general relativity wikipedia 一般相对论 wikipedia general relativity gravitational waves spacetime cosmology 宇宙学 相对论 what is the theory of general relativity space einstein s theory of gravitation center for astrophysics general relativity physics mit opencourseware introduction to general relativity wikipedia theory of relativity wikipedia relativity definition equations facts britannica

## **general relativity wikipedia May 28 2024**

general relativity also known as the general theory of relativity and einstein s theory of gravity is the geometric theory of gravitation published by albert einstein in 1915 and is the current description of gravitation in modern physics

## **general relativity wikipedia Apr 27 2024**

allgemeine relativitätstheorie general theory of relativity 1905 1915 1916

## **general relativity gravitational waves spacetime cosmology Mar 26 2024**

2024 general relativity part of the wide ranging physical theory of relativity formed by the german born physicist albert einstein it was conceived by einstein in 1916 general relativity is concerned with gravity one of

## **general relativity wikipedia Feb 25 2024**

2022 general theory of relativity a einstein 10 1915 16 i newton

## **what is the theory of general relativity space Jan 24 2024**

2023 general relativity is physicist albert einstein s understanding of how gravity affects the fabric of space time the theory which einstein published in 1915 expanded the theory of special

## **einstein s theory of gravitation center for astrophysics Dec 23 2023**

our modern understanding of gravity comes from albert einstein s theory of general relativity which stands as one of the best tested theories in science general relativity predicted many phenomena years before they were

## **general relativity physics mit opencourseware Nov 22 2023**

8 962 is mit s graduate course in general relativity which covers the basic principles of einstein s general theory of relativity differential geometry experimental tests of general relativity black holes and cosmology

## **introduction to general relativity wikipedia Oct 21 2023**

general relativity is a theory of gravitation developed by albert einstein between 1907 and 1915 the theory of general relativity says that the observed gravitational effect between masses results from their warping of spacetime

## **theory of relativity wikipedia Sep 20 2023**

general relativity is a theory of gravitation developed by einstein in the years 1907 1915 the development of general relativity began with the equivalence principle under which the states of accelerated motion and being at rest in a

## **relativity definition equations facts britannica Aug 19 2023**

1999 relativity wide ranging physical theories formed by the german born physicist albert einstein special relativity is limited to objects that are moving with respect to inertial frames of reference general relativity is concerned with gravity one of the fundamental forces in the universe
