an era has ended with the death of charles manson on november 19 2017 the crimes that made him infamous and his name a household word happened in 1969 or 48 years ago most people alive today do not know much about this but those who do remember him know a name that strikes fear into their hearts that fear arises because charles manson seemed to have the almost hypnotic power to bring young women under his control the members of the manson family as they came to be called would do what ever he told them to do including the most weird and perverse sexual acts leading up to and including murder charles manson was a short small man only 5 feet 2 inches tall he did not seem to have any attributes that would attract women why did young women gather around him and become so devoted to him the girls in the manson family were wholesome appearing young women from good families with a proper upbringing nicely dressed and well educated what power did charles manson have to turn such girls into vicious killers who stabbed their victims whom they did not even know numerous times and then paint the walls with their blood the fact is that charles manson himself never killed nor harmed anybody he did not want to get into trouble manson who ordered the tate labianca killings but was not present for any of them was found guilty of murder and sentenced to death he had simply instructed his followers and family members to carry out the killings his most infamous killing was a case of mistaken identity he fancied himself a song writer so he approached a song publisher with some of his songs the song publisher rejected his offerings so charles manson became enraged and determined to kill him it so happened that the new tenant to the house was roman polanski film director producer writer and actor roman polanski was especially known as director of the horror movie rosemary s baby about a woman who gives birth to a child who is the spawn of the devil as the father of the child was satan himself because roman polanski was associated with devil worship that was thought to be the reason that house was selected and the manson family broke in and killed everybody inside but in reality that was an unfortunate coincidence roman polanski was not at home at the time but his beautiful wife actress sharon tate was there and she was eight and a half months pregnant so when the manson family had broken into the house killed sharon tate stabbing her 16 times and cut the baby out of her stomach and killed the baby too that was thought to have something to do with the movie rosemary s baby where something similar happens

killing is one of the most brutal things anyone can ever do which in some states may either lead to a death sentence or a life of imprisonment for the murderer if and when they are caught murder is a crime of intention causing another individual s death without any legal justification or excuse this crime falls under the category of criminal homicide based on both federal and state law murder and homicide are considered among the most complex types of criminal behaviors moreover the classifications of murder and homicidal offenses are also complex however there are instances that it are divided into a handful categories depending on the severity the things that drives certain people to commit murder has long been the subject of debate and controversy people often find themselves wondering the reasons behind certain murders and what drives one person to kill another they wonder if the person has a conscious or even feels badly for their actions however despite the fact that there is a single slayer model there are also individuals who are capable of killing not only one but multiple people some would say that once a person has killed another individual without any legal reason he doesn t have a heart that cares he is without real love and understanding and most often doesn t believe what they have done is wrong most normal people are shocked and become deeply affected once they find that someone has killed another individual especially if it is a close friend or a relative and so the search for justice comes down and when a suspect is tried and convicted often times they will plea for forgiveness and throw themselves at the mercy of the court however the facts are that once the evidence is presented and the suspect s have been sentenced to death or life behind bars it will never change the reality that the lives affected especially the victims can never be brought back and the relatives and friends of the victims must accept this fact and simply try to get on with their lives upon reading this book you will discover an infamous true story of murder and you won t understand how a single man could control and manipulate minds
