Iulii Obsequentis De prodigiis liber

1679

this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Iulii Obsequentis De prodigiis liber

1679

argues that thinking about sacred trees in roman culture forces us to rethink how we understand roman religion

De prodigiis liber, cum annotationibus J. Schefferi

1679

a look at 17th century new england religion as it was practiced by the vast majority of the population not by the clergy this work offers insight into puritan rituals attitudes toward the natural world and the creative tension between

puritan laity and clergy

Iulii Obsequentis Prodigiorum liber... Polydori Vergilij Vrbinatis de Prodigiiis libri III. Ioachimi Camerarij Paberg. de Ostentis libri II...

1589

scott s books is an approachable introduction to the waverley novels drawing on substantial research in scott s intertextual sources it offers a fresh approach to the existing readings where the thematic and theoretical are the norm avoiding jargon and moving briskly it tackles the vexed question of scott s circumbendibus style head on suggesting that it is actually one of the most exciting aspects of his fiction indeed what ian duncan has called the elaborately literary narrative at first sight a barrier is in a sense what the novels are primarily about the book aims to show how inventive witty and entertaining scott s richly allusive style is how he keeps his varied readership on board with his own inexhaustible variety and how he allows proponents of a wide range of positions to have their say using a detached ironic but never cynical narrative voice to undermine the more rigid and inhumane rhetoric the introduction outlines this approach and sets the book in the context of earlier and current scott criticism it also deals with some practical issues including forms of reference and the distinctive use of the term authorial the four chapters are designed to zoom in progressively from the general to the particular resources explores the printed material available to scott in his library and gives an overview of the way he uses it in his fiction style confronts objections to the circumbendibus scott and shows how his ciceronian style with its penchant for polysyllables enables him to

embrace a wide range of rhetoric relayed in a detached but not cynical authorial voice strategies explores how he keeps his very wide audience on board by a complex bonding between characters readers and author and stresses the extraordinary variety of exuberant inventiveness with which he handles intertextual allusions mottoes examines the most remarkable of scott s intertextual devices the chapter epigraphs bringing into play the approaches developed in the previous chapters the brief concluding envoi moves out again to the widest possible perspective suggesting how readers should now be able to move on to or return to the novels and the critical conversation with an appreciation of the central importance of the ludic for an appreciation of scott in a world once again threatened by inhumane and humorless rigidities
