## **The Godhead: New Scriptural insights on the father the son and the Holy Ghost**

2023-07-17

Carefully crafted, precisely written, and fully documented, this doctrinal resource assembles an abundance of meaningful new scriptural patterns. Have any questions about the nature of the Godhead? Look no further. The Godhead: New Scriptural Insights on the Father, the Son, and the Holy Ghost will not only answer your questions, but it will also intrigue you with insights you may not have pondered before. Christian beliefs about God's attributes and physical natures of Godhead members, individual insights on God, the Son, God the Holy Ghost, and God the Father, and the ultimate objectives of divinity, new doctrines not they've been in the scriptures for centuries, but profound new insights by the hundreds. The Godhead shows historically and scripturally how allegorical interpretation methodologies of Trinity advocates altered the major doctrines of Christianity, causing them to discount the many literal biblical statements concerning the nature of God. Other major contributions of the Godhead include its numerous insights on premortal events, its compilation of hundreds of scriptures showing the physical nature of God, and its in-depth scriptural demonstration that Jesus is Jehovah. More key insights treat the essential attributes of Godhead members, their spirit nature, their threeness and oneness relationships, the varied fatherhood roles of Jesus Christ, the nature of glory, Christ's roles among the Gods, and how mankind can attain godhood. Author Duane S. Crowther is widely known for his in-depth doctrinal studies on many topics, including his books *Prophecy: Key to the Future*, *Life Everlasting*, and *Prophets and Prophecies of the Old Testament*.

the title the righteous shall never be removed was derived from the scripture found in proverbs 10 30 there are many teachings on the land that proclaim that the lord jesus will at some point return to earth and call all the righteous christians out of the earth and take them to heaven this book is not in any way trying to change the doctrine or teaching of any group or church organization but through the author s many years of study and research along with countless hours of prayer he has not yet found this type of teaching in the scriptures it is the author s sincere prayer that this book and its title would in some way give the readers another avenue of prayer or at least open their hearts to seek the face of the lord for the answer to whether or not the teaching they believe in is true the book or its title is not designed to make anyone believe the words written therein but rather to take a second look at what they believe as a pastor bill always tells the congregation not to believe anything he says but to take what he says before the lord and ask him whether or not what he has spoken is true first timothy 2 4 states that god s will is that all men be saved and that all men come into the knowledge of the truth the truth is not found behind the pulpit the truth is not found in the sons of men but the truth is only found in god himself it is bill s prayer that someday all men will stop seeking the hearts of men and start seeking god for the truth

there is a rich tradition of wonderful women and other contemplatives who are great resources for thinking differently about christianity they emphasized divine love human compassion and the radical possibilities of contemplative practices they were not afraid to criticize the church and indeed thought of their challenge as crucial to their faith we do not have to lose faith with the beautiful wisdom of this story of intimate and compassionate love dwelling among us and within us if we do not want to from the acknowledgments and note to readers to those seeking a more open progressive approach to christian faith the christian past can sometimes seem like a desert an empty space devoid of encouragement or example yet in the latter years of the middle ages a quiet flowering of a more accessible positive approach to christian belief took place among a group of female mystics those who emphasized an immediate nonhierarchical experience of the divine in this enlightening volume wendy farley eloquently brings the work of three female mystics marguerite porete mechthild of magdeburg and julian of norwich

into creative conversation with contemporary christian life and thought from alternatives to the standard violent understandings of the atonement to new forms of contemplation and prayer these figures offer us relevant insights through a theology centered on god s love and compassion farley demonstrates how these women can help to refresh and expand our awareness of the depth of divine love that encompasses all creation and dwells in the cavern of every human heart

the middle ages saw a flourishing of mysticism that was astonishing for its richness and distinctiveness the medieval period was unlike any other period of christianity in producing people who frequently claimed visions of christ and mary uttered prophecies gave voice to ecstatic experiences recited poems and songs said to emanate directly from god and changed their ways of life as a result of these special revelations many recipients of these alleged divine gifts were women yet the female contribution to western europe s intellectual and religious development is still not well understood popular or lay religion has been overshadowed by academic theology which was predominantly the theology of men this timely book rectifies the neglect by examining a number of women whose lives exemplify traditions which were central

to medieval theology but whose contributions have tended to be dismissed as merely spiritual by today's scholars in their different ways visionaries like richeldis de faverches founder of the holy house at walsingham or england's nazareth the learned hildegard of bingen hadewijch of brabant exemplary voice of the beguine tradition of love mysticism charismatic traveller and pilgrim margery kempe and anchoress julian of norwich all challenged traditional male scholastic theology designed for the use of undergraduate student and general reader alike this attractive survey provides an introduction to thirteen remarkable women and sets their ideas in context
