this is the story about a man that didn't straddle the fence of life in everyone there is a combination of good and evil that creates

a tug of war within one's inner self this is very normal and consistent from one person to the next therefore some people tend to do more good than evil socially and some tend to do more evil than good all of this balance depends on the amount of good versus the amount of evil contained deep in the soul of a person's inner self but this story tells of a man that possesses only one trait this trait is 100% evil and inside this man there is no tug of war he is everything that is left after all good has been stripped away he has no conscience or moral values there is nothing that this man won't do or say in his vicious chase for money and power he can be best described as the total package for your worst nightmare t p is the name that has been ordained to this man of evilness t p carries within himself a deadly cheat and a vicious evil which he conceals under a warm smile a nice looking friendly face and breathtaking charm he is king of predators and t p must be destroyed the coldness and the evilness possessed by this man of darkness generate an atmosphere identical to a light breeze with cool chilling effects when first felt this breeze can be best described as a night wind without further ado prepare yourself for shocks and chills as the saga of night wind unfolds unto you
