Consumer Reports Used Car Buying Guide [2005] 2015-06-04 the story of smart is an epic tale of genius inspiration hope disappointment disaster and ultimate triumph funky stylish and fun smart is the youngest and most exciting brand of car on the market and it has revolutionised the way we think about cars and the way we use them it has put much needed fun back into driving and even city motorists smile when they re at the wheel of a smart but it nearly didn t happen atall the revolutionary design was the product of the genius who invented the swatch watch saving the near bankrupt swiss watch industry in the process but these visionary ideas proved too radical and the tiny two seater almost died at birth when a succession of backers lost their nerve the sensational story of smart traces the decade long history of this ambitious project talking to key figures from every stage of the programme and building a vivid picture of an idea ahead of its time

Supercharging, Turbocharging and Nitrous Oxide Performance 1997-04 buying a car can be a smart idea a car loses the lion s share of its value when it is driven off the new car lot so why let someone else take that loss but buyer beware a used car is likely to need more repairs and may come with a short warranty or none at all in addition used cars may lack the latest safety features that is why it is so important for consumers to do extensive research so they can avoid all of the potential pitfalls of buying a used car the auto experts at consumer reports have done the work for you and have compiled their extensive research and report their findings into the 2007 edition of used car buying guide this fabulous tool will help steer any consumer who is in the market for a used car towards the better performing and more reliable used car models and away from those models with a troubled past or substandard performance before consumers set foot on a used car lot they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice consumer reports knows cars and offers the most detailed and revealing used car reliability information available anywhere including unbiased reviews of every major model from 1999 2006 lists of the best and worst used vehicles and how to avoid a lemon a checklist of what to look for when inspecting a used car best used cars for gas mileage tips on negotiating the best pricereliability recalls and crash test information making sense of safety information how to get the most money when trading in your current car the majority of this book is devoted to the profiles of 264 cars minivans suvs and trucks presenting all major 1999 2006 models each profile contains a photo from the representative year a write up of the vehicle reliability history crash test data and the model years when key safety gear was added and when a major redesign was made
