J.R.R. Tolkien's novels of Middle-earth, *The Hobbit*, *The Lord of the Rings* trilogy, and *The Silmarillion* have become some of the most famous and most beloved literary works of the twentieth century, and the *Lord of the Rings* films by director Peter Jackson have re-ignited interest in Tolkien and his works as well as introduced his stories to a new generation of fans. Even if you've never read the novels and have only seen the films, you know that the world of Middle-earth is a complicated one. Tolkien took great care in representing this world, from creating new languages to including very particular cultural details that add to the richness of the world's fabric. Many other books have been written about Tolkien and his works, but none have come close to providing the kind of reference needed to comprehend the world of Middle-earth. That's what veteran dummies author and unabashed Tolkien fan Greg Harvey attempts to do in *The Origins of Tolkien's Middle-earth for Dummies*. As the author says in his introduction to the book, this is not an encyclopedia or quick guide to all the diverse beings, languages, and history that make up Tolkien's Middle-earth, nor is it a set of plot outlines for the novels. Rather, what you'll find in *The Origins of Tolkien's Middle-earth for Dummies* is a basic guide to some of the possible linguistic and mythological origins of Middle-earth, plus a rudimentary analysis of its many themes and lessons for our world. This book can help enrich your reading or re-reading of Tolkien's novels, and it will challenge you to think about the themes inherent in Tolkien's Middle-earth and their implications in your own life. Here's just a sampling of the topics you'll find covered in *The Origins of Tolkien's Middle-earth for Dummies*: exploring the main themes in Tolkien's works, including immortality and death, the heroic quest, love, fate, and free will, and faith and redemption; investigating the diverse lands of Middle-earth, including the Shire, Gondor, and Mordor, and their significance; examining the different cultures of Middle-earth, such as Hobbits, Elves, Men, and those wily Wizards; touring the history of Middle-earth; understanding Tolkien's creation of new languages to enrich the story of Middle-earth; top ten lists on the battles in *The War of the Ring*; online resources and the ways the films differ from the novels. So whether you're reading Tolkien's novels or watching the films for the first time, or you've been a fan for many years and are looking for a new take on Tolkien's works, *The Origins of Tolkien's Middle-earth for Dummies* can help you enhance your reading or viewing experience for years to come.

Jack Lewis and His American Cousin, Nat Hawthorne *2013-03-29*

Tolkien's Middle-earth continues to capture the global imagination. In this accessible but unofficial guide, this sometimes confusing world is broken down into bite-sized sections that bring it to life for the newcomer and the fanatic alike. Become an expert in Tolkien's world the easy way. The ultimate unofficial guide to Tolkien's world offers something that's never been attempted before: a single timeline in chronological order of all the events in Tolkien's notorious complex books. Why was it so shocking that Galadriel gave three strands of her golden hair to Gimli the dwarf? Why is Sauron afraid of Aragorn's sword? Why does a Balrog lurk under a dwarven underground city? And how did the Seven Lost Seeing Stones come into being? How did the Hobbits manage to have such a peaceful life, who were the warriors whose corpses light hover in the dead marshes from Handy

lists of characters places weapons and types of magic to the 150 illustrations capturing overlooked details such as armour colours heraldic signs and crests this easy to follow guide to middle earth will ensure you re never baffled by alternate character names confusing mythologies or labyrinthine plots again

their imaginations have been the genesis of our nightmares the elevation to the fantastic realms of our dreams and a reflection of our true selves they are four of the most respected genre authors in the last 50 years it s not that these authors are simply best sellers but have in their own ways transformed our culture and transcended the written word into new media this collection of biographies of j r r tolkien george rr martin neil gaiman stephen king provide a unique look at their achievements and the inspirations for some of their most heralded work

Moments of Grace and Spiritual Warfare in The Lord of the Rings 2012-10-11

my brother s keeper is a collection of essays penned by people interested in educating primarily european church leaders theological educators and missionaries as well as other christian leaders from around the world all of the authors are related to the ministries of tyndale theological seminary the netherlands this book is in honor of missionary hebrew scholar and colleague ellis r brotzman upon his retirement included is material from the fields of biblical studies theological studies and pastoral ministries and missions the articles represent a sampling of the type of teaching provided at tyndale since its beginnings in 1985 as well as a taste of the ongoing research of some of its members most of the authors have many decades of experience primarily as missionary professors throughout europe others include those with pastoral ministry experience in europe and north america theological educators local church leaders and cross cultural workers will find this a worthwhile addition to their personal and school libraries

The Ring and the Cross 2010-12-10

what has jesus christ to do with english literature ask david lyle jeffrey and gregory maillet in this insightful survey first and foremost they reply many of the world s best authors of literature in english were formed for better or worse by the christian tradition then too many of the most recognized aesthetic literary forms derive from biblical exemplars and finally many great works of literature demand of readers evaluative judgments of the good the true and the beautiful that can only rightly be understood within a christian worldview in this book jeffrey and maillet offer a feast of theoretical and practical discernment after an examination of literature and truth theological aesthetics and the literary character of the bible they turn to a brief survey of literature from medieval times to the present highlighting distinctively christian themes and judgments in a concluding chapter they suggest a path for budding literary critics through the current state of literary studies here is a must read for all who are interested in a christian perspective on literary studies
