divided into three ranks first second and third class this volume examines the rules according to which egyptian sacred buildings were classified and how the different classes of temples were planned and arranged the neu med project is part of the horizon 2020 programme in the erc advanced project category it began in october 2015 and will be concluded in october 2020 the university of siena is the host institution of the project the project is focussed upon two tuscan riverine corridors leading from the gulf of follonica in the tyrrhenian sea to the colline metallifere it aims to document and analyze the form and timeframe of economic growth in this part of the mediterranean which took place between the 7th and the 12thc central to this is an understanding of the processes of change in human settlements in the natural and farming landscapes in relation to the exploitation of resources and in the implementation of differing political strategies this volume brings together the research presented at the first neumed workshop held in siena on 11 12 april 2017 the aim of the workshop was to draw up an initial survey of research and related work on the project one and a half years after its inception the project is composed of several research units each unit covers an aspect of the interdisciplinary research underpinning the neu med project each with their own methodology for this first volume of results it was decided not to give an account of all the work carried out within all the units but to select those lines of investigation which at the end of the first year and a half have made it possible to articulate and develop an interdisciplinary research strategy consists of separately numbered series of publications of the parlamento as a whole the senato and the camera dei deputati each session is divided into disegni di leggi documenti and discussioni each issue consists of the consolidated text of a regulation incorporating all amendments in
