jk lasser s new rules for estate retirement and tax planning is the authoritative guide to estate retirement and tax planning fully updated to reflect new changes and legal updates

Airman

1985

mothers families or children is the first comparative historical study of family policies in poland hungary and romania from 1945 until the eve of the global pandemic in 2020 the book highlights the emergence consolidation and perseverance of three types of family policies based on mother orientation in poland family orientation in hungary and child orientation in romania it uses a new theoretical framework to identify core and contingent clusters of benefits and services in each country and trace their development across time and under different political regimes before and after 1989 it also examines and compares policy continuity and change with special attention to institutions ideas and actors involved in decision making and reform as family policies continue to evolve in the era of european union membership and new governmental and societal actors emerge this study reveals mechanisms that help preserve core family policy clusters while allowing reform in

contingent ones in each country
