Wringing Success from Failure in Late-Developing Countries

2020-06-20

increasingly the role of management and governance is recognized as important for providing and delivering effective services at all levels of education in view of the growing demand for more and better services at secondary education levels these are crucial issues that must be addressed urgently sub saharan africa s secondary education and training systems must become more efficient and more effective the current unit costs of junior and senior secondary education in most african countries prevent massive expansion of post primary education this demands a holistic approach to governance and management issues

2023-05-16

21/32

in parallel there is a demand from civil society and governments for greater accountability this study aims to present best practices and identify sustainable development plans for expansion and improved quality and efficiency in the delivery of secondary education in sub saharan africa through better governance management and accountability

Management of River Basins and Dams

2007-11-01

originally published in 1990 this book reveals the extent to which petty landlordism is developing not just in the african urban settlements that have sprung up but in government sponsored low cost housing estates the first part of the book traces african governments changing responses to urban growth since the 1960s the second presents case studies of housing markets and landlord tenant relations north and south of the sahara the third examines world bank involvement and the book ends by considering policy implications

housing matters no matter when or where this volume of collected essays on housing in colonial and postcolonial africa seeks to elaborate the how and the why housing is much more than a living everyday practice it unfolds in its disparate dimensions of time space and agency context dependent it acquires diverse often ambivalent meanings housing can be a promise an unfulfilled dream a tool of self and class assertion a negotiation process or a means to achieve other ends our focus lies in analyzing housing in its multifacetedness be it a lens to offer insights into complex processes that shape societies be it a tool of empire to exercise control over private relations of inhabitants or be it a means to create good obedient and productive citizens contributions to this volume range from the field of history to architecture and urban planning african studies linguistics and literature the individual case studies home in on specific aspects and dimensions of housing and seek to bring them into dialogue with each other by doing so the volume aims to add to the vibrant academic debate on studying urban practices and their significance for current social change

Globalization and Poverty

1965

in this new history of music in zimbabwe mhoze chikowero deftly uses african sources to interrogate the copious colonial archive reading it as a confessional voice along and against the grain to write a complex history of music colonialism and african self liberation chikowero s book begins in the 1890s with missionary crusades against african performative cultures and african students being inducted into mission bands which contextualize the music of segregated urban and mining company dance halls in the 1930s and he builds genealogies of the chimurenga music later popularized by guerrilla artists like dorothy masuku zexie manatsa thomas mapfumo and others in the 1970s chikowero shows how africans deployed their music and indigenous knowledge systems to fight for their freedom from british colonial domination and to assert their cultural sovereignty
