Soar

2010-03

dr white a well known cardiologist has written this timely book to help people improve both their physical and spiritual health it involves a systematic approach to evaluate physical health nutrition fitness and quality of relationships his perspective as a cardiologist is unique he relates stories from his experience regarding real patients and how they either improved their health when faced with challenges and soared or did not this creates empathy for the reader and makes it an interesting read the book is full of many practical suggestions for health improvement and it is not a dull encyclopedia of medical facts it comes alive with patient examples if you want to see your doctor less and enjoy life more this is a must read for anyone interested in prevention and optimal health for more information about health prevention seminars go to soartotalhealthimprovement.com

Soar: the Workbook

2009-12-30

see your doctor less enjoy life more this workbook accompanies the book soar achieving your best possible health through awareness the workbook presentation is a practical and easy to use self help program to help you improve your total physical and spiritual health this book is used in dr white s health improvement seminars

To Soar

2011-11-16

how many of us have looked up to see the birds soaring effortlessly in the sky and wished that we could feel their freedom those of us still earthbound can in a way soar if we open our hearts and minds to the limitless things around us a slight attitude adjustment is sometimes all that is needed to give us the feeling of calm so often sought and set our spirits free in to soar life is an attitude joan moos shows us through her poetry that we should make conscious choices to deal in a positive way with new situations in our lives just a walk in the park can find a treasure trove of new wonders leafing through a photo album can release memories of happy times and learning something new can be most rewarding in part six of to soar moos introduces us to the joy of actual soaring flight a pathway that she herself has taken there are always new horizons to see new wonders yet to behold and new goals still to pursue each of us must continue to make the most of every moment that we have been granted and be ready to soar

Eye Soar's Trials... Tribulations... & Blessed Treasures

2012-05-08

having been inspired by dreams ideas entertainment history fiction and non fiction and so much more in life eye soars trials tribulations blessed treasures is a culmination of poems that have been written over a number of years by david l slaughter ii as such you will find poems that deal with military and war whether on the broad spectrum or from an individual perspective political stances love of family faith in god dreams fears and anxieties as well as lighthearted poems that still possess a message in their own right of course not all the poems contained within are based on what has inspired david but also to inspire others to overcome their own demons problems self esteem issues concerns etc with the hope that the reader whether reading those that have inspired or to inspire will gain a perspective for themselves to relate to if we find relation in our own lives by the words of another we also find we learn and grow

Channels of the Heart

The North American Review

2010-04-21

america has a huge problem it faces four major challenges on which its future depends and it is failing to meet them in what s wrong with america thomas l friedman and michael mandelbaum analyze those challenges globalization the revolution in information technology the nation s chronic deficits and its pattern of energy consumption and spell out what needs to be done now to rediscover america s power and prowess they explain how the end of the cold war blinded the nation to the need to address these issues seriously they show how america s history when properly understood provides the key to coping successfully and explain how the paralysis of the us political system and the erosion of key american values have made it impossible to carry out the policies the country needs what s wrong with america is both a searching exploration of the american condition today and a rousing manifesto for american renewal

That Used To Be Us

2000

time is running out the planeswalker teferi at last returns to his home plane only to find it devastated and barren time itself is fracturing and it s up to teferi and his companions to find a way to halt the collapse it won t be easy when his allies are poised to turn against him about the author scott mcgough recently moved to farm country and can now compare the urban suburban and agrarian lifestyles not surprisingly his first choice hasn t changed since

childhood all things being equal he d rather be down the shore scott worked on the duelist magazine before joining the creative team for magic the gathering he worked on almost all the urza phyrexia saga and has since written eight novels and a handful of short stories for magic the gathering all this and yet he has only ever appeared on one magic card though he finds this burden bitter and onerous he will at least admit that that it s a really good picture from the paperback edition

Time Spiral

2001

for anyone who knows first hand the evil of which humans are capable and who live with the consequences of evil that has been perpetrated upon them this book offers innovative perspectives on thee healing for the rapists who deal with the toughest issues of abuse and its aftermath the synthesis of narrative trance and relationship approaches provides a practice expanding vision of positive therapevtie interactive

The Problem of Evil

2014-07-02

god explains our true purpose in his own brilliant way you ll never look at the world or the language in the same way again

The Whole Truth

2012-12-06

the reason i wrote this book was to make available stories that prove it is not too late i had discernment that i should write short stories and mix various topics with both humor and eternal consequences on october 30 2012 i was on an elevator flirting with several women i walked off that elevator with an idea a book about flirting during the first week of november 2012 i asked jesus to give me ideas for a book in 48 hours the holy spirit gave me 130 ideas for a book sixty weeks and 950 hours of work later i have a complete manuscript the bible says im just a filthy rag im not a preacher because im not called and would be unworthy im not a teacher because i would have no patience and im not a speaker because im very shy with large groups therefore the printed virgin maybe im an explainer i prefer to explain my faults and sins rather than point at others there is a fine line between being judgmental and attempting to explain the truth i once was told from an old fashioned fire and brimstone preacher that he did not judge people but people judged themselves with their actions if u are truly told by the son of god to give someone a message u better do it u are not going to like your life for being disobedient however u may temporarily not like your life for being obedient it is a strange dichotomy in the dilemma of life we have to not wither but have planted seeds in the good ground of life to withstand the persecution i truly hope those who may feel offended by my humor or bibles truths will understand that im speaking from my heart and only want to help and im incapable of expressing the right words at the right time in person please remember im in this struggle too just because i have written a book does not mean i am exempted from hell a walk with jesus and temptation from the devil is a daily battle i need your prayers im a long ways from where i want to be in christ larry

U Can'T Make This Stuff Up

2012

recent advances in mobile and wireless communication and personal computer technology have created a new paradigm for information processing today mobile and wireless communications exit in many forms providing different types of services existing forms of mobile and wireless communications continue to experience rapid growth and new applications and approaches are being spawned at an increasing rate recently the mobile and wireless internet has become one of the most important issues in the telecommunications arena the development of the mobile and wireless internet is the evolution of several different technologies coming together to make the internet more accessible technologies such as the internet wireless networks and mobile computing have merged to form the mobile and wireless internet the mobile and wireless internet extends traditional internet and world wide services to wireless devices such as cellular phones personal digital assistants pdas and notebooks mobile and wireless internet c an give users access to personalized information anytime and anywhere they need it and thus empower them to make decisions more quickly and bring them closer to friends family and work colleagues wireless data communication methods have been around for sometime

Mobile and Wireless Internet

1841

the author is passionately concerned about the quality of society the eighty short chapters of this book dip into his thoughts on people and their problems and values the title recalls jules verne s eighty days around the world

Eighty Days and Eighty Nights

1971

the fourth instalment in the gap sequence stephen donaldson s fascinating universe peopled with characters of a passion and intensity only he could create as the planetoid thanatos minor explodes into atoms the trumpet hurtles into space just one step ahead of hostile pursuers on board the trumpet are nick succorso morn hyland her force grown son davies and the cyborg angus thermopyle old enemies now thrown together in a desperate bid for survival the only hope for the exhausted crew is an illegal lab in a distant binary solar system and that means a journey of unpredictable dangers from which they may not return
