not only timeless but timely he must speak to his own generation the message of this book is indeed both timeless and timely tozer is primarily concerned with the loss of the concept of majesty from the popular mind and more importantly in the thinking of the church he sees the church as having surrendered her once lofty concept of god not deliberately but little by little and without her knowledge with this comes a further loss of religious awe and a sense of the divine presence of an appropriate spirit of worship and of our ability to withdraw inwardly to meet god in adoring silence tozer attempts to address this problem to go back to the causes of the decline and to understand and correct the errors that have given rise to our loss of a sense of the holy it is impossible to keep our moral practices sound and our inward attitudes right while our idea of god is erroneous or inadequate he tells us the subject discussed in the following pages cannot occupy a position too prominent in our christianity nor can it be a theme presented too frequently for our contemplation all that we spiritually know of ourselves all that we know of god and of jesus and his word we owe to the teaching of the holy spirit and all the real light sanctification strength and comfort we are made to possess on our way to glory we must ascribe to him preface recently discovered parchments in the egyptian university of al azhar have finally made it possible to retrace the spot where the holy grail has been kept for the last 1 000 years the authors a medieval history lecturer and an art historian came across the clues leading to the grail's discovery when carrying out research in cairo the evidence in the ancient egyptian parchments led them on a three year investigation as they traced the grail's journey across the egyptian desert

acts of special interest to those studying lucan pneumatology or new testament
pneumatology excerpt in english speaking countries the church has been at a disadvantage
in the way in which she has had to expound her doctrine for she has been forced for many
years to limit her attention just to those parts of her teaching wherein the protestant bodies
parted company from her without any desire to stir up barren controversy she has naturally
in self defence been at pains most precisely to define those portions of her gospel most
likely to be misunderstood this has resulted unfortunately in her leaving in the background
the other mysteries of faith often richer in themselves more helpful to her children now
however that she is becoming more able to realize herself to the modern world an
opportunity opens for explaining hidden doctrines of which the value to the catholic in the
development of his inner life is considerable it is to further this development that these
meditations have been drawn up since hardly anything can render us more sensible of our
worth and christian dignity than does the teaching of our lord on the indwelling of the spirit
of god cardinal manning has indeed made this the subject of two volumes the internal

this classic of christian testimony and devotion explores the attributes of god in words that fly straight to the heart a superb aid to strengthening and deepening the spiritual life each chapter begins with a prayer lucidly discusses a divine aspect from god s infinity to god s love and relates that aspect to today s world while pointing always to god s wonder and inscrutability a w tozer asserts that the cause of many of our modern spiritual woes is the

loss in today's church of a lofty concept of god he argues persuasively that the cure lies in our rediscovery of god's majesty true religion confronts earth with heaven and brings eternity to bear upon time says the author in his preface the messenger of christ though he speaks from god must also as the quakers used to say speak to the condition of his hearers otherwise he will speak a language known only to himself his message must be not only timeless but timely he must speak to his own generation the message of this book is indeed both timeless and timely tozer is primarily concerned with the loss of the concept of majesty from the popular mind and more importantly in the thinking of the church he sees the church as having surrendered her once lofty concept of god not deliberately but little by little and without her knowledge with this comes a further loss of religious awe and a sense of the divine presence of an appropriate spirit of worship and of our ability to withdraw inwardly to meet god in adoring silence tozer attempts to address this problem to go back to the causes of the decline and to understand and correct the errors that have given rise to our loss of a sense of the holy it is impossible to keep our moral practices sound and our inward attitudes right while our idea of god is erroneous or inadequate he tells us
