this book profiles four generations of women from one afro cuban religious family from a plantation in havana province in the 1890s to a religious center in spanish harlem in the 1960s these women were connected by their prominent roles as leaders in the religions they practiced and the dramatic ritual artwork they created each woman was a medium in espiritismo communicating with dead ancestors for guidance or insight and also a santera or priest of santería who could intervene with the oricha pantheon kristine juncker argues that by creating art for more than one religion these women shatter the popular assumption that afro caribbean religions are exclusive organizations most remarkably the portraiture sculptures and photographs in afro cuban religious arts offer rare glimpses into the rituals and iconography of these religions santería altars are closely guarded limited to initiates and typically destroyed upon the death of the santera while espiritismo artifacts are rarely considered valuable enough to pass on the unique and protean cultural legacy detailed here reveals insights into how ritual art became popular imagery sparked a wider dialogue about culture inheritance attracted new practitioners and enabled the movement to explode internationally the winners manual for the game of life shares ohio state football coach jim tressel s big ten fundamentals for success attitude discipline faith handling adversity success excellence love toughness responsibility team and hope peppered with personal stories from coach tressel s storied coaching career this book shares the fundamental lessons that he has been imparting to his players and coaching staffs for the past 20 years a perfect blend of football stories spiritual insights motivational reading and practical application the winners manual provides an inside look at the core philosophy that has positively impacted the lives of thousands of student athletes and served as the foundation for two of the most successful college football programs of all time includes 8 pages of color photos and a foreword from nyt best selling author john maxwell all of the proceeds from the book are being donated directly to the william oxley thompson memorial library renovation campaign other features each chapter closes with a practical application section where readers will be coached on how they can apply the lessons imparted throughout the book to their own lives via the establishment of measurable goals provides a rare inside glimpse into the mind of one of the most respected coaches in college football history and into the huddle of one of the most successful football programs of all time filled with hundreds of inspirational stories quotes and anecdotes the practical manual of in vitro fertilization advanced methods and novel devices is a unique accessible title that provides a complete review of the most well established and current diagnostic and treatment techniques comprising in vitro fertilization throughout the chapters a uniform structure is employed including a brief abstract a keyword glossary a step by step protocol of the laboratory procedures several pages of expert commentary key issues of clinical concern and a list of references the result is a readily accessible high quality reference guide for reproductive endocrinologists urologists embryologists biologists and research scientists the manual also offers an excellent description of novel procedures that will likely be employed in the near future an indispensable resource for physicians and basic scientists the practical manual of in vitro fertilization advanced methods and novel devices is an invaluable reference and addition to the literature josé angel gutiérrez is the firebrand civil rights leader of the 1960s and 70s who succeeded in making a minority based political party a reality in texas and various other states in 1970 gutiérrez led la raza unida party to stunning victories in crystal city texas and surrounding communities with mexican americans winning all contested seats on the city council and school board seats held for decades by anglos one of the four

cuba prior to the cuban revolution following this an examination of the events process and dynamics that characterized the nature of the relationship between moscow and havana from 1917 to 1959 will be conducted a number of conclusions will be given but the primary one is that prior to january 1959 the kremlin took considerable interest in cuba and did not suffer from geographical fatalism as has traditionally been thought this is significant in itself but also in light of the relationship that rapidly developed between moscow and havana in the aftermath of the cuban revolution as a number of factors that were important in the pre 1959 relationship would also be significant after 1959 furthermore this analysis is also important for the contemporary bilateral relationship between russia and cuba as both governments have made increasing reference to the multifaceted relationship that existed prior to 1959 an innovative study of artists balancing tradition with creativity the idea for this conference came from a meeting of the ifip international federation for information processing technical committee for information systems tc8 in guimares portugal in june 2005 our goal is to build an ifip forum among the different information systems communities of tc8 dealing with the increasing important area of enterprise information systems in this particular meeting the committee members intensively discussed the innovative and unique characteristics of enterprise information systems as scientific sub discipline hence in this meeting it was decided by the tc8 members that the ifip tc8 first international conference on research and practical issues of enterprise information systems confenis 2006 would be held in april 2006 in vienna austria dr li xu usa and dr a min tjoa ifip tc8 were assigned to propose a concept for this conference in order to establish an ifip platform for eis researchers and practitioners in the field to share experience and discussing opportunities and challenges we are very pleased therefore to have this conference organised by the help of the austrian computer society ocg ocg supports the idea of this conference due to the urgent need of research and dissemination of new techniques in this key area we received 180 papers from more than 30 countries for confenis and the program committee eventually selected xx papers or extended abstracts making an acceptance rate of xx of submitted papers each paper was thoroughly reviewed by at least two qualified reviewers asco de José Ángel barrueco cuenta como una familia viaja en un crucero por el adriático a su regreso dispuesto a contar el periplo el narrador descubre que se trata del mismo barco en el que viajó una vez el escritor david foster wallace de ese modo la narración se convierte en un libro misceláneo a medio camino entre el ensayo y el diario de viajes en ese crucero el protagonista siente repugnancia por el comportamiento colectivo y la mala educación del hombre cuando se junta con la masa en ese barco en el que el tiempo parece detenerse empieza a preguntarse si existe alguna esperanza para el ser humano the special period in cuba was an extended era of economic depression starting in the early 1990s characterized by the collapse of revolutionary values and social norms and a way of life conducted by improvised solutions for survival including hustling and sex work during this time there developed a thriving though constantly harassed and destabilized clandestine gay scene known as the ambiente in the course of eight visits between 1995 and 2007 the last dozen years of fidel castro s reign moshe morad became absorbed in havana s gay scene where he created a wide social network attended numerous secret gatherings from clandestine parties to religious rituals and observed patterns of behavior and communication he discovered the role of music in this scene as a marker of identity a source of queer codifications and identifications a medium of interaction an outlet for emotion and a way to escape from a reality of scarcity oppression and despair morad identified and conducted his research in different types of musical space from illegal clandestine parties held in changing locations to ballet halls drag show bars private living rooms and kitchens and santería religious ceremonies in this important study the first on the subject he argues that music plays a central role in providing the physical emotional and conceptual spaces which constitute this scene and in the formation of a new hybrid gay identity in special period cuba sandtray applications to trauma therapy presents the

theory behind and the practicalities of using sandtray therapy in treatment with traumatized patients both children and adults the book begins with a review of the most frequently asked questions that professionals ask themselves when using the sandtray it then details the barudy and dantagnan model of trauma therapy to understand and integrate sandtray therapy with patients who have suffered trauma chapters describe the importance of neuroaffective communication directive and non directive working methodologies and how to use the technique in regulation empowerment and resilient integration of trauma a featured chapter by the second author dr raffael benito presents the neurobiology behind sandtray therapy outlining step by step what happens in the brain of a patient during a sandtray session transcripts of clinical cases sandtray images and true client stories are integrated throughout this practical volume will appeal to sandtray practitioners trauma therapists psychologists and psychiatrists working with patient experiences of abandonment mistreatment or sexual abuse among others la vida sacra contemporary hispanic sacramental theology is an original insightful approach to the sacraments from the perspective and actual practice of latinos over the centuries it offers a distinctive take on the actual belief and enculturation of the sacraments in the latino experience and context due to the growing presence of hispanics in this country churches are looking for new and innovative ways to fit them into their congregations the existence of hispanics and more importantly the value of their religious experiences are being gradually accepted in theological societies eduardo fernández and james empereur s new book fills the need for a more comprehensive and richer context for sacramental theology as the newest book in the celebrating faith series it is ideal for theology courses as well as directors of ministerial programs and their students who are looking to place hispanic sacramentality in the larger framework of sacramental theology

unearthing indian land offers a comprehensive examination of the consequences of more than a century of questionable public policies in this book kristin ruppel considers the complicated issues surrounding american indian land ownership in the united states under the general allotment act of 1887 also known as the dawes act individual indians were issued title to land allotments while so called "surplus" indian lands were opened to non indian settlement during the forty seven years that the act remained in effect american indians lost an estimated 90 million acres of land About two thirds of the land they had held in 1887 worse the loss of control over the land left to them has remained an ongoing and insidious result unearthing indian land traces the complex legacies of allotment including numerous instructive examples of a policy gone wrong aside from the initial catastrophic land loss the fractionated land ownership that resulted from the act's provisions has disrupted native families and their descendants for more than a century with each new generation the owners of tribal lands grow in number and therefore own ever smaller interests in parcels of land it is not uncommon now to find reservation allotments co owned by hundreds of individuals coupled with the federal government's troubled trusteeship of indian assets this means that indian landowners have very little control over their own lands illuminated by interviews with native american landholders this book is essential reading for anyone who is interested in what happened as a result of the federal government's quasi privatization of native lands a bestseller in its first edition liquid detergents second edition captures the most significant advances since 1996 maintaining its reputation as a first stop reference in all fundamental theories practical applications and manufacturing aspects of liquid detergents featuring new material and updates in every chapter the book expands its coverage of emulsions to include nanoemulsions adds new data to elucidate the rheology of current commercial detergent raw materials as compared to finished products and offers a more complete theoretical treatment of the aggregation in non aqueous solvents the book now covers all rheology modifiers and thickeners for detergent applications

antibacterial and sensorial light duty liquid products color fabric care and wrinkle reduction in heavy duty liquid detergents and household cleaning wipes in specialty liquid household surface cleaners rewriting the chapters on the latest improvements and growing benefits in fabric softeners liquid hand soaps and body washes and shampoos and conditioners the latter contains extensive summaries of patents for various new products and technologies the final chapter dedicated to the manufacturing of liquid detergents offers a discussion on continuous vs batch processes and micro contamination the most comprehensive guide of its kind liquid detergents second edition is a balanced and practical reference that will continue to inspire students researchers chemists and product developers in detergent industry surfactant science and industrial chemistry

Ford Fiesta 1997 this book profiles four generations of women from one afro cuban religious family from a plantation in havana province in the 1890s to a religious center in spanish harlem in the 1960s these women were connected by their prominent roles as leaders in the religions they practiced and the dramatic ritual artwork they created each woman was a medium in espiritismo communicating with dead ancestors for guidance or insight and also a santera or priest of santería who could intervene with the oricha pantheon kristine juncker argues that by creating art for more than one religion these women shatter the popular assumption that afro caribbean religions are exclusive organizations most remarkably the portraiture sculptures and photographs in afro cuban religious arts offer rare glimpses into the rituals and iconography of these religions santería altars are closely guarded limited to initiates and typically destroyed upon the death of the santera while espiritismo artifacts are rarely considered valuable enough to pass on the unique and protean cultural legacy detailed here reveals insights into how ritual art became popular imagery sparked a wider dialogue about culture inheritance attracted new practitioners and enabled the movement to explode internationally
