified to say how the task has been consummated in conclusion it is but fair for me to thank as strongly as weak words will permit those gentlemen who have in various ways assisted me to two of them who are well known in the world of literature and who have not only aided me with advice but have placed many new words and etymologies at my service i am under particular obligation with this i beg to subscribe myself the reader s most obedient servant

## **THE SLANG DICTIONARY: ETYMOLOGICAL HISTORICAL AND ANECDOTAL 2023-04-30**

130 black and white illustrations a reference to more than 660 terms from climbers and mountaineers perfect stocking stuffer in this hilarious yet authoritative illustrated lexicon of climbing terms and slang former climbing editor in chief matt samet has compiled a reference of more than 650 terms used by climbers and mountaineers around the world the climbing dictionary runs the gamut from technical terms belay harness rappel stopper to slang dab choking the cobra gaston old dad pimpy to regional such as the south s baby butt slopers antiquated press up and foreign terms that have achieved universal usage au cheval colonnette and much more each word s definition includes its part of speech origin if known its meaning and a humorous but factually sound example sentence to demonstrate usage throughout the dictionary mike tea s illustrations both technical and humorous help explain harder to define terms such as piton sling cam hand jam or drop knee sure to become the reference or even the sicktionary for novice climbers and expert mountaineers alike are you obsessed with climbing ese know a term back story or phrase that didn t make the book connect with matt

the handbook of perceptual dialectology volume 2 expands on the coverage of both regions and methodologies in the investigation of nonlinguists' perceptions of language variety. new areas studied include Canada, Anglophone and Francophone Cuba, Hungary, Italy, Korea, and Mali, and most prominent among the new approaches are studies of the salience of specific linguistic features in variety identification and assessment. as in volume 1, the reader will find in these chapters everything from the statistical treatment of the ratings of dialect attributes to studies of the actual discourses of nonlinguists discussing language variety. dialectologists, sociolinguistics, ethnographers, and applied linguists who work in areas where language variety is a concern will appreciate the findings and methods of these studies, but social scientists of every sort who want to understand the role of language in the cultural lives of ordinary people will also find much of interest here.

## ***Current Med Talk 1995***

the rich repertoire of sexual slang in this compendium offers fascinating clues to the sexual humor and taboos, perceptions, and cultural biases, mores, and sexual roles of English-speaking people in times past and present. it offers abundant evidence that language gives voice to the major concerns and preoccupations of the people who speak it. this book features more than 4,000 words, phrases, and quips that have or have had a sexual connotation, hundreds of quotations demonstrating how terms have been used by sources ranging from Chaucer, Shakespeare, and Blake to pop icons such as Lenny Bruce, Bette Midler, and Madonna. terms in current

use as well as archaic terms and how and when they were first used 500 years of sexual slang from the united states canada britain australia and south africa and full etymologies explanations and variations in usage from country to country and era to era book jacket
