by the fourteenth century winchester had lost its former eminence but in trades manufactures and population as well as by virtue of its administrative and ecclesiastical role the city was still one of the major provincial centres in england this survey is based on a reconstruction of the histories of the houses plots gardens and fields in the city and suburbs between c 1300 and c 1540 although in many instances both earlier and later periods are also covered the reconstruction takes the form of a gazetteer part ii of 1 128 histories of properties together with accounts of 56 parish churches and the international fair of st giles all illustrated by detailed maps there is also a biographical register part iii concerning more than 8 000 property holders most of whom lived in winchester this is the first time that it has been possible to piece together such a precise and detailed picture of both the topography and the inhabitants of a medieval town part i of the book contains a full discussion of the significance of this material and in a manner relevant to an understanding of life in medieval towns in general describes and defines such matters as the evolution of the physical environment housing land tenure property values the parochial structure the practice and organization of trades and the ways in which the citizens of winchester adapted to the declining status of their city the first section of the book contains seven original essays arranged in order to coincide with bill s chronological professional career these essays cover a wide variety of real estate topics including valuation theory definition of market value market analysis the appraisal process role of the appraiser as an expert witness valuation under environmental contamination and international real estate issues the second section of the book reprints eleven of bill s most influential papers selected with the help of forty of his colleagues these articles written by bill and various co authors represent only a portion of his contributions to real estate theory and practice they are classics in real estate education the final section contains personal reflections by colleagues family and friends of bill one of bill s most influential publications is his classic text income property valuation and is frequently cited in the testimonials these testimonials provide clear evidence that bill was an excellent teacher and real estate professional he truly cared about his students and colleagues and worked hard to move the real estate profession forward multi owned properties make up an ever increasing proportion of commercial tourist and residential development in both urban and rural landscapes around the world this book critically analyses the legal social and economic complexities of strata or community title schemes at a time when countries such as australia and the united states turn ever larger areas into strata title condominiums and community title homeowner associations this book shows how governments the judiciary and citizens need to better understand the ramifications of these private communities whilst most strata title analysis has been technical focusing on specific sections of legislation this book provides higher level analysis discussing the wider economic social and political implications of australia s strata and community title law in particular the book argues that private by laws however desirable to initial parties are often economically inefficient and socially regressive when enforced against an ever changing group of owners the book will be of particular interest to scholars and legal practitioners of property law in australia but as the australian strata title model has formed the basis for legislation in many countries the book draws out lessons and analysis that will be of use to those studying privately owned communities across the world includes the decisions of the supreme courts of massachusetts ohio indiana and illinois and court of appeals of new york may july 1891 mar apr 1936 appellate court of indiana dec 1926 feb 1927 mar apr 1936 courts of appeals of ohio a thorough and painstaking biography of the nineteenth century poet who helped launch the romantic movement in england the daily mail uk together with samuel taylor coleridge william wordsworth pioneered a new poetic form that celebrated nature and prized freedom emotion and individuality the force of his aesthetic

and intellectual influence was pervasive reaching from music and art to science politics and history drawing on the published letters and diaries of wordsworth and his sister dorothy and of their contemporaries coleridge and southey this full length biography of the poet s life and times also draws on the author s own knowledge of the lake district which was central to wordsworth s life hunter davies discusses wordsworth s much debated relationship with his sister tells the story of his affair with annette vallon and describes in detail william s life with his wife mary readers will also learn of the poet s family life at grasmere and rydal his political activities his formative meeting with coleridge in the west country and his other travels a new biography of william shakespeare that explores his private life in stratford upon avon his personal aspirations his self determination and his relations with the members of his family and his neighbours the private life of william shakespeare tells the story of shakespeare in stratford as a family man the book offers close readings of key documents associated with shakespeare and develops a contextual understanding of the genres from which these documents emerge it reconsiders clusters of evidence that have been held to prove some persistent biographical fables it also shows how the histories of some of shakespeare s neighbours illuminate aspects of his own life throughout we encounter a shakespeare who consciously and with purpose designed his life having witnessed the business failures of his merchant father he determined not to follow his father s model his early wedding freed him from craft training to pursue a literary career his wife s work and probably the assistance of his parents and brothers enabled him to make the first of the property purchases that grounded his life as a gentleman with his will he provided for both his daughters in ways that were suitable to their circumstances anne shakespeare was already protected by dower rights in the houses and lands he had acquired his funerary monument suggests that the man of small latin and less greek in fact had some experience of an oxford education evidences are that he commissioned the monument himself in rural great ayton william bradley is sent to live with his ageing grandparents away from his burdened mother who has too many mouths to feed and a drunken husband to support adjusting to a new life william aspires to follow in his grandfather s footsteps in the mining business he also falls for a beautiful girl susan but heartbreak is in store when susan reveals her own ambitions for advancement in life william makes his mark in the mining business but discovers that his vocation may lie elsewhere than in mining whinstone when william is struck by a series of tragedies he is forced to evaluate his future and make some challenging decisions full of the vigour of youth william leaves the safety of everything he has known and forges a new life with surprising results this beautifully structured book presents the essentials of william and caroline herschel s pioneering achievements in late 18th century astronomy michael hoskin shows that william herschel was the first observational cosmologist and one of the first observers to attack the sidereal universe beyond the solar system herschel built instruments far better than any being used at the royal observatory aided by his sister caroline he commenced a great systematic survey that led to his discovery of uranus in 1781 unlike observers before him whose telescopes did not reveal them as astronomical objects herschel did not ignore misty patches of light hoskins points out herschel s achievement in surveying cataloguing and describing them as nebulae and even coming to the correct conclusion that their structure evolved over time with newton s gravity being the agent of change herschel s surveys established a new astronomy looking at the universe rather than the planets michael hoskin s account includes sketches and diagrams from herschel s manuscripts in the royal astronomical society archives in which he attempts to delineate the structure of the milky way galaxy while it is well known that herschel was a revolutionary in telescope design who constructed the world s largest telescopes hoskin also gives the full picture of the man as an entrepreneur who built and traded some 400 telescopes hoskin also pays close attention to the role of william s sister caroline herschel who is usually portrayed as a helpmate to her brother but in fact she became a significant astronomer in her own right this book also offers a wealth of information of the wider herschel family it is enriched by a complete set of portraits of william and caroline herschel with an extensive set of images of their residences and closes with a charming

appendix on how visitors to the herschels recorded their encounters william and caroline herschel pioneers in late 18th century astronomy will appeal to amateur astronomers and all those interested in popular astronomy this book will rapidly establish itself as the primary introductory work for students astronomers and scholars working on the history of natural science in the late 18th century it may seem like a recent trend but the businesses have been practising compassionate capitalism for nearly a thousand years based on the recently discovered historical documents on cambridge s sophisticated urban property market during the commercial revolution in the thirteenth century this book explores how successful entrepreneurs employed the wealth they had accumulated to the benefit of the community cutting across disciplines from economic and business history to entrepreneurship philanthropy and medieval studies this outstanding study presents an invaluable contribution to our knowledge of the early phases of capitalism the cambridge hundred rolls sources volume a companion replacing the previous incomplete and inaccurate transcription by the record commission of 1818 is also now available from bristol university press who was william shakespeare how much do we really know about him and how much of what is believed is myth this unique biography takes the reader step by step through shakespeare s life setting out the evidence and what we can reasonably infer about him it reminds the reader about the world he lived in such as that standard spelling of words did not exist in his time and shows how we must think carefully before applying modern ideas to explain his life 1 this ambitious work chronicles 250 years of the cromartie family genealogical history included in the index of nearly fifty thousand names are the current generations and all of those preceding which trace ancestry to our family patriarch william cromartie who was born in 1731 in orkney scotland and his second wife ruhamah doane who was born in 1745 arriving in america in 1758 william cromartie settled and developed a plantation on south river a tributary of the cape fear near wilmington north carolina on april 2 1766 william married ruhamah doane a fifth generation descendant of a mayflower passenger to plymouth stephen hopkins if cromartie is your last name or that of one of your blood relatives it is almost certain that you can trace your ancestry to one of the thirteen children of william cromartie his first wife and ruhamah doane who became the founding ancestors of our cromartie family in america william jr james thankful elizabeth hannah ruhamah alexander john margaret nancy mary catherine jean peter patrick and ann e cromartie these four volumes hold an account of the descent of each of these first generation cromarties in america including personal anecdotes photographs copies of family bibles wills and other historical documents their pages hold a personal record of our ancestors and where you belong in the cromartie family tree lane here illuminates the african american experience through a close look at a single city once the metropolitan headquarters of black america now typical of many he recognizes that urban history offers more clues both to modern accomplishments and to modern problems than the dead past of rural slavery the book s historical section is based on hundreds of newly discovered scrapbooks kept by william henry dorsey philadelphia s first black historian these provide an intimate and comprehensive view of the critical period between the civil war and about 1900 when african americans formally free and increasingly urban made the biggest educational and occupational gains in history dorsey s tens of thousands of newspaper clippings and other sources detail records of high culture and low success and scandal personal and public life in the final chapters lane outlines the urban situation today the strong parallels between past and present that suggest the power of continuity and the equally strong differences that point to the possibility of change this book is a study of william de la pole the first english royal banker e b fryde discusses pole s role as a merchant and financier his political influence and the social preeminence he gained for himself and his family the book addresses the growing significance of england s merchant class in financial and governmental affairs and examines the origins of one of the country s great families of the late medieval period what is the relationship between ontology and modality between what there is and what there could be must be or might have been bob hale interwove these two strands of metaphysics throughout his long and distinguished career putting forward his theses in his book

necessary beings an essay on ontology modality and the relations between them oup 2013 hale addressed questions of ontology and modality on a number of fronts through the development of a fregean approach to ontology an essentialist theory of modality and in his work on neo logicism in the philosophy of mathematics the essays in this volume engage with these themes in hale s work in order to progress our understanding of ontology modality and the relations between them some directly address questions in modal metaphysics drawing on ontological concerns while others raise questions in modal epistemology and of its links to matters of ontology such as the challenge to give an epistemology of essence several essays also engage with questions of what might be called modal ontology the study of whether and what things exist necessarily or contingently such issues have an important bearing on the kinds of semantic commitments engendered in logic and mathematics to the existence of sets or numbers or properties and so on and the extent to which one s ontology of necessary beings interacts with other plausible assumptions and commitments v 1 11 house of lords 1677 1865 v 12 20 privy council including indian appeals 1809 1865 v 21 47 chancery including collateral reports 1557 1865 v 48 55 rolls court 1829 1865 v 56 71 vice chancellors courts 1815 1865 v 72 122 king s bench 1378 1865 v 123 144 common pleas 1486 1865 v 145 160 exchequer 1220 1865 v 161 167 ecclesiastical 1752 1857 admiralty 1776 1840 and probate and divorce 1858 1865 v 168 169 crown cases 1743 1865 v 170 176 nisi prius 1688 1867 misunderstandings between races hostilities between cultures anxiety from living in a time of war in one s own land being accused of profiteering when food was scarce unruly residents in a remote frontier community charged with speaking the unspeakable and publishing the unprintable all of this can be found in the life of one man william pynchon the puritan entrepreneur and founder of springfield massachusetts in 1636 two things in particular stand out in pynchon s pioneering life he enjoyed extraordinary and uniquely positive relationships with native peoples and he wrote the first book banned and burned in boston now for the first time this book provides a comprehensive account of pynchon s story beginning in england through his new england adventures to his return home discover the fabric of his times and the roles pynchon played in the puritan venture in old england and new england the story of the arthur family of limerick who are the only arthur family who originated in ireland the family were successful merchants in limerick city for hundreds of years this story follows them in so far as possible down to the present day it is a family who now have members in many different places all over the world

Survey of Medieval Winchester 1985 by the fourteenth century winchester had lost its former eminence but in trades manufactures and population as well as by virtue of its administrative and ecclesiastical role the city was still one of the major provincial centres in england this survey is based on a reconstruction of the histories of the houses plots gardens and fields in the city and suburbs between c 1300 and c 1540 although in many instances both earlier and later periods are also covered the reconstruction takes the form of a gazetteer part ii of 1 128 histories of properties together with accounts of 56 parish churches and the international fair of st giles all illustrated by detailed maps there is also a biographical register part iii concerning more than 8 000 property holders most of whom lived in winchester this is the first time that it has been possible to piece together such a precise and detailed picture of both the topography and the inhabitants of a medieval town part i of the book contains a full discussion of the significance of this material and in a manner relevant to an understanding of life in medieval towns in general describes and defines such matters as the evolution of the physical environment housing land tenure property values the parochial structure the practice and organization of trades and the ways in which the citizens of winchester adapted to the declining status of their city

Essays in Honor of William N. Kinnard, Jr. 2012-12-06 the first section of the book contains seven original essays arranged in order to coincide with bill s chronological professional career these essays cover a wide variety of real estate topics including valuation theory definition of market value market analysis the appraisal process role of the appraiser as an expert witness valuation under environmental contamination and international real estate issues the second section of the book reprints eleven of bill s most influential papers selected with the help of forty of his colleagues these articles written by bill and various co authors represent only a portion of his contributions to real estate theory and practice they are classics in real estate education the final section contains personal reflections by colleagues family and friends of bill one of bill s most influential publications is his classic text income property valuation and is frequently cited in the testimonials these testimonials provide clear evidence that bill was an excellent teacher and real estate professional he truly cared about his students and colleagues and worked hard to move the real estate profession forward

Strata Title Property Rights 2016-12-19 multi owned properties make up an ever increasing proportion of commercial tourist and residential development in both urban and rural landscapes around the world this book critically analyses the legal social and economic complexities of strata or community title schemes at a time when countries such as australia and the united states turn ever larger areas into strata title condominiums and community title homeowner associations this book shows how governments the judiciary and citizens need to better understand the ramifications of these private communities whilst most strata title analysis has been technical focusing on specific sections of legislation this book provides higher level analysis discussing the wider economic social and political implications of australia s strata and community title law in particular the book argues that private by laws however desirable to initial parties are often economically inefficient and socially regressive when enforced against an ever changing group of owners the book will be of particular interest to scholars and legal practitioners of property law in australia but as the australian strata title model has formed the basis for legislation in many countries the book draws out lessons and analysis that will be of use to those studying privately owned communities across the world

Building 34-35, Harpers Ferry National Historical Park, Harpers Ferry, West Virginia 1995 a thorough and painstaking biography of the nineteenth century poet who helped launch the romantic movement in england the daily mail uk together with samuel taylor coleridge william wordsworth pioneered a new poetic form that celebrated nature and prized freedom emotion and individuality

the force of his aesthetic and intellectual influence was pervasive reaching from music and art to science politics and history drawing on the published letters and diaries of wordsworth and his sister dorothy and of their contemporaries coleridge and southey this full length biography of the poet s life and times also draws on the author s own knowledge of the lake district which was central to wordsworth s life hunter davies discusses wordsworth s much debated relationship with his sister tells the story of his affair with annette vallon and describes in detail william s life with his wife mary readers will also learn of the poet s family life at grasmere and rydal his political activities his formative meeting with coleridge in the west country and his other travels

The Northeastern Reporter 1895 a new biography of william shakespeare that explores his private life in stratford upon avon his personal aspirations his self determination and his relations with the members of his family and his neighbours the private life of william shakespeare tells the story of shakespeare in stratford as a family man the book offers close readings of key documents associated with shakespeare and develops a contextual understanding of the genres from which these documents emerge it reconsiders clusters of evidence that have been held to prove some persistent biographical fables it also shows how the histories of some of shakespeare s neighbours illuminate aspects of his own life throughout we encounter a shakespeare who consciously and with purpose designed his life having witnessed the business failures of his merchant father he determined not to follow his father s model his early wedding freed him from craft training to pursue a literary career his wife s work and probably the assistance of his parents and brothers enabled him to make the first of the property purchases that grounded his life as a gentleman with his will he provided for both his daughters in ways that were suitable to their circumstances anne shakespeare was already protected by dower rights in the houses and lands he had acquired his funerary monument suggests that the man of small latin and less greek in fact had some experience of an oxford education evidences are that he commissioned the monument himself

The Jurist 1846 in rural great ayton william bradley is sent to live with his ageing grandparents away from his burdened mother who has too many mouths to feed and a drunken husband to support adjusting to a new life william aspires to follow in his grandfather s footsteps in the mining business he also falls for a beautiful girl susan but heartbreak is in store when susan reveals her own ambitions for advancement in life william makes his mark in the mining business but discovers that his vocation may lie elsewhere than in mining whinstone when william is struck by a series of tragedies he is forced to evaluate his future and make some challenging decisions full of the vigour of youth william leaves the safety of everything he has known and forges a new life with surprising results

Real Estate Record and Builders' Guide 1884 this beautifully structured book presents the essentials of william and caroline herschel s pioneering achievements in late 18th century astronomy michael hoskin shows that william herschel was the first observational cosmologist and one of the first observers to attack the sidereal universe beyond the solar system herschel built instruments far better than any being used at the royal observatory aided by his sister caroline he commenced a great systematic survey that led to his discovery of uranus in 1781 unlike observers before him whose telescopes did not reveal them as astronomical objects herschel did not ignore misty patches of light hoskins points out herschel s achievement in surveying cataloguing and describing them as nebulae and even coming to the correct conclusion that their structure evolved over time with newton s gravity being the agent of change herschel s surveys established a new astronomy looking at the universe rather than the planets michael hoskin s account includes sketches and diagrams from herschel s manuscripts in the royal astronomical society archives in which he attempts to delineate the structure of the milky way galaxy while it is well known that herschel was a revolutionary in telescope design who constructed the world s largest telescopes hoskin also gives the full picture of the man as an entrepreneur who built and traded some 400 telescopes hoskin also pays close attention to the role of william s sister caroline herschel who is usually portrayed as a helpmate to her brother but in fact she became a significant astronomer in her own right this book also offers a wealth of

information of the wider herschel family it is enriched by a complete set of portraits of william and caroline herschel with an extensive set of images of their residences and closes with a charming appendix on how visitors to the herschels recorded their encounters william and caroline herschel pioneers in late 18th century astronomy will appeal to amateur astronomers and all those interested in popular astronomy this book will rapidly establish itself as the primary introductory work for students astronomers and scholars working on the history of natural science in the late 18th century

A catalogue of ... books, formerly the property of ... William Harris [and others. Bookseller's catal.].

1832 it may seem like a recent trend but the businesses have been practising compassionate capitalism for nearly a thousand years based on the recently discovered historical documents on cambridge s sophisticated urban property market during the commercial revolution in the thirteenth century this book explores how successful entrepreneurs employed the wealth they had accumulated to the benefit of the community cutting across disciplines from economic and business history to entrepreneurship philanthropy and medieval studies this outstanding study presents an invaluable contribution to our knowledge of the early phases of capitalism the cambridge hundred rolls sources volume a companion replacing the previous incomplete and inaccurate transcription by the record commission of 1818 is also now available from bristol university press

William Wordsworth 2009-07-21 who was william shakespeare how much do we really know about him and how much of what is believed is myth this unique biography takes the reader step by step through shakespeare s life setting out the evidence and what we can reasonably infer about him it reminds the reader about the world he lived in such as that standard spelling of words did not exist in his time and shows how we must think carefully before applying modern ideas to explain his life

The Law of Community Property in California 1950 1

Connecticut Reports 1886 this ambitious work chronicles 250 years of the cromartie family genealogical history included in the index of nearly fifty thousand names are the current generations and all of those preceding which trace ancestry to our family patriarch william cromartie who was born in 1731 in orkney scotland and his second wife ruhamah doane who was born in 1745 arriving in america in 1758 william cromartie settled and developed a plantation on south river a tributary of the cape fear near wilmington north carolina on april 2 1766 william married ruhamah doane a fifth generation descendant of a mayflower passenger to plymouth stephen hopkins if cromartie is your last name or that of one of your blood relatives it is almost certain that you can trace your ancestry to one of the thirteen children of william cromartie his first wife and ruhamah doane who became the founding ancestors of our cromartie family in america william jr james thankful elizabeth hannah ruhamah alexander john margaret nancy mary catherine jean peter patrick and ann e cromartie these four volumes hold an account of the descent of each of these first generation cromarties in america including personal anecdotes photographs copies of family bibles wills and other historical documents their pages hold a personal record of our ancestors and where you belong in the cromartie family tree

Reports of Cases Argued and Determined in the Supreme Court of Errors of the State of Connecticut 1886 lane here illuminates the african american experience through a close look at a single city once the metropolitan headquarters of black america now typical of many he recognizes that urban history offers more clues both to modern accomplishments and to modern problems than the dead past of rural slavery the book s historical section is based on hundreds of newly discovered scrapbooks kept by william henry dorsey philadelphia s first black historian these provide an intimate and comprehensive view of the critical period between the civil war and about 1900 when african americans formally free and increasingly urban made the biggest educational and occupational gains in history dorsey s tens of thousands of newspaper clippings and other sources detail records of high culture and low success and scandal personal and public life in the final chapters lane outlines the urban situation today the strong parallels between past and present that suggest the power of continuity and the equally strong differences that point to the possibility of change

The Atlantic Reporter 1892 this book is a study of william de la pole the first english royal banker e b

fryde discusses pole s role as a merchant and financier his political influence and the social preeminence he gained for himself and his family the book addresses the growing significance of england s merchant class in financial and governmental affairs and examines the origins of one of the country s great families of the late medieval period

The Private Life of William Shakespeare 2021-08-26 what is the relationship between ontology and modality between what there is and what there could be must be or might have been bob hale interwove these two strands of metaphysics throughout his long and distinguished career putting forward his theses in his book necessary beings an essay on ontology modality and the relations between them oup 2013 hale addressed questions of ontology and modality on a number of fronts through the development of a fregean approach to ontology an essentialist theory of modality and in his work on neo logicism in the philosophy of mathematics the essays in this volume engage with these themes in hale s work in order to progress our understanding of ontology modality and the relations between them some directly address questions in modal metaphysics drawing on ontological concerns while others raise questions in modal epistemology and of its links to matters of ontology such as the challenge to give an epistemology of essence several essays also engage with questions of what might be called modal ontology the study of whether and what things exist necessarily or contingently such issues have an important bearing on the kinds of semantic commitments engendered in logic and mathematics to the existence of sets or numbers or properties and so on and the extent to which one s ontology of necessary beings interacts with other plausible assumptions and commitments
