 strategic sustainability examines how organizations can implement  
 environmental sustainability science theories and ways of thinking to  
 become more competitive including examples and ideas implemented in  
 various countries it is based on known scientific principles about the  
 natural world and organizational principles focusing on the work domain  
 the intersection of these two realms of research creates a powerful and  
 new approach to comprehensive seemingly contradictory issues daniel s  
 fogel draws from disparate fields and creates a story about organizations  
 their future and how people are part of the problem and more importantly  
 part of the solution readers will find ways to take action to improve  
 organizations and avoid denigrating our natural environment learning to  
 be mindful of the urgency we should feel to improve our impact on the  
 world the focus on the natural environment provides a powerful focus for  
 creating value in organizations and addressing the major challenges we  
 all face advanced sustainability students working professionals and board

members managers and legislators responsible for governing organizations or implementing public policy will find this book useful a companion website features an instructor s manual with test questions as well as 38 10 minute videos for classroom use

Nostalgic Hero vol.174 strategic sustainability examines how organizations

can implement environmental sustainability science theories and ways of thinking to become more competitive including examples and ideas

implemented in various countries it is based on known scientific principles about the natural world and organizational principles focusing on the work

domain the intersection of these two realms of research creates a

powerful and new approach to comprehensive seemingly contradictory

issues daniel s fogel draws from disparate fields and creates a story

about organizations their future and how people are part of the problem and more importantly part of the solution readers will find ways to take

action to improve organizations and avoid denigrating our natural

environment learning to be mindful of the urgency we should feel to

improve our impact on the world the focus on the natural environment

provides a powerful focus for creating value in organizations and

addressing the major challenges we all face advanced sustainability

students working professionals and board members managers and

legislators responsible for governing organizations or implementing public

policy will find this book useful a companion website features an instructor

s manual with test questions as well as 38 10 minute videos for

classroom use
