in their areas and who have published extensively on their topics the first half of the book provides an overview of reference services and techniques for service provision including the reference interview ethics instruction reader s advisory and services to diverse populations including children this part of the book establishes a foundation of knowledge on reference service and frames each topic with ethical and social justice perspectives the second part of the book offers an overview of the information life cycle and dissemination of information followed by an in depth examination of information sources by type including dictionaries encyclopedias indexes and abstracts as well as by broad subject areas including government statistics and data health and legal information this second section introduces the tools and resources that reference professionals use to provide the services described in the first half of the text contemporary challenges in teaching young children provides both veteran and aspiring early childhood educators with the information and tools they need to build on their understanding of developmentally appropriate practice teachers face many challenges including family configuration social and political stressors related to accountability requirements funding shortages and the resulting need to teach with fewer resources this innovative book focuses exclusively on problem solving at the classroom level and fosters creative methods of ensuring best practices are in place for all children including those with limited experience in formal social settings and a lack of self regulatory behaviors drawing on current research and their own wealth of experience expert contributors cover topics from the critical importance of social emotional learning to culturally responsive teaching to using technology to empower teachers and learners written in accessible non technical language this book addresses complex factors affecting child development guiding readers through the best strategies for tackling real problems in their practice provides information about various forms of transportation including answers to such questions as the batmobile was originally what kind of car what was the name of the largest ocean liner ever built and how many miles per hour does the world s fastest train travel offers facts on a range of topics from animals to weather and from computers to sports the past decade has seen a steady flow of important and innovative papers documenting the short and long term effects of finance reforms and the heterogeneity of the effects of reforms exemplified by papers like jackson johnson persico 2016 lafortune rothstein schanzenbach 2018 hyman 2017 and candelaria and shores 2019 those papers have reinvigorated research on the effects of finance reforms while raising important questions about how to best design a finance system and generate necessary revenues the papers mentioned above along with other papers too numerous to mention have taken advantage of better data and better methods to address long standing questions and generate provocative new answers since the landscape has changed quickly policy makers and prospective researchers require a summary of the current state of the research on the effects of school finance reforms answers are also needed to such questions as to what extent are lessons from the great recession applicable to the covid 19 induced crisis for example how will states allocate cuts in grants and will those cuts undo state progress in equalizing educational access are there strategies for allocating resources that best preserve student learning how do financing systems need to be modified to accommodate greater use of online education how should school finance systems be designed to provide equal access or at a minimum adequate access to students with special needs why is there significant heterogeneity in the results of different finance reforms what have been the effects of recent state efforts to reduce the role of the property tax in financing k 12 education how should finance systems be designed to more effectively close persistent achievement gaps how if at all should states integrate the financing of preschool education with the financing of elementary and secondary education to help prepare the next generation of researchers and policy makers in the realm of school finance this volume includes papers that summarize the current state of research on the questions above as well as other pressing questions in education finance and policy the book aims to bridge a space between comprehensive textbooks and journal articles in the field of education finance and policy there are two main target audiences the book is meant to serve professionals like school district administrators and education policy practitioners that desire a contemporary update to their previous study of education finance and policy issues these audiences often have limited access to peer reviewed journals and knowledge of pertinent government and related policy reports in the field the book is also meant to serve students and faculty from programs in public administration public policy community development and applied economics education administration educational leadership and policy studies that are studying content related to education policy the economics of education state and local public finance and taxation some upper level undergraduate students may also benefit from this resource

thought provoking and an eye opening book that uncovers the gray zone of adoption the book talks about the often overlooked issue of the terrifying reality of national and international adoption through legal analysis and accompanying story this book sheds light on the heart wrenching reality of children who have been rehomed it delves into the lives of adoptive families who find themselves overwhelmed and unable to care for their adopted children leading to a black market of custody transfer where vulnerable children are given away with one click and with just one piece of paper to strangers this book is a must read for as it highlights the urgent need for increased regulation and oversight to protect the well being of children in need of safe and loving homes particular attention is given to the international adoption and the countries such as russia and ukraine the author has played close attention to the laws and regulations in the above mentioned countries by first hand translation and research in order to give a deeper insights into the heartbreaking reality of unregulated custody transfer of adopted children the book provides helpful insights for lawmakers legal practitioners scholars child care professionals international law scholars and students interested in human rights law adoption law and child protection the hope of the gospel is a universal message and sports are arguably the universal language sharing the former through the latter is a powerful combination for changing lives and for students with a heart for both the field of sports ministry presents compelling career opportunities until now there has never been a college textbook devoted to the subject with the arrival of sports ministry college and university instructors have a dedicated text for educating students on the how to process of developing viable sports ministry programs that share the word and positively influence the world in which we live the book begins with a description of what sports ministry is and a historical overview of the sports ministry movement including stories of prominent individuals and organizations past students will learn about the many sports ministries serving today at the local national and international levels such as the fellowship of christian athletes athletes in action and missionary athletes international through each chapter's sports ministry in action and interview with a professional sidebars students will get a glimpse into the lives and ministries of individuals and organizations working in sports ministry and learn about the career opportunities available in the field the underpinnings of sports ministry are evangelism and discipleship and to that end students will learn various methods for gospel communication within the sports context the book also deliberates the intersection of sports and faith weighing the positive and negative aspects of competition and whether competitive sport is compatible with faith included are six principles for making decisions regarding sport participation and a three step process for using biblical precepts to determine ethical behavior in sport chapters dedicated to finances facilities and legal considerations inform students on the corporate aspects of running a sports ministry program these include the five main approaches for securing financial resources a framework for planning and selecting the right facility and strategies for mitigating risk the final section of the book looks at the implementation of sports ministry programs locally and internationally four common types of local church based events are discussed onsite community jaunt event and short term missions with examples of each included students will gain an understanding of key administrative responsibilities for organizing international missions the cross cultural nature of sports ministry both locally and abroad requires students to cultivate an awareness of and respect for other cultures to foster friendship evangelism essential to any successful sports ministry sports ministry is the definitive resource for building an effective sports ministry program when done right sport is a powerful platform that god will use to transform lives for his eternal purposes with sports ministry students will gain the knowledge and tools to share their faith and offer hope to others through the universal language of sport this book provides a comprehensive introduction to significant u.s health policy controversies including democratic and republican responses to the coronavirus pandemic it explores partisan divisions major challenges and policy preferences of key democratic and republican stakeholders this volume provides readers with a broad overview of a variety of issues in contemporary health policy that span health care reform health insurance pharmaceuticals public health health care for underserved populations and responses to the covid 19 pandemic the book explores the politics of each issue drawing upon historical evidence legislative research public opinion polls and the views of key decision makers from both
