Introduction to Sports Tourism and Event Management, An 2012-08-01 over the past decade the field of urban tourism has consolidated with the appearance of several books that concentrate upon the western european and north american experience recently the scope and range of urban

research has widened considerably including the welcome appearance of studies that examine the tourism phenomenon in cities outside the euro american heartland despite this growing international body of debate and scholarship on tourism and cities particularly in the developed north literature that relates to the developing world as a whole and to africa in particular remains sparse the task of urban tourism in the developing world the south african experience is to augment the current international scholarship concerning urban tourism in the developing world more especially the contributors draw attention to a range of case studies from south africa that provide some starting points to address the uneven scholarly coverage of urban tourism the african context has received to date in addition the research material presented here seeks to contribute toward raising the south african and indeed the african profile within growing international scholarship concerning issues of urban tourism and development this collection aims to expand an emerging south african and african tourism research voice concerning the tourism and development nexus as well as to stem critiques that this body of research appears to have developed in a theoretical vacuum divorced from broader international tourism research discourses this collection of essays not only further develops an independent south african tourism perspective but also presents research that is closely tied to international urban tourism research debates in addition this analysis of urban tourism in the south african context enriches the rather western oriented theories of urban tourism discourse through its emphasis on how urban tourism is evolving in urban africa
