**An Other Kingdom** 2016-01-19 our seduction into beliefs in competition scarcity and acquisition are producing too many casualties we need to depart a kingdom that creates isolation polarized debate an exhausted planet and violence that comes with the will to empire the abbreviation of this empire is called a consumer culture we think the free market ideology that surrounds us is true and inevitable and represents progress we are called to better adapt be more agile more lean more schooled more more more give it up there is no such thing as customer satisfaction we need a new narrative a shift in our thinking and speaking an other kingdom takes us out of a culture of addictive consumption into a place where life is ours to create together this satisfying way depends upon a neighborly covenant an agreement that we together will better raise our children be healthy be connected be safe and provide a livelihood the neighborly covenant has a different language than market hype it speaks instead in a sacred tongue authors peter block walter brueggemann and john mcknight invite you on a journey of departure from our consumer market culture with its constellations of empire and control discover an alternative set of beliefs that have the capacity to evoke a culture where poverty violence and shrinking well being are not inevitable a culture in which the social order produces enough for all they ask you to consider this other kingdom to participate in this modern exodus towards a modern

college when tyrell aka sincere a clerk in the mountain hill college office learns that two of his friends have been wrongfully expelled for rule violations they claim they did not commit he launches an investigation with help from attorney renee adams together they discover an elaborate scheme whereby hundreds of men and women are expelled each semester but somehow their tuition money still goes to the college as sincere and renee get closer to discovering the culprits behind this mystery a witness is murdered and somebody tries to run renee off the road you ll be shocked to discover just how far up the cover up goes

Impact Networks 2021-10-12 this practical guide shows how to facilitate collaboration among diverse individuals and organizations to navigate complexity and create change in our interconnected world the social and environmental challenges we face today are not only complex they are also systemic and structural and have no obvious solutions they require diverse combinations of people organizations and sectors to coordinate actions and work together even when the way forward is unclear even so collaborative efforts often fail because they attempt to navigate complexity with traditional strategic plans created by hierarchies that ignore the way people naturally connect by embracing a living systems approach to organizing impact networks bring people together to build relationships across boundaries leverage the existing work skills and motivations of the group and make progress amid unpredictable and ever changing conditions as a powerful and flexible organizing system that can span regions organizations and silos of all kinds impact networks underlie some of the most impressive and large scale efforts to create change across the globe david ehrlichman draws on his experience as a network builder interviews with dozens of network leaders and insights from the fields of network science community building and systems thinking to provide a clear process for creating and developing impact networks given the increasing complexity of our society and the issues we face our ability to form grow and work through networks has never been more essential
