learn the fundamentals of powershell to build reusable
scripts and functions to automate administrative tasks with
windows about this book harness the capabilities of the
powershell system to get started quickly with server
automation learn to package commands into a reusable script
and add control structures and parameters to make them
flexible get to grips with cmdlets that allow you to perform
administration tasks efficiently who this book is for this
book is intended for windows administrators or devops users
who need to use powershell to automate tasks whether you know
nothing about powershell or know just enough to get by this
guide will give you what you need to go to take your
scripting to the next level what you will learn learn to
verify your installed version of powershell upgrade it and
start a powershell session using the ise discover powershell
commands and cmdlets and understand powershell formatting use
the powershell help system to understand what particular
cmdlets do utilise the pipeline to perform typical data
manipulation package your code in scripts functions and
modules solve common problems using basic file input output
functions find system information with wmi and cim automate
iis functionality and manage it using the webadministration
module in detail windows powershell is a task based command
line shell and scripting language designed specifically for
system administration built on the net framework windows
powershell helps it professionals and power users control and
automate the administration of the windows operating system
and applications that run on windows powershell is great for
batch importing or deleting large sets of user accounts and
will let you collect a massive amount of detailed system
information in bulk via wmi windows management
instrumentation getting started with powershell is designed
to help you get up and running with powershell taking you
from the basics of installation to writing scripts and web
server automation this book as an introduction to the central

topics of powershell covers finding and understanding powershell commands and packaging code for reusability right through to a practical example of automating iis it also includes topics such as installation and setup creating scripts automating tasks and using powershell to access data stores registry and file systems you will explore the powershell environment and discover how to use cmdlets functions and scripts to automate windows systems along the way you will learn to perform data manipulation and solve common problems using basic file input output functions by the end of this book you will be familiar with powershell and be able to utilize the lessons learned from the book to automate your servers style and approach a practical learning guide complete with plenty of activities examples and screenshots

louisiana coffeewith lots of cream is dr betty reynolds fifth book to be published not surprisingly this book is not about coffee nor is it about cream instead it is a delightful medley of intriguing tales covering four generations of a new orleans creole family since creole usually denotes a mixing of bloods the color of their skin can be as varied as the color of ones coffee ranging from dark dark chocolate to the lightest of rich cream this fictional memoir appropriately starts a hundred years ago in new orleansthe home of the family matriarch bertha mayberry berthas story is a mysterious one that she preferred to be kept locked among other family secrets she was particularly sensitive about having to reveal her misfortune of being trapped in a bordello when she first arrived in new orleans as a young girl her romantic rescue ended in tragedy but she did transcend in the end and married a popular black jazz musician named william sweetwater lewis together they gained respectability by working hard and providing their five daughters with a good education a passion for music and a young life filled with parties and gala events in a city that was known for them berthas children as well as her childrens

children follow their own paths in choosing where and how they will live out their lives their accounts of triumphs and mishaps take you on a fascinating journey to experience the mysteries of black magic in the louisiana swamps a numbers racket in detroit and the casinos in las vegas when the mob was in control some leave the safety of their ancestral home on bourbon street to carve out new lives in other far away places such as the jersey shores philadelphia or new york whatever their destination each member of the lewis clan brings to the saga an interesting storyline that shares his her unique motivations desires and actions that sometimes lead to less than favorable consequences louisiana coffeeis meant to inform rather than to alarm it is a tell all fiction that might open some eyes as what goes on in a different world on the other side of the cultural divide
