do you worry about our planet with its environmental crises global warming widespread violence and global poverty do you feel powerless to change your life and impact your world what in the world is going on reframes these crises as an invitation to open our minds and hearts to a new awareness of our fundamental interdependence with all beings with breathtaking optimism it offers courage and hope to all who hold the world in their hearts and grieve crises bring opportunities we are poised to vastly expand our consciousness allowing us to address our deep fears and create communities which embrace and serve all of us the rich conversation between manjushri the tibetan teacher and the student probes the roots of our fears and challenges our common assumptions about the roles of science and markets in our world it rejects the inflated claims of our ego selves and the stifling confines of materialism the teacher assures us everything can be changed we can escape our isolation celebrate our interdependence with all beings and heal our communities the worldwide web allows us to connect with like minded people around the world this epochal shift in energy and consciousness is well underway the teacher encourages all of us to trust our emerging visions dissolve the fears shrouding our best selves and allow our natural compassion to flow out into the world

Going Real: The Value of Design in the Era of PostCapitalism

2019-10-31

guillain barre syndrome is an horrific and very frightening illness basically this illness takes away all of your bodily functions to the level where you cannot do anything for yourself even breathe and you truly believe you might die unfortunately some do the one characteristic of guillain barre syndrome is that it in no way affects the function of your brain to be fully aware of what is going on around you yet be unable to move or

even speak is mind glowingly awful it was because of the retention of all his mental faculties that the author was able to chronicle all the suffering in accurate detail this level of lucidity and accuracy makes this book a compelling read for anyone even those without the illness as a human interest tale of the biggest battle this author ever had to face of course this book will be of use to fellow sufferers and their families but it is aimed at the wider audience as well there is some biography at the start of the story to give you some idea of the authors background which saw him as a serving soldier in the armed forces nothing has been left out this story however unpalatable it may be from the rapid decline the loss of all of bodily functions and eventually the need for life support systems the story encompasses all of the highs and lows the raw emotions and personal thoughts of this illness and there are many the lighter side of the story comes later in the book dealing with the immense battle it took to regain all the physical functions which people take for granted like breathing talking eating drinking and having to learn to walk all over again at forty years of age
