history international history foreign policy security studies and ir in general

Containing Arab Nationalism 2004 richard williamson s first steps toward détente provides a history of negotiations conducted from 1958 1963 between the united states its western allies in europe and the soviet union in order to resolve the berlin crisis these negotiations established ongoing patterns of backchannel ambassadorial foreign minister and heads of state discussions from khrushchev s visit to the united states in 1959 and the difficult paris 1960 and vienna 1961 summits to the construction of the berlin wall disarmament remained a parallel concern dependent on berlin s resolution throughout most of 1962 the united states and soviets made rigorous attempts to break a stalemate at checkpoint charlie though neither side was truly ready to forfeit ultimately the renewal of berlin harassments and the cuban missile crisis put an end to these efforts but the closer relations that had developed through berlin talks helped to enable the limited test ban treaty in 1963 the berlin crisis signaled a transition away from multilateral east west relations to a bilateral u s soviet relationship remaining oriented to military positions in germany in this book williamson explores the significance of these events and shows how the negotiations held between 1958 and 1963 provided the templates for détente

The Routledge Handbook of the Cold War 2014-06-05 offering a concise overview of ho chi minh city s history and development the historical dictionary of ho chi minh city presents a comprehensive historical survey of the city in the form of an alphabetical list of keywords and names with accompanying definitions both well researched and authoritative the volume draws upon a wide range of modern sources and contains an introductory essay about the city a chronology a list of acronyms and abbreviations photographs and appendixes of supplemental information

First Steps toward Détente 2012-04-06 in today s worlds of drones military strikes and weapons of mass destruction it s difficult to imagine a nonviolent war of constant hostility between world super powers readers will be intrigued by this conflict known as the cold war they will learn that it was a geopolitical ideological and economic struggle between two world superpowers the usa and the ussr starting in 1947 and ending in 1991

Historical Dictionary of Ho Chi Minh City 2014-11-01 revision of author s thesis doctoral columbia university 2013 titled strange commodity of cultural exchange martha graham and the state department on tour 1955 1987

The Cold War 2008-10-24 we are at a critical juncture in world politics nuclear strategy and policy have risen to the top of the global policy agenda and issues ranging from a nuclear iran to the global zero movement are generating sharp debate the historical origins of our contemporary nuclear world are deeply consequential for contemporary policy but it is crucial that decisions are made on the basis of fact rather than myth and misapprehension in nuclear statecraft francis j gavin challenges key elements of the widely accepted narrative about the history of the atomic age and the consequences of the nuclear revolution on the basis of recently declassified documents gavin reassesses the strategy of flexible response the influence of nuclear weapons during the berlin crisis the origins of and motivations for u s nuclear nonproliferation policy and how to assess the nuclear dangers we face today in case after case he finds that we know far less than we think we do about our nuclear history archival evidence makes it clear that decision makers were more concerned about underlying geopolitical questions than about the strategic dynamic between two nuclear superpowers gavin s rigorous historical work not only tells us what happened in the past but also offers a powerful tool to explain how nuclear weapons influence international relations nuclear statecraft provides a solid foundation for future policymaking

□□□□□□ 1984 electrodynamics has largely been ignored by philosophers of science due to what mathias frisch says is a mistaken view that it is conceptually unproblematic part of the goal of this book is to show that classical physics while successful in describing phenomena has some very interesting conceptual problems worth discussing the other goal of the book is to argue that the theory electrodynamics a core theory of modern physics and one that s widely held leaves out some important aspects of scientific theorizing namely that the notion that consistency is over valued and that an inconsistent theory can still be successful

Nuclear Statecraft 2012-10-11 this compelling book describes how everyday people courageously survived under repressive communist regimes until the voices and actions of rebellious individuals resulted in the fall of the iron curtain in europe part of greenwood s daily life through history series daily life behind the iron curtain enables today s generations to understand what it was like for those living in eastern europe during the cold war particularly the period from 1961 to 1989 the era during which these people east germans in particular lived in the imposing shadow of the berlin wall an introductory chapter discusses

played by the american west in the development of modernism in the united states drawing extensively from various disciplines including ethnology geography geology and environmental studies this groundbreaking book addresses shifting concepts of time history and landscape in relation to the work of pioneering american artists during the first half of the 20th century paintings watercolors and photographs by renowned artists such as frederic remington georgia o keeffe ansel adams thomas hart benton dorothea lange and jackson pollock are considered alongside american indian ledger drawings tempuras and dineh sandpaintings taken together these works document the quest to create a specifically american art in the decades prior to world war ii the modern west begins with a captivating meditation on the relationship between human culture and the physical landscape by barry lopez who traveled the west in the artists footsteps emily ballew neff then describes the evolving importance of the west for american artists working out a radically new aesthetic response to space and place from artist explorers on the turn of the century frontier to visionaries of a californian arcadia to desert luminaries who found in its stark topography a natural equivalent to abstraction beautifully illustrated and handsomely designed this book is essential to anyone interested in the west and the history of modernism in american art

Daily Life behind the Iron Curtain 2013-01-24 debrett s peerage baronetage is the only up to date printed reference guide to the united kingdom s titled families the hereditary peers life peers and peeresses and baronets and their descendants who form the fascinating tapestry of the peerage this is the first ebook edition of debrett s peerage baronetage and it also contains information relating to the royal familycoats of armsprincipal british commonwealth orderscourtesy titlesforms of addressextinct dormant abeyant and disclaimed titles special features for this anniversary edition include the roll of honour 1920 a list of the 3 150 people whose names appeared in the volume who were killed in action or died as a result of injuries sustained during the first world war a number of specially commissioned articles including an account of john debrett s life and the early history of debrett s peerage and baronetage a history of the royal dukedoms and an in depth feature exploring the implications of modern legislation and mores on the ancient traditions of succession

Internationalism 2010 here s a book that would ve split the sides of thucydides wiener s magical mystery tour of cold war museums is simultaneously hilarious and the best thing ever written on public history and its contestation mike davis author of city of quartz jon wiener an astute observer of how history is perceived by the general public shows us how official efforts to shape popular memory of the cold war have failed his journey across america to visit exhibits monuments and other historical sites demonstrates how quickly the cold war has faded from popular consciousness a fascinating and entertaining book eric foner author of reconstruction america s unfinished revolution 1863 1877 in how we forgot the cold war jon wiener shows how conservatives tried and failed to commemorate the cold war as a noble victory over the global forces of tyranny a good war akin to world war ii displaying splendid skills as a reporter in addition to his discerning eye as a scholar this historian s travelogue convincingly shows how the right sought to extend its preferred policy of rollback to the arena of public memory in a country where historical memory has become an obsession wiener s ability to document the ambiguities and absences in these commemorations is an unusual accomplishment rick perlstein author of nixonland the rise of a president and the fracturing of america in this terrific piece of scholarly journalism jon wiener imaginatively combines scholarship on the cold war contemporary journalism and his own observations of various sites commemorating the era to describe both what they contain and just as importantly what they do not by interrogating the standard conservative brand of american triumphalism wiener offers an interpretation of the cold war that emphasizes just how unnecessary the conflict was and how deleterious its aftereffects have really been ellen schrecker author of many are the crimes mcarthyism in america

Walls, Borders, Boundaries 2012-05-30 an in depth examination of border decomposition re creation and destruction in 20th century hungary

□□□□□□□□ 2000 neue deutsche welle ndw or german new wave was made extraordinarily popular in the 1970s and 1980s by the likes of nena s 99 luftballons and trio s da da da and then left as quickly as it came conventional wisdom among artists dictates that it s better to burn out than fade away but this doesn t tell the full story of ndw the reason for its rapid rise and fall the historical context that necessitated the genre and where the energy of the ndw movement went after its end the genre has international influences but still demonstrates a uniquely german desire to build a new sanitized identity in the aftermath of world war ii originally quite subversive and underground ndw became exponentially more mainstream until it could no longer sustain itself creatively and rather than disappearing it helped give rise to the post cold war rave craze and is still an important touchstone in music history

Behind the Berlin Wall 2009-11-26 this detailed two volume set tells the story of the cold war the dominant international event of the second half of the 20th century through a diverse selection of primary source documents one of the most extensive to date this set of primary source documents studies the cold war comprehensively from its beginning with the emergence of the world s first communist government in russia in late 1917 to its end in 1991 all of the key events including the berlin blockade the korean war the cuban missile crisis the vietnam war and the nuclear arms race are discussed in detail the primary sources provide insight into the thinking of all participants drawing on western soviet asian and latin american perspectives in the cold war interpreting conflict through primary documents primary documents are organized chronologically allowing readers to appreciate the ramifications of the cold war within a clear time frame extensive interpretive commentary provides in depth background and context for each document this work is an indispensable reference for all readers seeking to become deeply knowledgeable about the cold war
