short subject films have a long history in american cinemas these
could be anywhere from 2 to 40 minutes long and were used as a
filler in a picture show that would include a cartoon a newsreel
possibly a serial and a short before launching into the feature film
shorts could tackle any topic of interest an unusual travelogue a
comedy musical revues sports nature or popular vaudeville acts
with the advent of sound on film in the mid to late 1920s makers
of earlier silent short subjects began experimenting with the short
films using them as a testing ground for the use of sound in
feature movies after the second world war and the rising
popularity of television short subject films became far too
expensive to produce and they had mostly disappeared from the
screens by the late 1950s this encyclopedia offers comprehensive
listings of american short subject films from the 1920s through the
1950s
