

English for Writing Research Papers

2011-04-01

publishing your research in an international journal is key to your success in academia this guide is based on a study of referees reports and letters from journal editors on reasons why papers written by non native researchers are rejected due to problems with english usage it draws on english related errors from around 5000 papers written by non native authors 500 abstracts by phd students and over 1000 hours of teaching researchers how to write and present research papers with easy to follow rules and tips and with examples taken from published and unpublished papers you will learn how to prepare and structure a manuscript increase readability and reduce the number of mistakes you make in english by writing concisely with no redundancy and no ambiguity plan and organize your paper and structure each paragraph and each sentence so that the reader can easily follow the logical build up towards various conclusions write a title and an abstract that will attract attention and be read decide what to include in the various parts of the paper introduction methodology discussion etc select from over 700 useful phrases highlight your claims and contribution avoid plagiarism and make it 100 clear whether you are referring to your own work or someone else s choose the correct tenses and style active or passive other books in the series english for presentations at international conferences english for academic correspondence and socializing english for research usage style and grammar english for academic research grammar vocabulary writing exercises adrian wallwork is the author of more than 20 elt and eap textbooks he has trained several thousand phd students and academics from 35 countries to prepare and give presentations since 1984 he has been revising research papers and in 2009 he set up englishforacademics.com a proofreading and editing service specifically for researchers

PhraseBook for Writing Papers and

Research in English

2007-01-01

the phrasebook for writing papers and research gives you a bank of over 5000 words and phrases to help you write present and publish in english phrases are divided into around 30 main sections such as introducing a study arguing for and against reviewing other work summarizing and conclusions writing help sections give advice on university and research writing helping you to avoid many common errors in english main chapters include style spelling punctuation grammar vocabulary numbers and time the 4th edition also includes a university and research thesaurus to help you improve your academic vocabulary as well as a glossary of university and research terminology the phrasebook is used in more than 30 countries in subjects ranging from medicine engineering science and technology to law business and economics geography history sociology psychology language and education over 5000 words and phrases to help you write present and publish in english written by phd authors specially designed for non native speakers suitable for university and research writing from student to researcher and faculty level includes most frequent words in academic english exercises for individual and classroom use british and american english this material prepared by experienced editors is certainly very useful photosynthetica example phrases introducing your work the study will begin by outlining this study addresses a number of issues the following section sets out to examine the research problem in detail to shed light on a number of problem areas in current theory the paper presented here is based in part on an earlier study arguing for and against this becomes clear when one examines this lends weight to the argument that support for this interpretation comes from while it may well be valid that this study argues the importance of a serious drawback of this approach is one of the prime failings of this theory or explanation is reviewing other work x takes little or no account of there is little evidence to suggest that the study offers only cursory examination of x gives a detailed if not always tenable analysis of the authors claim that is not well founded x s explanation is not implausible if not entirely satisfactory analysis and explanation if for the sake of argument we assume one of the most

obvious consequences of is although it may well be true that it is important not to overlook it is important to distinguish carefully between the extent to which this reflects is unclear a more plausible explanation for or of would the reason for is unknown but has been suggested by x as a possible factor summary and conclusions concluding this section we can say that chapter x draws together the main findings of the paper a number of key issues have been addressed in this study this study has highlighted a number of problem areas in existing theory while the initial findings are promising further research is necessary the results of this study suggest a number of new avenues for research

Writing and Publishing Science Research Papers in English

2013-10-11

this book provides a comprehensive review of the current knowledge on writing and publishing scientific research papers and the social contexts it deals with both english and non anglophone science writers and presents a global perspective and an international focus the book collects and synthesizes research from a range of disciplines including applied linguistics the sociology of science sociolinguistics bibliometrics composition studies and science education this multidisciplinary approach helps the reader gain a solid understanding of the subject divided into three parts the book considers the context of scientific papers the text itself and the people involved it explains how the typical sections of scientific papers are structured standard english scientific writing style is also compared with science papers written in other languages the book discusses the strengths and challenges faced by people with different degrees of science writing expertise and the role of journal editors and reviewers

CTET Central Teacher Eligibility Test A Complete Guide Paper-1 (For Class: I-V) with Latest Solved Paper

2023-10-31

as its title suggests this book is a selection of papers that use english corpora to study language variation along three dimensions time place and genre in broad terms the book aims to bridge the gap between corpus linguistics and sociolinguistics and to increase our knowledge of the characteristics of english language it includes eleven papers which address a variety of research questions but with the commonality of a corpus based methodology some of the contributions deal with language

variation in time either by looking into historical corpora of English or by adopting the method known as diachronic comparable corpus linguistics thus illustrating how corpora can be used to illuminate either historical or recent developments of English other studies investigate variation in space by comparing different varieties of English including some of the new Englishes such as the South Asian varieties of English finally some of the papers deal with variation in genre by looking into the use of language for specific purposes through the inspection of medical articles social reports and academic writing
