techniques using genuine papers from cambridge  
esol attractive colour visual material for  
paper 5 is included with each test enabling  
students to prepare thoroughly for the paired  
interview paper 5 the teacher s book contains  
transcripts of the recorded material and  
answer keys in addition it provides a  
comprehensive guide to each paper and an  
insight into marking procedures and grading  
illustrated by authentic sample answers this  
book documents a major study comparing the  
cambridge first certificate in english fce  
with the test of english as a foreign language  
toefl to investigate similarities in test  
content candidature and use while both tests  
were designed to measure many of the same  
abilities they represent radically different  
approaches to language test development  
reflecting deeper differences between  
educational measurement traditions in the us  
and uk the thorough investigation of the  
fundamental characteristics and operational  
utility of two of the most widely used english  
tests for foreign students makes this study a  
valuable contribution to language testing  
research as such it will be of considerable  
interest to language testing specialists and  
examination boards as well as to academic  
researchers and graduate students in the field  
of language assessment more generally

## ***Cambridge Certificate of Proficiency in English 2 Teacher's Book 2001-09-06***

this book documents a major study comparing the cambridge first certificate in english fce with the test of english as a foreign language toefl to investigate similarities in test content candidature and use while both tests were designed to measure many of the same abilities they represent radically different approaches to language test development reflecting deeper differences between educational measurement traditions in the us and uk the thorough investigation of the fundamental characteristics and operational utility of two of the most widely used english tests for foreign students makes this study a valuable contribution to language testing research as such it will be of considerable interest to language testing specialists and examination boards as well as to academic

researchers and graduate students in the field of language assessment more generally
