Meteor Boys 2009-03-30

through the first hand experiences of pilots and ground crew the author of javelin boys chronicles the history of the raf s first jet engined aircraft as britain s first jet fighter the gloster meteor has had a remarkably varied and lengthy life but while many books have focused on its development and service history the time has come to hear the personal experiences of its air and ground crews by interviewing over thirty veterans author and meteor veteran steve bond has written an incredibly detailed insight into this iconic aircraft

which is supported by anecdotes and accounts from those who knew it best one example is alan mcdonald who described the meteor as a bit unforgiving if you got it wrong as many pilots found out to their cost especially on one engine but i must admit i got to like it very much it was a great adrenaline rush alongside these entertaining anecdotes are details of the meteor s origins and developments starting with the first deliveries in 1944 working through to the present day bond documents the diverse role that the meteor has had from operations against the v1 and photo reconnaissance missions to its use as a training machine and later as a display aircraft the book also features photographs never seen before in print this detailed history of this iconic and much loved jet fighter will appeal to all aviation fans bond has done a great job with this book with many personal accounts of the people that were involved every day in the life of the meteor highly recommended international plastic modelers society usa
