*Il suo drago rock star* 2017-05-07 la maggioranza delle persone ha idee rozze o distorte sul carattere e la posizione dello spirito pensano che lo spirito non abbia alcun ruolo negli affari mondani e che possa essere conosciuto da una persona solo dopo la sua morte ma Gesù disse Dio è spirito disse anche il regno di Dio è dentro di voi la scienza ci dice che c'è una vita universale che anima e sostiene tutte le forme dell'universo la scienza ha fatto breccia nell'atomo e lo ha rivelato carico di un'energia tremenda che può essere liberata e resa capace di dare agli abitanti della terra poteri oltre l'espressione quando la sua legge di espressione sarà scoperta Gesù evidentemente sapeva di questa energia nascosta nella materia e ha usato la sua conoscenza per fare i cosiddetti miracoli i nostri scienziati moderni dicono che una sola goccia d'acqua contiene abbastanza energia latente da far saltare un edificio di dieci piani questa energia la cui esistenza è stata scoperta dagli scienziati moderni è lo stesso tipo di energia spirituale che era conosciuta da Elia Eliseo e Gesù e utilizzata da loro per compiere miracoli la scienza sta scoprendo la dinamica miracolosa della religione ma la scienza non ha ancora compreso il potere direttivo dinamico del pensiero dell'uomo tutti i cosiddetti operatori di miracoli affermano di non produrre da soli i risultati meravigliosi di essere solo gli strumenti di un'entità superiore Gesù non sosteneva di avere l'esclusivo potere soprannaturale che gli viene solitamente attribuito aveva esplorato l'energia eterea che chiamava il regno dei cieli la sua comprensione era al di là di quella dell'uomo medio ma sapeva che altri uomini potevano fare quello che lui faceva se solo ci avessero provato incoraggiò i suoi seguaci a prenderlo come centro della fede e ad usare il potere del pensiero e della parola chi crede in me farà anche lui le opere che io faccio e ne farà di più grandi la grande rinascita moderna della guarigione divina è dovuta all'applicazione della stessa legge che usò Gesù egli esigeva la fede da parte di coloro che guariva e con quella fede come punto di contatto mentale e spirituale liberava l'energia latente nella struttura atomica dei suoi pazienti ed essi venivano restituiti alla vita e alla salute abbiate fede nel potere della vostra mente di penetrare e liberare l'energia che è repressa negli atomi del vostro corpo e sarete sbalorditi dalla risposta le funzioni paralizzate in qualsiasi parte del corpo possono essere ripristinate all'azione parlando all'intelligenza e alla vita spirituale dentro di loro

Bulletino Senese Di Storia Patria 1896 in italy to argentina travel writing and emigrant colonialism tullio pagano examines italian emigration to argentina and the rio de la plata region through the writings of italian economists poets anthropologists and political activists from the 1860s to the beginning of world war i he shows that italians played an important role in the so called conquest of the desert which led to argentina s economic expansion and the suppression and killing of the remaining indigenous population many of the texts he discusses have hardly been studied before from paolo mantegazza s real and imaginary travel narratives at the time of italian unification to gina lombroso s descriptions of brazil uruguay and argentina in early 1900s pagano questions the apparent opposition between diaspora and empire and argues that there was a continuity between the peaceful conquest though spontaneous emigration envisioned by italian liberal intellectuals at the turn of the century and the military colonialism of italian nationalists and fascists he shows that racist assumptions about native american and creole cultures were present in the work of progressive authors like edmondo de amicis whose writings became enormously popular in argentina and anarchist militants and legal scholars like pietro gori who founded the first revolutionary unions in buenos aires while remaining dangerously attached to cesare lombroso s theories of atavism and primitivism the growl of italian emigrants about to land in argentina found in dino campana s poem buenos aires 1907 echoes throughout pagano s book and encourages the reader to explore the apparent oxymoron of emigration colonialism and the role of literature and public media in the formation of our social imaginary italy to argentina shows meticulous bibliographic work and is attentive to both fundamental and marginal texts in a double task on the one hand of textual analysis and on the other of rescuing and recovering a corpus forgotten by critics even when it is highly significant it is then a research work that addresses the italian emigration to argentina from an original point of view linking texts that have not been studied or that have not been sufficiently analyzed fernanda elisa bravo herrera author of huellas y recorridos de una utopía la emigración italiana en la argentina from boccadasse to la boca tullio pagano complexifies the relationship between diaspora and colonialism in the context of italian migration to south america in six thematic chapters pagano explores the thought of authors on and off the canon such diverse voices lead the reader to a new approach to the study of emigrant colonialism and creole studies towards a deeper more realistic understanding of the conquest of the desert that italian emigrants wanted to perform in argentina giuseppe gazzola stony brook university

**Cuba** 2012 cardinal giovanni morone 1509 80 remains one of the most intriguing characters in the history of the sixteenth century catholic church with neither his contemporaries nor subsequent scholars being able to agree on his motivations theology or his legacy appointed bishop of modena in 1529 and created cardinal in 1542 by pope paul iii his glittering career appeared to be in ruins following his arrest in 1557 on charges of heresy yet despite spending more than two years imprisoned in castel sant angelo he managed to resurrect his career and in 1563 was appointed principal legate to the council of trent whereupon he resolved the difficulties besetting the council which had brought it to a virtual standstill and guided it to a successful conclusion concentrating largely but by no means exclusively upon the period of the pontificate of pius iv 1559 65 and an evaluation of morone s role as presiding legate at the council of trent this book tackles a number of issues that have exercised scholars how does morone s activity at trent in 1563 now look in the light of the information available in connection with his processo what was the result of the wider activity of morone and the spirituali during pius pontificate how did morone s career progress after trent with regards his actions as a diocesan in the immediate post conciliar situation and his renewed difficulties in the pontificate of pius v through a re reading of important archival material and a re examination of the wealth of recently published primary sources this study revisits these key questions and analyses the fluctuating fortunes of morone s career as bishop diplomat heretic and cardinal legate

classical heritage is a theme to which he has devoted and continues to devote much energy all the essays here in some way explore this notion of transformation the late antique ability to turn the past to new uses and to set its wealth of principle and insight to work in new settings to begin there is the very notion of what it meant to be roman and how that notion changed subsequent chapters suggest ways in which fundamental characteristics of roman society were given new form not least under the impact of a christian polity augustine naturally finds his place and here the emphasis is on the unfettered stance that he took in the face of more broadly held convictions on miracles for example and the errors of the pagan past the discussion then moves on to
