Daily readings for a year, on the life of ... Jesus Christ 1864 it s essential to uncover the current malady affecting the organized christian church today not its structuring and not necessarily its organizational approach but present to it his solution which has never been hidden or even veiled in his word which is that we must return to the true roots of christianity which is founded on the individual discipleship of each member of his body just as jesus designed it and modeled it for us while he ministered on this earth it passed the acid test of resiliency when it was mercilessly persecuted as its disciples applied the

principles as instituted and instructed by our lord for all of us to display and to do i encourage anyone to do a bible search for the word disciple and believer and see firsthand that these words are not interchangeable or used in the same context when referring to a specific person who s known to be committed to our lord versus referring to a generalization in the third person to someone or a group who s aware about the existence of the real living god god s remedy it s still available today to anyone who truly desires to attain it and can decipher that it s only through discipleship that a true believer is infected with the enthusiasm zeal and eagerness in the commitment to fulfill john 8 31 and matthew 28 19 reaching to those around them who thirst and hunger for the things of god and in that process experience the life he promises we can live now it s time to abandon once and for all the current practices of mass producing supporters and inscribe it into our minds that the great commission was not to make believers but to make disciples the early church didn t churn out cheerleaders and advocates but bona fide disciples taught and equipped according to ephesians 6 10 17 who then as members of the body of christ led by example transforming them into a formidable most powerful and effective force the roman empire had ever seen again i want to reiterate that i am not against the church as organized by the apostles but want to revolutionize it where discipleship is the top priority and purpose for its existence i am critical of the current organized version that has taken the place of the real church that nowadays is wasting vast resources and investing them in huge entertainment amphitheatres and often dilute distort and obscure the true message and method to attain this new life established by our lord unless this change happens we can t truly reach and change a lost world our real life in christ seeks to help those who are experiencing that gnawing sensation that there is much more to god s word than what is being offered by those weekly sermons in churches today
