original production the story centres on gabriel conroy on the night of the morkan sisters annual dance and dinner in the first week of january 1904 perhaps the feast of the epiphany january 6 typical of the stories in dubliners the dead develops toward a moment of painful self awareness joyce described this as an epiphany the narrative generally concentrates on gabriel s insecurities his social awkwardness and the defensive way he copes with his discomfort the story culminates at the point when gabriel discovers that through years of marriage there was much he never knew of his wife s past joyce house the fictional morkan sisters home 15 usher s island dublin upon arriving at the party with his wife gabriel makes a joke that is not funny about the maid s marriage prospects and he fidgets adjusts his clothing and offers her money as a holiday present not long after that he gets flustered again when his wife pokes fun at him over a conversation they had earlier in which he had forced her to wear galoshes for the bad weather with such episodes gabriel is depicted as particularly pathetic similarly gabriel is unsure about quoting a poem from the poet robert browning when he is giving his dinner address as he is afraid to be seen as pretentious but at the same time gabriel considers himself above the others when he speculates that his audience would not understand the words he uses that approach the text and essays are further complemented by an introduction providing biographical and historical contexts to joyce and the dead a survey of critical responses to the story since its initial publication and a glossary of critical and theoretical terms

resource by means of which to claim precedence the book gives a clear picture of the structure and ethos of the indigenous toraja religion the aluk to dolo or way of the ancestors with its complex cycle of rituals the book concludes with an analysis of the ceremonial economy which draws upon both domestic subsistence production and the global market economy paths and rivers draws together a fascinating picture of one society's journey into modernity there is an old jewish adage that pretty much sums up israel's experience among the nations for the last 2 000 years scratch a gentile the saying goes and you're sure to find an anti semite that notion is given credence by the fact that the first two millennia of the jewish christian encounter culminated in the systematic slaughter of six million jews in the heart of christendom but dr paul r carlson author of christianity after auschwitz is cautiously optimistic that the dawn of this new millennium may lead to jewish christian amity as the church faces up to its past sins and seeks to work with the synagogue against those demonic forces which threaten civilization itself however as carlson illustrates the genocidal germ that gave birth to hitler's criminal regime still flourishes among countless christians many of whom would passionately deny they harbor any anti semitic notions or sentiments while the book is addressed primarily to carlson's fellow evangelicals both jews and christians will discover that it provides the general reader with an overview of those critical issues which scholars alone have in the past wrestled with in the post holocaust jewish christian encounter at the outset carlson is quick to concede that the late rabbi joseph b soloveitchik a scion of the great chechnowa rebbe was certainly correct when he insisted that christians have never tried to penetrate the soul of the jews they have read the bible but neglected the oral tradition by which we interpret it he noted this makes a different bible altogether for example says rav soloveitchik to equate judaism with legalism the way christian theologians are prone to do is like equating mathematics with a compilation of mathematical equations by the same token old stereotypes die hard the jew has been pictured as the arch capitalist and the arch bolshevik and chastised for being both whipsawed by contending forces says nathan c belth the soviet authorities saw jews as a threat to the state and alexander solzhenitsyn who castigated soviet terror sees jews as libertarians who brought on socialism after of course rejecting christ since time immemorial anti semites have also portrayed the jew as the greedy shady businessman or banker but they conveniently forget stories such as that of haym salomon 1740 1785 the jewish broker whose financial aid staved off starvation and desertion among american troops during our war for independence at one critical point robert morris the american financier and statesman sent a messenger to alert haym salomon of the plight of the cash strapped colonial forces the man brought the news to salomon while he was attending yom kippur services at mikveh israel synagogue in philadelphia the congregation was shocked at the intrusion on the holiest day of the jewish year but haym salomon quietly informed the messenger tell mr morris our country's appeal will not be in vain but that old canard about jews and their money remains grist for the anti semite's mill by the same token jews have not been entirely blameless when it comes to their own stereotypes of christians particularly evangelicals nathan perlmutter confessed as much during his tenure as national director of the anti defamation league adl of b'nai b'rith our image of the fundamentalist and the evangelical is a kind of collage assembled out of bits and pieces from theodore dreiser sinclair lewis and erskine caldwell he admitted even after all this time memories of the great swarm of sex ridden bible thumping caricatures continue to exert a pervasive power but evangelicals would be among the first to admit that jews have come a long way since the days of the infamous toledot yeshu or life of jesus which depicted the galilean in scandalous terms indeed the israeli author shalom ben chorin is representative of those jewish intellectuals who now believe that it is time for jesus to come home again meanwhile few christians realize just how vulnerable many jews feel in what they perceive to be christian america that perception is heightened by the 1992 american jewish year book finding that roughly 12 percent of americans of jewish heritage are now christians there is another way of looking at what i have called a disaster in the making says former us assistant secretary of state elliot abrams author of faith or fear how jews can survive in a christian america of the 6 8 million people who are jews or of jewish descent 1 1 million say they have no religion and 1 3 million have joined another religion adding up to 2 4 million abrams observes this means that one third of the people in america of jewish ethnic origin no longer report judaism as their current religion abrams italics such statistics illustrate why jewish leaders unanimously condemn those christian missionary agencies which specifically target jews for conversion they have been particularly incensed by one recent evangelical effort known as peace 2000 which aimed to convert every jew in israel to christianity by the dawn of the new millennium centuries of martyrdom are the price which the jewish people has paid for survival says brandeis scholar marshall sklare and the apostate at one stroke makes a mockery of jewish history but if the convert is contemptible in jewish eyes sklare adds the missionary all the more the missionary of jewish descent is seen as pernicious for he forces the jew to relive the history of his martyrdom all the

while pressing the claim that in approaching the jew he does so out of love what kind of love is it jews wonder that would deprive a man of his heritage sklare asks furthermore given the history of christian treatment of the jews would it not seem time at last to recognize that the jew has paid his dues and earned the right to be protected from obliteration by christian love as well as destruction by christian hate the distinguished rabbi abraham joshua heschel was even more pointed about the matter i had rather enter auschwitz he once remarked than be an object of conversion all of this leads to the opening chapter of christianity after auschwitz which introduces christians to emil fackenheim s eleventh commandment or 614th mitzvoh which decrees that jews are not permitted to grant hitler any posthumous victories through intermarriage assimilation or conversion to a faith not their own in a word they are commanded to remain jews by the same token jewish scholars are quick to recognize that any open and honest dialogue will at some point involve a frank discussion of the similarities and differences between the jewish and christian perception s of the messianic hope with that understanding the second chapter deals with the remarkable career of the late rabbi menachem mendel schneerson the seventh and last grand rebbe of the chabad lubavitch hasidim many of his talmidim or disciples believe he will ultimately be revealed as king messiah his life and work are considered within the context of that of jesus of nazareth as well as those of several pseudo messiahs who have troubled israel down through the centuries the author then makes it clear that jesus himsel edward bond plays 8 brings together recent work by the writer of the classic stage plays saved lear the pope s wedding and early morning the volume comprises five new plays and two prose essays two cups introductory essay born the third play in the colline tetralogy the first two of which appear in edward bond plays 7 premiering at the avignon festival in july 2006 people the fourth play in the colline tetralogy chair first broadcast on bbc radio 4 in april 2000 existence first broadcast on bbc radio 4 in april 2002 the under room first staged by big brum in october 2005 an intricate puzzle that is compelling in both its intellectual and emotional intensity 5 stars guardian freedom and drama an extended disquisition on the relationship of drama to the self and society in which bond argues that drama alone can create human meaning allan thompson arrives in waco texas for a mission of utmost importance protect a terrorist s mistress from being the next victim on his hit list but when the mission goes down wrong jenny brant is nearly killed and allan begins a new mission protect her at all costs as her faux husband until she can regain her memories everything about the mission seems wrong all starting with one jenny brant who doesn t fit the profile of the kind of woman wilson usually hooks up with allan and his team must protect her but at what cost to his own sanity or his heart jenny brant begins to regain her memories but when she learns she has a huge inheritance that wilson wants by marrying her and the agent allan thompson will marry her instead to secret her money away with the agency s protection she still can t remember why she would have been a killer s main squeeze when wilson s thugs try to return her to him she becomes less sure of who the good guys are and who she truly is the only thing she knows for certain if someone doesn t take down wilson her life is forfeit combining fact and fiction epic and miniature horror and comedy this book tells stories about love and death truth and lies myth and reality range across many epochs and settings from 1861 to 1865 the region along the missouri kansas border was the scene of unbelievable death and destruction thousands died millions of dollars in property was lost entire populations were violently uprooted it was here also that some of the greatest atrocities in american history occurred yet in the great national tragedy of the civil war this savage warfare has seemed a minor episode drawing from a wide array of contemporary documents including diaries letters and firsthand newspaper accounts thomas goodrich presents a hair raising report of life in this merciless guerrilla war filled with dramatic detail black flag reveals war at its very worst told in the words of the participants themselves bushwhackers and jayhawkers soldiers and civilians scouts spies runaway slaves the generals and the guerrillas all step forward to tell of their terrifying ordeals
