do anything to get it in a world where new agers rely on crystals and channeling to tap into spiritual power the christian is reminded that jesus used supernatural power to heal the sick cast out demons and raise the dead two thousand years later the world still desperately needs a savior who works in power however many modern christians are embarrassed and reluctant to preach a gospel accompanied by supernatural power our western worldview conditions us to fit god into a neat predictable mold but kraft is convinced that the power of the gospel will not be confined to our categories step by step he offers a biblical understanding of signs and wonders and shows how christians can become god s instruments to heal the sick to work miracles and to oppose the counterfeit powers of this age there is something that makes christianity with power quite possibly great maybe even a major publishing event to be noted some day when the history of the modern church is written kraft helps us as no one else has in understanding our western worldview in relation to the way the holy spirit is working today Ó from the foreword
