analysing different conflicts in late medieval alexandria this book offers new insights into the micro mechanics of venetian life and trade in egypt and recalibrates the narrative of the strictly regulated and often violent contacts between east and west this thorough microanalysis based on the private archive of a venetian merchant and consul in alexandria read in conjunction with other venetian and mamluk sources provides a differentiated image of conflict patterns cutting across the cultural divide it transforms our image of alexandria as a city at the intersection of orient and occident into that of a microcosm in its own right where disputes did not always fall neatly along cultural divides and conflicts were traded as much as trade created conflicts

## **British Emigration, 1603-1914**

2004-10-15

japan has enormous economic power and yet is a minor player in international politics in part this has been due to the partnership with us but now with the end of cold war there is a fierce debate going on in japan regarding the international political role for the nation this book is a response to the issues raised and was originally published in japanese for a japanese audience ronald dore provides a full analysis of japan s post war international position and in particular its role within the un the use of armed force and constitution japan internationalism and the un provides a unique insight into japan s foreign policy and its related domestic politics it is the product of nearly half a century of study and discussion with the japanese themselves about their place in the world

## **Psychosocial Assessment in Mental Health**

2017-03-13

first published in 2007 lies damned lies and drug war statistics critically analyzed claims made by the office of national drug control policy ondcp the white house agency of accountability in the nation s drug war since 1989 as found in the six editions of the annual national drug control strategy between 2000 and 2005 in this revised and updated second edition of their critically acclaimed work matthew b robinson and renee g scherlen examine seven more recent editions 2006 2012 to once again determine if ondcp accurately and honestly presents information or intentionally distorts evidence to justify continuing the drug war they uncover the many ways in which ondcp manipulates statistics and visually presents that information to the public their analysis demonstrates a drug war that consistently fails to reduce drug use drug fatalities or illnesses associated with drug use fails to provide treatment for drug dependent users and drives up the prices of drugs they conclude with policy recommendations for reforming ondcp s use of statistics as well as how the nation fights the war on drugs
