if you wish you knew how to sweep a woman off her feet then keep reading the truth is a lot of men simply don t know what to say to an attractive woman you might feel like you have nothing to offer her perhaps she ll think you re weird or boring perhaps you ve experienced uncomfortable emotions in social situations like embarrassment frustration or sadness because it seems like everybody has a girlfriend but you you re not alone here through the ages many men like casanova kierkegaard and schopenhauer have wrestled with the same problems they attempted to codify the elements of female attraction and unpack the riddle of womanhood much of ancient literature tells the tale of a woeful love struck man lamenting the indifference of the woman he desires so what s going on here why do some men seem to effortlessly exude charisma confidence and charm while others never get any attention at all why do some men show up with a new girlfriend every week while others have never been kissed what s the solution fortunately for us recent advances in evolutionary psychology biology and social science have managed to shine some light on these questions and unlock the formula for charisma the trick lies in understanding that the female brain was tuned thousands of years ago to look for a certain set of male characteristics at a subconscious level a woman s brain is always observing a man taking note of his body language the gaze of his eyes his voice his touch his way with words and the way he carries himself across a crowded room the message a man conveys with these little behaviors is known as his nonverbal communication mastering this type of communication approaching women engaging in small talk and parlaying an encounter into a romance is a delicate undertaking sometimes called the art of seduction there is much to learn in this domain but fortunately we ve crammed this book full of practical information and proven strategies designed to teach you exactly how to instantly connect with a woman on a deeper level this book will teach you how to develop magnetic charisma and confidence

you will learn how to make a first impression that counts and makes her instantly curious to learn more about you how to become more articulate well spoken and make witty small talk effortlessly learn the cure for never knowing what to say to a woman you just met the one conversation technique that is guaranteed to get her instantly interested in you the biological basis of confidence how it kept your ancestors alive and how to develop it within yourself how to utilize eye contact and the power of your voice to seize female attention and woo the woman of your dreams how to avoid the dreaded friend zone and use your touch and masculine energy to spark the fires of sexual tension and keep her interested in you even if you re not the best looking guy in the world this is largely irrelevant because it takes more than a pretty face to attract a woman as casanova himself wrote in 1821 i was not handsome but i had something better than beauty a striking expression which almost compelled an affectionate interest in my favor and i felt myself ready for anything a most unwavering feeling of self esteem enhanced wonderfully my confidence in myself wouldn t it be great to have this level of confidence thankfully with a little training anyone can be a casanova ready to learn more if you want to become more charismatic and charming to women then scroll up and click the buy button now
