Introduction to Research E-Book 2019-10-23

the yuchis are one of the least known yet most distinctive of the native groups in the american southeast located in late prehistoric times in eastern tennessee they played an important historical role at various times during the last five centuries and in many ways served as a bridge between their southeastern neighbors and native communities in the northeast first noted by the de soto expedition in the sixteenth century the yuchis moved several times and made many alliances over the next few centuries the famous naturalist william bartram visited a yuchi town in 1775 at a time when the yuchis had moved near and become allied with creek communities in georgia this alliance had long lasting repercussions when the united states government forced most southeastern groups to move to oklahoma in the early nineteenth century the yuchis were classified as creeks and placed under the jurisdiction of the creek nation today despite the existence of a separate language and their distinct history culture and religious traditions the yuchis are not recognized as a sovereign people by the creek nation or the united states ø jason baird jackson examines the significance of community ceremonies for the yuchis today for many yuchis traditional rituals remain important to their identity and they feel an obligation to perform and renew them each year at one of three ceremonial grounds called big houses the big house acts as a periodic gathering place for the yuchis their creator and their ancestors drawing on a decade of collaborative study with tribal elders and using insights gained from ethnopoetics jackson captures in vivid detail the performance impact and motivations behind such rituals as the stomp dance the green corn ceremony and the soup dance and

discusses their continuing importance to the community

FRENCH CHEF HANDBOOK 1978

how did one dine with a shogun or make solid gold soup sculpt with a fish or turn seaweed into a symbol of happiness in this fresh look at japanese culinary history eric c rath delves into the writings of medieval and early modern japanese chefs to answer these and other provocative questions and to trace the development of japanese cuisine from 1400 to 1868 rath shows how medieval fantasy food rituals where food was revered as symbol rather than consumed were continued by early modern writers the book offers the first extensive introduction to japanese cookbooks recipe collections and gastronomic writings of the period and traces the origins of dishes like tempura sushi and sashimi while documenting japanese cooking styles and dining customs

Dynamic Competitive Strategy & Product Life Cycles 2003

the importance of the low countries as a centre for the study of foreign languages is well known the mutual relationship between the dutch grammatical tradition and the western european context has however been largely neglected in this collection of papers on the history of linguistics in the low countries the editors have made an effort to present the dutch tradition in connection with that of the neighbouring countries three articles by claes dibbets and klifman deal with the earliest stages of the development of a grammar for the dutch vernacular several important european figures worked in the low countries their contribution to linguistics is discussed in articles on vossius rademaker spinoza klijnsmit and one of the most original phoneticians of european linguistics montanus hulsker vivian salmon s article is a survey on the relations between english and dutch linguistics in the field of foreign

language teaching in the 19th century dutch linguistics had a special relationship with german general and historical linguistics four articles deal with this period jongeneelen van driel le loux schuringa noordegraaf finally there are three articles by kaldewij hagen and van els knops on the development of three branches of linguistics in the 20th century structuralism dialectology and applied linguistics this volume should be of interest for all specialists in the history of linguistics in europe who are interested in the interdependence of the various traditions
