## Social and Cultural Aspects of the Circular Economy *2022-06-15*

this collection of essays brings together discussions arguing that the circular economy must be linked to society and culture in order to create a viable concept for remodelling the economy covering a diverse range of topics and regions including cities and living food and human waste packaging and law fashion design and art this book provides a multi layered examination of circularity transitioning to a circular economy reducing resource input and waste and narrowing material and energy loops are becoming an increasingly important targets to combat decades of unsustainable models of consumption however they will require a significant shift in social and cultural thinking and these dimensions have not yet been factored into policy debates and frameworks while recognising the key role of individual consumers and their behaviours the book goes beyond this singular perspective to provide equal focus on institutional and political structures as necessary drivers for real change social and cultural aspects of the circular economy argues for a social and solidarity economy sse to combine individual actions with a wider cultural shift it will be an important read for scholars researchers students and policy makers in the circular economy waste studies consumption and other environmentally focused social sciences

## **Tank Vessels and Marine Terminal Facilities for Oil and Liquefied Natural Gas** *1977*

further relates to white paper equity and excellence liberating the nhs cm 7881 isbn 9780101788120 an earlier report on this topic by the committee published as hc 513 i session 2010 11 isbn 9780215555960 additional written evidence is contained in vol 2 available on the committee s website at parliament uk healthcom

## **Commissioning** *2011-04-05*

from 1 april 2013 local government will have a responsibility to improve the health and wellbeing of local people councils are well placed to make the most of a move away from a medical model of health based on clinical treatment to a social model based on health promotion protection and disease prevention central to the new system will be health and wellbeing boards whose members include councillors gps directors of local services and community groups they will need to focus on health promotion among all age groups with few powers and no budget to commission services themselves they will have to display leadership build relationships and use their influence locally to turn their health and wellbeing strategies into reality health and wellbeing boards will be part of a complex new structure and it is still unclear who will be in charge locally in the event of a health emergency new arrangements for screening and immunisation services lack a local dimension these services along with public health services for children up to five years old and childhood immunisation services could be devolved to public health staff within local government under directors of public health the committee points to weaknesses in the grant formula and the health premium and calls on the government to provide local authorities with community budgets to direct resources at people and places rather than organisations the government also needs to address concerns about local authority and nhs access to each other s data

## **The Role of Local Authorities in Health Issues** *2013-03-27*

drug use is a major challenge for public services healthcare professionals and policy makers all over the world this book offers a complete overview of the issues associated with substance misuse from an interdisciplinary perspective it begins by providing a reference guide to the different psychoactive substances looking at the biological and psychological impact of their use key issues in the effect drugs have on society are then addressed before outlining methods of recovery and therapy chapters include reflective questions to challenge readers assumptions case studies to help students understand the impact of substances on individuals links to further resources to expand readers knowledge it will be valuable reading for those studying on degrees in criminology health nursing social work and counselling
