the renowned theologian brings luther and cosmology into dialogue with radical theological movements that have their point of departure in deconstruction george pattison

author of eternal god saving time john d caputo stretches his project as a radical theologian to new limits in this groundbreaking book mapping out his summative theological position he identifies with martin luther to take on notions of the hidden god the theology of the cross confessional theology and natural theology caputo also confronts the dark side of the cross with its correlation to lynching and racial and sexual discrimination caputo is clear that he is not writing as any kind of orthodox lutheran but is instead engaging with a radical view of theology cosmology and poetics of the cross readers will recognize caputo s signature themes hermeneutics deconstruction weakness and the call as well as his unique voice as he writes about moral life and our strivings for joy against contemporary society and politics this work will be eagerly awaited and immediately read by john d caputo s many followers they will be looking for him to fill out the big picture which makes manifest for the first time all the parts and pieces he has contributed to the theological project he launched early in the previous decade carl raschke author of postmodern theology caputo is always distinctive george pattison author of eternal god saving time

a journey is a collaboration and culmination of many steps sometimes our steps move us forward or backwards sometimes we take steps to the left or to the right our goal should be that our steps move us toward a definite destination we hope that our steps are taking us nearer to that which will make us stronger better or even be greater people as our steps are crucial our end point is as well if we want to have the life that god has in store for us we need to be walking toward him daily god has a life of peace and joy for us not problem free but one of peace not without tribulations or trouble but one of triumph in order for us to possess this life god has to be our end destination he has to be the one that we are focusing and he has to be the one that we are depending upon in order for us to grow in the lord and step closer to him we must be intentional it would be wonderful if we could just wake up and be spiritually stronger than we have ever been before but that is not reality we must be systematic and strategic if we are going to grow in the lord this book will help and lead you to grow spiritually jesus said if we are to follow him we are to take up our cross daily one step closer is a tool that will not only strengthen us now it will impact our eternity

help i ve been ambushed by old age and i don t know what to do my gait has slowed my girth has expanded and my get up and go has run out of gas such is the sentiment of many older adults who realize that their seventy year warranty psalm 90 10 is running out and they face a future of concerns and uncertainties getting old and growing old are not the same to get old simply do nothing the clock and the calendar will do all the work for you but to grow old while maintaining and mastering a plan for ongoing purposefulness is a pursuit many have chosen to follow here is a look at the good the bad and the ugly of the aging process we all must die but we should seek ways to live well even in our waning years a myriad of ways as to how to accomplish that goal are available to us some of which are presented here

this book is a topical index for the new king james version of the bible the reason author terry r trammell created this index is that even though he knew where many topics may be located it would help many other people who were less knowledgeable he decided to put something together that would help others in their studies by having a topical index helping them to locate particular subjects and topics more easily like it has him this will save more time than using concordances as they help you look for words not topics this new king james version topical index covers all sixty six books of the bible both the old and new testaments in this topical index you will find that all the books will have a heading a sub heading a list of the topics that are within that particular book plus the page number of where that topic begins and ends it has already helped mr

trammell a great deal he is sure it will help you in your study of god s word as well even if you are not studying as a student but are just looking for a certain topic this topical index will be of great use

every christian who has believed in christ and received him as lord and saviour must enroll and make progress in the school of the one in whom he has believed and who is the way the truth and the life genuine conversion should lead to a radical end to sin and a radical commitment to the truth in this book z t formum shows us how he himself cooperated with god to root out all lies and falsehoods from his life it exposes through characters from the old and new testaments the manifestations of lying in many practical aspects of life it is a burden borne and deposited to produce a deep love for truth and a deep hatred of lies and falsehood in the church this book is a must read and recommended to stir the conscience of every believer to the fact that one of the qualifications to be an overcomer alongside the heavenly bridegroom is to have a mouth in which no lie is found

there are many devotional books available containing brief daily inspirations that benefit all who read them this book is different in two respects the first is obvious it contains two readings per day 732 in all the second more important difference is that the author wanted to do more than offer inspiration this would make this book no different than so many others the messages in the book are study sketches in that the content is not only inspirational but also educational challenging and encouraging most of these writings were based on author michael j akers s teaching of adult bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the word of god

americans revere their constitution however most of us are unaware how tumultuous and improbable the drafting and ratification processes were as benjamin franklin keenly

observed any assembly of men bring with them all their prejudices their passions their errors of opinion their local interests and their selfish views one need not deny that the framers had good intentions in order to believe that they also had interests based on prodigious research and told largely through the voices of the participants michael klarman s the framers coup narrates how the framers clashing interests shaped the constitution and american history itself the philadelphia convention could easily have been a failure and the risk of collapse was always present had the convention dissolved any number of adverse outcomes could have resulted including civil war or a reversion to monarchy not only does klarman capture the knife s edge atmosphere of the convention he populates his narrative with riveting and colorful stories the rebellion of debtor farmers in massachusetts george washington s uncertainty about whether to attend gunning bedford s threat to turn to a european prince if the small states were denied equal representation in the senate slave states threats to take their marbles and go home if denied representation for their slaves hamilton s quasi monarchist speech to the convention and patrick henry s herculean efforts to defeat the constitution in virginia through demagoguery and conspiracy theories the framers coup is more than a compendium of great stories however and the powerful arguments that feature throughout will reshape our understanding of the nation s founding simply put the constitutional convention almost didn t happen and once it happened it almost failed and even after the convention succeeded the constitution it produced almost failed to be ratified just as importantly the constitution was hardly the product of philosophical reflections by brilliant disinterested statesmen but rather ordinary interest group politics multiple conflicting interests had a say from creditors and debtors to city dwellers and backwoodsmen the upper class overwhelmingly supported the constitution many working class colonists were more dubious slave states and nonslave states had different perspectives on how well the constitution served their interests ultimately both the constitution s content and its ratification process raise troubling questions about democratic legitimacy the federalists were eager to avoid full fledged democratic deliberation over the constitution and the document that was ratified was stacked in favor of their preferences and in terms of substance the constitution was a significant departure from the more democratic state constitutions of the 1770s definitive and authoritative the framers coup explains why the framers preferred such a constitution and how they managed to persuade the country to adopt it we have lived with the consequences both positive and negative ever since

Old Testament.- v. 3. New Testament

this work originally published in 1766 unfolds the spiritual meaning of the book of revelation it shows that by the seven churches in asia to whom this prophecy is addressed are meant the different classes of christians of the present day that the last judgment is not an event that is to occur at some future time in the natural world but one that has already taken place in the world of spirits and that the new jerusalem coming down like a bride out of heaven symbolizes a new dispensation of truth now descending into the minds of men incidentally it explains numerous passages from other parts of the word instructive narratives of things seen in the spiritual world are also interspersed between the chapters
