

Download free Fahey insel roth fit and well (PDF)

well is a common English word used in many contexts. It can describe a state of health, a condition of affairs, or a manner of doing things. For example, "I am well" means "I am healthy". "The project is well advanced" means "the project is progressing well". "He works well" means "he performs his job well". The word "well" is also used as an interjection to express surprise or pleasure, as in "Well, that's interesting!".
