encyclopaedia that the present work inaugurates will make available in one place for the first time detailed information about the universe of camps sub camps and ghettos established and operated by the nazis altogether some 20 000 sites from norway to north africa and from france to russia this volume covers three groups of camps the early camps established in the first year of hitler s rule the major concentration camps with their constellations of sub camps that operated under the control of the ss business administration main office and youth camps overview essays precede entries on individual camps and sub camps each entry provides basic information about the purpose of the site the prisoners guards working and living conditions and key events in its history material drawn from personal testimonies helps convey the character of each site while source citations for each entry provide a path to additional information accounts of significant sites in hungary vichy france italy and other nations part of the multi volume reference praised as a staggering achievement jewish daily forward this third volume in the monumental seven volume encyclopedia prepared by the jack joseph and morton mandel center for advanced holocaust studies at the united states holocaust memorial museum offers a comprehensive account of camps and ghettos in or run by croatia hungary italy romania bulgaria slovakia and vichy france including north africa each entry discusses key events in the history of the ghetto living and working conditions activities of the jewish councils jewish responses to persecution demographic changes and details of the ghetto s liquidation personal testimonies help convey the character of each ghetto while source citations provide a guide to additional information documentation of hundreds of smaller sites previously unknown or overlooked in the historiography of the holocaust make this an indispensable reference work on the destroyed jewish communities of eastern europe the united states holocaust memorial museum encyclopedia of camps and ghettos 1933 1945 volume iv aims to provide as much basic information as possible about individual camps and other detention facilities why were they established who ran them what kinds of prisoners did they hold what kinds of work did the prisoners do and for whom what were the conditions like the entries detail the sources from which the authors drew their material so future scholars can expand upon the work finally and perhaps most important this is a work of memorialization it preserves the histories of places where people suffered and died volume iv examines an under researched segment of the larger nazi incarceration system camps and other detention facilities under the direct control of the german military the wehrmacht these include prisoner of war pow camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for tunisian jews brothels in which women were

forced to have sex with soldiers and prisons and penal camps for wehrmacht personnel most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all the volume also includes an introduction to the german prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of the wehrmacht camp system within the entries the volume draws upon german military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the wehrmacht of particular note is the detailed documentation of the wehrmacht s crimes against soviet prisoners of war which have largely been neglected in the english language literature up to this point despite the fact that more than three million soviet prisoners died in german captivity the volume also provides substantial coverage of the diverse range of conditions encountered by other allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the germans treatment of soviet prisoners and those of other nationalities the volume also details the significant involvement of the wehrmacht in crimes against the civilian populations of occupied europe and north africa as a result this volume not only brings to light many detention sites whose existence has been little known but also advances the decades old process of dismantling the myth of the clean wehrmacht according to which the german military had nothing to do with the holocaust and the nazi regime s other crimes discusses the historical background of the holocaust describes exhibits in the museum and explains why it is important to keep the memory of the holocaust victims alive commemorates the victims of the holocaust contains a description by the architect of the united states holocaust memorial museum its background the holocaust its history and architecture accompanied by photographs and technical drawings winner of the national jewish book award this valuable resource covers an aspect of the holocaust rarely addressed and never in such detail library journal this is the first volume in a monumental seven volume encyclopedia reflecting years of work by the jack joseph and morton mandel center for advanced holocaust studies at the united states holocaust memorial museum which will describe the universe of camps and ghettos many thousands more than previously known that the nazis and their allies operated from norway to north africa and from france to russia for the first time a single reference work will provide detailed information on each individual site this first volume covers three groups of camps the early camps that the nazis established in the first year of hitler s rule the major

ss concentration camps with their constellations of subcamps and the special camps for polish and german children and adolescents overview essays provide context for each category while each camp entry provides basic information about the site s purpose prisoners guards working and living conditions and key events in the camp s history material from personal testimonies helps convey the character of the site while source citations provide a path to additional information explores how the ushmm and other museums and memorials both displace and disturb the memories that they are trying to commemorate figures of memory examines how the united states holocaust memorial museum ushmm in washington dc uses its space and the design of its exhibits to move its visitors to memory from the objects and their placement to the architectural design of the building and the floor plan the ushmm was meant to teach visitors about the holocaust but what michael bernard donals found is that while they learn and remember the holocaust visitors also call to mind other sometimes unrelated memories partly this is because memory itself works in multidirectional ways but partly it s because of decisions made in the planning that led to the creation of the museum drawing on material from the ushmm s institutional archive including meeting minutes architectural renderings visitor surveys and comments left by visitors figures of memory is both a theoretical exploration of memory its relation to identity space and ethics and a practical analysis of one of the most discussed memorials in the united states the book also extends recent discussions of the rhetoric of memorial sites and museums by arguing that sites like the ushmm don t so much make a case for events through the act of memorialization but actually displace memory disturbing it and the museum visitor so much so that they call it into question memory like rhetorical figures moves and the ushmm moves its visitors figuratively and literally both to and beyond the events the museum is meant to commemorate michael bernard donals is nancy hoefs professor of english at the university of wisconsin madison his books include forgetful memory representation and remembrance in the wake of the holocaust also published by suny press and jewish rhetorics history theory practice coedited with janice w fernheimer describes the universe of camps and ghettos some 20 000 in all that the nazis and their allies operated from norway to north africa and from france to russia this volume covers three groups of camps the early camps that the nazis established in the first year of hitler s rule the major ss concentration camps with their constellations of subcamps and the special camps for polish and german children and adolescents holocaust memorials and museums face a difficult task as their staffs strive to commemorate and document horror on the one hand the events museums represent are beyond most people s experiences at the same time they are often portrayed by theologians artists

and philosophers in ways that are already known by the public museum administrators and curators have the challenging role of finding a creative way to present holocaust exhibits to avoid clichéd or dehumanizing portrayals of victims and their suffering in holocaust memory reframed jennifer hansen glucklich examines representations in three museums israel s yad vashem in jerusalem germany s jewish museum in berlin and the united states holocaust memorial museum in washington d c she describes a variety of visually striking media including architecture photography exhibits artifact displays and video installations in order to explain the aesthetic techniques that the museums employ as she interprets the exhibits hansen glucklich clarifies how museums communicate holocaust narratives within the historical and cultural contexts specific to germany israel and the united states in yad vashem architect moshe safdie developed a narrative suited for israel rooted in a redemptive zionist story of homecoming to a place of mythic geography and renewal in contrast to death and suffering in exile in the jewish museum in berlin daniel libeskind s architecture broken lines and voids emphasize absence here exhibits communicate a conflicted ideology torn between the loss of a jewish past and the country s current multicultural ethos the united states holocaust memorial museum presents yet another lens conveying through its exhibits a sense of sacrifice that is part of the civil values of american democracy and trying to overcome geographic and temporal distance one well know example the pile of thousands of shoes plundered from concentration camp victims encourages the visitor to bridge the gap between viewer and victim hansen glucklich explores how each museum s concept of the sacred shapes the design and choreography of visitors experiences within museum spaces these spaces are sites of pilgrimage that can in turn lead to rites of passage this behind the scenes account details the emotionally complex fifteen year struggle surrounding the united states holocaust memorial museum s birth stands without doubt as the definitive reference guide on this topic in the world today holocaust and genocide studies this volume of the extraordinary encyclopedia from the united states holocaust memorial museum offers a comprehensive account of how the nazis conducted the holocaust throughout the scattered towns and villages of poland and the soviet union it covers more than 1 150 sites including both open and closed ghettos regional essays outline the patterns of ghettoization in nineteen german administrative regions each entry discusses key events in the history of the ghetto living and working conditions activities of the jewish councils jewish responses to persecution demographic changes and details of the ghetto s liquidation personal testimonies help convey the character of each ghetto while source citations provide a guide to additional information documentation of hundreds of smaller sites previously

unknown or overlooked in the historiography of the holocaust make this an indispensable reference work on the destroyed jewish communities of eastern europe a very detailed analysis and history of the events that took place in the towns villages and cities of german occupied eastern europe a rich source of information library journal focuses specifically on the ghettos of nazi occupied eastern europe stands without doubt as the definitive reference guide on this topic in the world today this is not hyperbole but simply a recognition of the meticulous collaborative research that went into assembling such a massive collection of information holocaust and genocide studies no other work provides the same level of detail and supporting material choice explains the significance of the memorial museum to honor the millions of people who died during the holocaust during world war ii a detailed survey of the united states holocaust memorial museum describes holocaust memorial museum which opened in washington d c in 1993 in recent years historical witnessing has emerged as a category of museum object audiovisual recordings of interviews with individuals remembering events of historical importance are now integral to the collections and research activities of museums they have also become important components in narrative and exhibition design strategies with a focus on holocaust museums this study scrutinizes for the first time the new global phenomenon of the musealization of the witness to history exploring the processes prerequisites and consequences of the transformation of video testimonies into exhibits holocaust memorials and museums face a difficult task as their staffs strive to commemorate and document horror on the one hand the events museums represent are beyond most people s experiences at the same time they are often portrayed by theologians artists and philosophers in ways that are already known by the public museum administrators and curators have the challenging role of finding a creative way to present holocaust exhibits to avoid clichéd or dehumanizing portrayals of victims and their suffering in holocaust memory reframed jennifer hansen glucklich examines representations in three museums israel s yad vashem in jerusalem germany s jewish museum in berlin and the united states holocaust memorial museum in washington d c she describes a variety of visually striking media including architecture photography exhibits artifact displays and video installations in order to explain the aesthetic techniques that the museums employ as she interprets the exhibits hansen glucklich clarifies how museums communicate holocaust narratives within the historical and cultural contexts specific to germany israel and the united states in yad vashem architect moshe safdie developed a narrative suited for israel rooted in a redemptive zionist story of homecoming to a place of mythic geography and renewal in contrast to death and suffering in exile in the jewish museum in berlin daniel libeskind s architecture broken lines

and voids emphasize absence here exhibits communicate a conflicted ideology torn between the loss of a jewish past and the country s current multicultural ethos the united states holocaust memorial museum presents yet another lens conveying through its exhibits a sense of sacrifice that is part of the civil values of american democracy and trying to overcome geographic and temporal distance one well know example the pile of thousands of shoes plundered from concentration camp victims encourages the visitor to bridge the gap between viewer and victim hansen glucklich explores how each museum s concept of the sacred shapes the design and choreography of visitors experiences within museum spaces these spaces are sites of pilgrimage that can in turn lead to rites of passage this behind the scenes account details the emotionally complex fifteen year struggle surrounding the united states holocaust memorial museum s birth through the analysis of several commemorative acts in space matter and image namely museums and memorials this book reflects on the ways in which architecture as a discipline a practice and a discourse represents the holocaust in doing so it problematizes how one presents an extreme historical case in a contemporary context and integrates the historical into actuality by examining several cases the book defines the issues faced by various architects who dealt with this topic and discusses their separate and distinctive approaches in each case it analyses the ways in which the cultural and political contexts of commemoration led to a different interpretation of the condition focusing on the ghetto fighters house the world s first holocaust museum yad vashem israel s national holocaust memorial in jerusalem the us holocaust memorial museum in washington and the holocaust memorial in berlin the book discusses how the representation of history by architecture creates a dialectic process in which architecture mediates the past to the present while at the same time creating a present saturated with historical contexts it shows how together they are incorporated into one another and create a new reality past and present intertwined in fitting memory a critical survey of holocaust memorials and monuments in europe israel and the united states focuses on the archeological remains at the original sites of nazi terror that constituted the first postwar memorials the holocaust is defined here as the collective designation for the nazi mass murder of jews gypsies and the handicapped and for the related persecution of soviet prisoners of war and other ideological opponents featuring text and photographs the book shows how since 1945 memorials and monuments have served not only as secular shrines but also as temporal institutions reflecting changing public constituencies and distinctive political social and cultural contexts sybil milton poses two vital and provocative questions about the memorials built since the end of world war ii to

whose memory were they built and how fitting are they the holocaust is a sensitive subject whose representation demands accuracy and tact this volume the first study of the institutionalization of public memory demonstrates how various nations politicians and designers have attempted to do justice to this subject in public art and sculpture and shows how national origin ethnic allegiance political ideology and prevailing artistic style determined how memorials were commissioned and installed his book also provides an analysis of the complex interrelationship between authentic historic sites disparate and ephemeral representations of history and the changing political and aesthetic balance between commemoration and escapism in fitting memory includes 127 specially commissioned photographs by ira nowinski from seven european countries the united states and israel nine additional photographs are by photographers from italy the netherlands and the united states the riveting images provide the reader with a visual tour of these memorials along with an annotated bibliography the volume also contains a comprehensive list of memorials in europe the united states and israel an essential tool for those interested in visiting the memorial sites the book also provides a critical analysis for serious researchers the holocaust is a sensitive subject whose representation demands accuracy and tact this volume the first study of the institutionalization of public memory demonstrates how various nations politicians and designers have attempted to do justice to this subject in public art and sculpture and shows how national origin ethnic allegiance political ideology and prevailing artistic style determined how memorials were commissioned and installed this book also provides an analysis of the complex interrelationship between authentic historic sites disparate and ephemeral representations of history and the changing political and aesthetic balance between commemoration and escapism in fitting memory includes 127 specially commissioned photographs by ira nowinski from seven european countries the united states and israel nine additional photographs are by photographers from italy the netherlands and the united states the riveting images provide the reader with a visual tour of these memorials along with an annotated bibliography the volume also contains a comprehensive list of memorials in europe the united states and israel an essential tool for those interested in visiting the memorial sites the book also provides a critical analysis for serious researchers the holocaust and history examines the various disputes surrounding the holocaust examining why it should have come about how different sets of people reacted to it and what lessons should be learned for the future this book is a study of the berlin holocaust memorial competitions of the 1990s with a focus on designs that kindle empathetic responses through analysis of provocative designs the book engages with issues

of empathy secondary witnessing and depictions of concentration camp iconography it explores the relationship between empathy and cultural memory when representations of suffering are notably absent the book submits that one design represents the idea of an uncanny memorial and also pays attention to viewer co authorship in counter monuments analysis of counter monuments also include their creative engagement with german history and their determination to defy fascist aesthetics as the winning design for the memorial to the murdered jews of europe is abstract with an information centre there is an exploration of the memorial museum callaghan asks whether this configuration is intended to compensate for the abstract memorial s ambiguity or to complement the design s visceral potential other debates explored concern political memory national memory and the controversy of dedicating the memorial exclusively to murdered jews created by the center for advanced holocaust studies at the united states holocaust memorial museum the monumental 7 volume encyclopaedia that the present work inaugurates will make available in one place for the first time detailed information about the universe of camps sub camps and ghettos established and operated by the nazis altogether some 20 000 sites from norway to north africa and from france to russia this volume covers three groups of camps the early camps established in the first year of hitler s rule the major concentration camps with their constellations of sub camps that operated under the control of the ss business administration main office and youth camps overview essays precede entries on individual camps and sub camps each entry provides basic information about the purpose of the site the prisoners guards working and living conditions and key events in its history material drawn from personal testimonies helps convey the character of each site while source citations for each entry provide a path to additional information united states holocaust memorial museum

Archival Guide to the Collections of the United States Holocaust Memorial Museum 2002

the united states holocaust memorial museum encyclopedia of camps and ghettos 1933 1945 volume iv aims to provide as much basic information as possible about individual camps and other detention facilities why were they established who ran them what kinds of prisoners did they hold what kinds of work did the prisoners do and for whom what were the conditions like the entries detail the sources from which the authors drew their material so future scholars can expand upon the work finally and perhaps most important this is a work of memorialization it preserves the histories of places where people suffered and died volume iv examines an under researched segment of the larger nazi incarceration system camps and other detention facilities under the direct control of the german military the wehrmacht these include prisoner of war pow camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for tunisian jews brothels in which women were forced to have sex with soldiers and prisons and penal camps for wehrmacht personnel most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all the volume also includes an introduction to the german prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of the wehrmacht camp system within the entries the volume draws upon german military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the wehrmacht of particular note is the detailed documentation of the wehrmacht s crimes against soviet prisoners of war which have largely been neglected in the english language

literature up to this point despite the fact that more than three million soviet prisoners died in german captivity the volume also provides substantial coverage of the diverse range of conditions encountered by other allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the germans treatment of soviet prisoners and those of other nationalities the volume also details the significant involvement of the wehrmacht in crimes against the civilian populations of occupied europe and north africa as a result this volume not only brings to light many detention sites whose existence has been little known but also advances the decades old process of dismantling the myth of the clean wehrmacht according to which the german military had nothing to do with the holocaust and the nazi regime s other crimes

in fitting memory a critical survey of holocaust memorials and monuments in europe israel and the united states focuses on the archeological remains at the original sites of nazi terror that constituted the first postwar memorials the holocaust is defined here as the collective designation for the nazi mass murder of jews gypsies and the handicapped and for the related persecution of soviet prisoners of war and other ideological opponents featuring text and photographs the book shows how since 1945 memorials and monuments have served not only as secular

shrines but also as temporal institutions reflecting changing public constituencies and distinctive political social and cultural contexts sybil milton poses two vital and provocative questions about the memorials built since the end of world war ii to whose memory were they built and how fitting are they the holocaust is a sensitive subject whose representation demands accuracy and tact this volume the first study of the institutionalization of public memory demonstrates how various nations politicians and designers have attempted to do justice to this subject in public art and sculpture and shows how national origin ethnic allegiance political ideology and prevailing artistic style determined how memorials were commissioned and installed his book also provides an analysis of the complex interrelationship between authentic historic sites disparate and ephemeral representations of history and the changing political and aesthetic balance between commemoration and escapism in fitting memory includes 127 specially commissioned photographs by ira nowinski from seven european countries the united states and israel nine additional photographs are by photographers from italy the netherlands and the united states the riveting images provide the reader with a visual tour of these memorials along with an annotated bibliography the volume also contains a comprehensive list of memorials in europe the united states and israel an essential tool for those interested in visiting the memorial sites the book also provides a critical analysis for serious researchers the holocaust is a sensitive subject whose representation demands accuracy and tact this volume the first study of the institutionalization of public memory demonstrates how various nations politicians and designers have attempted to do justice to this subject in public art and sculpture and shows how national origin ethnic allegiance political ideology and prevailing artistic style determined how memorials were commissioned and installed this book also provides an analysis of the complex interrelationship between authentic historic sites disparate and ephemeral representations of history and the changing political and aesthetic balance between commemoration and escapism in fitting memory includes 127 specially commissioned photographs by ira nowinski from seven european countries the united states and israel nine additional photographs are by photographers from italy the netherlands and the united states the riveting images provide the reader with a visual tour of these memorials along with an annotated bibliography the volume also contains a comprehensive list of memorials in europe the united states and israel an essential tool for those interested in visiting the memorial sites the book also provides a critical analysis for serious researchers

the holocaust and history examines the various disputes surrounding the holocaust examining why it should have come about how different sets of people reacted to it and what lessons should be learned for the future

US Holocaust Memorial Museum Aid 2002-06-17

this book is a study of the berlin holocaust memorial competitions of the 1990s with a focus on designs that kindle empathetic responses through analysis of provocative designs the book engages with issues of empathy secondary witnessing and depictions of concentration camp iconography it explores the relationship between empathy and cultural memory when representations of suffering are notably absent the book submits that one design represents the idea of an uncanny memorial and also pays attention to viewer co authorship in counter monuments analysis of counter monuments also include their creative engagement with german history and their determination to defy fascist aesthetics as the winning design for the memorial to the murdered jews of europe is abstract with an information centre there is an exploration of the memorial museum callaghan asks whether this configuration is intended to compensate for the abstract memorial s ambiguity or to complement the design s visceral potential other debates explored concern political memory national memory and the controversy of dedicating the memorial exclusively to murdered jews

The Holocaust Museum 2007

created by the center for advanced holocaust studies at the united states holocaust memorial museum the monumental 7 volume encyclopaedia that the present work inaugurates will make available in one place for the first time detailed information about the universe of camps sub camps and ghettos established and operated by the nazis altogether some 20 000 sites from norway to north africa and from france to russia this volume covers three groups of camps the early camps established in the first year of hitler s rule the major concentration camps with their constellations of sub camps that operated under the control of the ss business administration

main office and youth camps overview essays precede entries on individual camps and sub camps each entry provides basic information about the purpose of the site the prisoners guards working and living conditions and key events in its history material drawn from personal testimonies helps convey the character of each site while source citations for each entry provide a path to additional information
