Strategic Management is a core strategy textbook covering all the major topics, particularly from a global perspective. It delivers comprehensive coverage of the subject in an easy-to-read style with extensive examples and a range of free support material that will help you learn actively and effectively. This eighth edition of Strategic Management builds on proven strengths: over 70 short case studies to provide easily accessible illustrations of strategy in practice; and additional cases available online to provide more in-depth examples of recent strategic decisions involving Sony, Apple, and industry sectors. A continuous contrast between prescriptive and emergent views of strategy to highlight the key debates within the discipline; emphasis on practice throughout with features to help you turn theory into practice; major international strategy cases from Europe, Africa, China, India, Middle East, and the Americas; clear exploration of the key concepts; comprehensive logical structure to guide you through this complex subject; specialist chapters on public, third sector, strategy, green strategy, and sustainability; entrepreneurial strategy and international and global strategy. New for the eighth edition: dynamic capabilities and resource renewal explored in a revised and updated chapter; emergent strategy completely revised in two new chapters, one focusing on innovation and technology and the other exploring knowledge and learning; new material on innovation and strategy in uncertain environments; case studies from large and small organisations from Google, Spotify, and Cadbury to Snapchat, Uber, and green energy companies with 14 new cases; and many cases updated. This new edition also includes a wealth of free online, open access learning resources. Use these materials to enhance and test your knowledge to improve your grades. Online resources include web-based cases with indicative answers, chapter-based support material, long cases, and multiple choice questions. Richard Lynch is Emeritus Professor of Strategic Management at Middlesex University, London. He is an active researcher, lecturer, and consultant, particularly in the area of global strategy and sustainable strategy.

Management 8th Edition with Business Leadership Readers Set 2005-08

Project Management 8e provides a holistic and realistic approach to project management that combines the human aspect and culture of an organization with the tools and methods used. It covers concepts and skills used to propose, plan, secure resources, budget, and lead project teams to successful completion of projects. This text is not only on how the management process works but also, and more importantly, on why it works. It's not intended to specialize by industry type or project scope; rather, it is written for the individual who will be required to manage a variety of projects in a variety of organizational settings. 8e was written for a broad range of audiences, including project managers, students, analysts, and project management institute members preparing for certification exams. The digital component, Connect Now, has enhanced algorithmic problems, application-based activities, SmartBook 2.0, and practice operations, a game-based 3D operations management simulation.
