s the mole who s the fbi insider in the trump campaign was steele credible simpson says that he was opposed to trump but does he think there was collusion with the russians what about bruce and nellie ohr author daniel david elles was on the 2010 ballot for michigan house of representatives as an independent in macomb county michigan home of the reagan democrats he states perhaps we are fly over country but we make up a significant voting percentage of our great nation in february he wrote about simpson specifically stating that the fbi had an internal human source in the trump campaign three months later it hit the news networks what facts are the mainstream media failing to tell us finally no bias no bull we don t need to read about anonymous sources in a paper s propagandists print we don t need to watch hundreds of hours of congressional testimony we don t need to listen to biased broadcast beaming into our homes and uttering unconfirmed nonsense with questions from congress rep adam schiff d ca and rep trey gowdy r ca and many more you will get the facts straight from the source fusion gps founder ceo glenn simpson cia director brennan fbi director comey doj associate deputy ag bruce ohr fbi deputy assistant director peter strzok former mi6 crown servant christopher steele u k court records who knew what and when the steele dossier purposely does not publish news articles from the right or the left instead it incorporates high ranking officials under oath testimony to congress and declarations contained in official court documents in america and across the pond from steele s sworn statement of truth in the queen s high bench division to the conclusions made in simpson s testimonies before the house and the senate you will be in the center of the action how s that because simpson s final hour of his senate examination is included in full no edits moreover this untelevised examination was conducted by attorneys for senator grassley r ia and senator feinstein d ca not politicians in reading over 3 000 pages of congressional testimony articles from every angle letters memos from politicians the steele dossier cuts through the political bias by publishing facts for example below are some simpson quotes that we never heard it s sort of like when you re a journalist you don t really decide who s telling the truth the orthodox church is also an arm of the russian state we were encouraging the media to ask questions about whether the fbi i knew it was the dnc that we were working for i was asked to provide some information to the justice department putin essentially took over the russian jewish community and leadership the russians were interested in making friends with republicans there was a lot of jewish immigration and a lot of those people became very successful and wealthy in british intelligence the methodology s a little different from american intelligence there
