retyped and designed these books are not made of scanned copies of their original work and hence the text is clear and readable this pioneering 2006 volume addresses the question of how britain's empire was lived through everyday practices in church and chapel by readers at home as embodied in sexualities or forms of citizenship as narrated in histories from the eighteenth century to the present leading historians explore the imperial experience and legacy for those located physically or imaginatively at home from the impact of empire on constructions of womanhood masculinity and class to its influence in shaping literature sexuality visual culture consumption and history writing they assess how people thought imperially not in the sense of political affiliations for or against empire but simply assuming it was there part of the given world that had made them who they were they also show how empire became a contentious focus of attention at certain moments and in particular ways this will be essential reading for scholars and students of modern britain and its empire the eagle of the empire from cyrus townsend brady journalist historian and adventure writer 1861 19200 empire the first book in the empire series is the story of an alternate earth and the empires that dwell on it the planet godsmoor exists in a state of quantum entanglement with our earth creating a symbiosis between the two the story concentrates on the affairs and times of several large and powerful empires opening with a historic amalgamation event which will join two powerful empires into one this event introduces us to our main characters beginning with the president of the united seran empire thomas ridley tom is a charismatic and passionate man dedicated to the promotion of peace in a world in desperate need of enlightenment we join him at the pinnacle of his professional life presiding over a rare and time honored tradition he hopes it will open up the world to his people and realise his dream of peace and prosperity for all empires however there are dark forces in the shadows two sizable and sinister conspiracies led by maniacal men bent on seizing power and taking the world in an entirely different and far darker direction empire is cross genre touching on historical fantasy speculative fiction and sci fi adventure with occasional pop culture references carefully sewn into the text there are many references to contemporary historical events and characters the story blends realism with fantasy covering themes of politics social commentary the military industrial complex conspiracy fascism and the human struggle to live in peace based around the post war american era this story uniquely reflects one of the most turbulent and dramatic times in history in a fresh new way unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in to both classical and medieval scholars this is the first volume in a new and important monograph series the transformation of the roman world history of the empire from the death of marcus by herodian is about roman history after the rule of marcus aurelius in which there were battles over the frontier and the coexistence of a wide variety of cultures herodian writes that the events described in his history occurred during his lifetime photius codex 99 gives an outline of the contents of this work and passes a flattering encomium on the style of herodian which he describes as clear vigorous agreeable and preserving a happy medium between an utter disregard of art and elegance and a profuse employment of the artifices and prettinesses which were known under the name of atticism at the turn of the 19th century the ottoman empire straddled three continents and encompassed extraordinary ethnic and cultural diversity among the millions of people living within its borders this text provides a concise history of the late empire between 1789 and 1918 turbulent years marked by incredible social change a master of the genre the times the eighth book in the empire sequence takes centurion marcus aquila and his tungrian legion on a dangerous mission to the heart of the parthian empire with rome no longer safe marcus and the tungrians are ordered east to the desolate border lands where rome and parthia have vied for supremacy for centuries ordered to relieve the siege of an isolated fortress their task is doomed to bloody failure unless they can turn the disaffected third legion into a fighting force capable of resisting the terrifying parthian cataphracts and marcus must travel to the enemy capital ctesiphon on a desperate mission the only man who can persuade the king of kings to halt a war that threatens the humiliation of the empire and the slaughter of his friends niall ferguson's acclaimed bestseller on the highs and lows of britain's
