this book presents basic postulates concerning many esoteric concepts these include the concept of god what constitutes evil the nature and function of karma the manifestation of energy from the subtle planes of perception the nature of manifest divinity as veiled by the concept of the christ in the bible and the mysteries of being the analysis moves from my earlier buddhist writings to focus upon the information in the bible especially in relation to the nature of the reappearance of the christ which here is equated with the externalisation process of the hierarchy of enlightened being this doctrine concerns the mode of the evolution of transcendent perception by humanity the awakening of higher spiritual perceptions via the enlightenment path and the understanding of the psychic constitution of the nāḍīs and chakras are also explained a syncretic approach is therefore espoused through the comparison between eastern doctrines and the presented esoteric christianity in doing so many of the veiled hidden mysteries in the gospel story and the book of genesis are revealed the text shows how these religions are but aspects of one fundamental religious evolution of the historical development of what is known in the east as the dharma and in the western tradition as the law of god

revelation is one of those words that are always connected to the bible the bible even has its own book called revelation in webster s new world dictionary it describes the meaning of revelation as a striking disclosure of something not previously known or realized everyone preach about the power of revelation to change the world but one must first need revelation to change oneself we should always take note that even in our present situations we need to seek out god s plan and wisdom for our lives by giving him glory in all things john 17 3 states and this is eternal life that they may know thee me the only true god and jesus christ whom thou i has sent revelation can come through prophecy dreams and visions revelations also exposes darkness many times we see darkness prevail all around us like a sinister blanket but the lord sees darkness in the end time as a good thing in which it must be fulfilled according to the biblical scriptures and must also be judged god expects us to have life and have it more abundantly in order to see his fullness we must be will to strip off the scales of sin that keeps god promises from being revealed will you be that special person to receive his revelations and become a greater force in manifesting god s word to others
