Tibetan Tales, Derived from Indian Sources. Translated from the Tibetan of the Kah-Gyur

2015-08-23

excerpt from tibetan tales derived from indian sources translated from the tibetan of the kah gyur speaking of csoma korosi s literary life at calcutta m pavie says in the article which has already been cited these labours occupied his time for the space of nine years he had turned his study into a sort of cell from which he scarcely ever emerged except to walk up and down the long neighbouring galleries it was there that during our stay in bengal we very frequently saw him absorbed in a dreamy meditation smiling at his own thoughts as silent as the brahmans who were copying sanskrit texts he had forgotten europe to live amid the clouds of ancient asia early in 1842 csoma korosi left calcutta with the intention of revisiting tibet and of making his way if possible to lhasa where he was in hopes of discovering rich stores of tibetan literature as yet unknown to the learned world on the 24th of march he arrived at darji ling in nepal where the superintendent of the station dr archibald campbell did all he could to further his views but on the 6th of april he was attacked by fever and on the 11th he died a victim as professor max muller has said to his heroic devotion to the study of ancient languages and religions his wants apart from literary requirements appear to have been as few as those of any monk whether christian or buddhistic his effects says dr campbell consisted of four boxes of books and papers the suit of blue clothes which he always wore and in which he died a few shirts and one cooking pot his food was

confined to tea of which he was very fond and plain boiled rice of which he ate very little on a mat on the floor with a box of books on the four sides he sat ate slept and studied never undressed at night and rarely went out during the day he never drank wine or spirits or used tobacco or other stimulants about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Tibetan Tales, Derived from Indian Sources

2017-11-18

in 1927 oxford university press published the first western language translation of a collection of tibetan funerary texts the great liberation upon hearing in the bardo under the title the tibetan book of the dead since that time the work has established a powerful hold on the western popular imagination and is now considered a classic of spiritual literature over the years the tibetan book of the dead has inspired numerous commentaries an illustrated edition a play a video series and even an opera translators scholars and popular devotees of the book have claimed to explain its esoteric ideas and reveal its hidden meaning few however have uttered a word about its history bryan j cuevas seeks to fill this gap in our knowledge by offering the first comprehensive historical study of the great liberation upon hearing in the bardo and by grounding it firmly in the context of tibetan history and culture he begins by discussing the many ways the texts have been understood and misunderstood by westerners beginning with its first editor the oxford educated anthropologist walter y evans wentz and continuing through the present day the remarkable fame of the book in the west cuevas argues is strikingly disproportionate to how the original tibetan texts were perceived in their own country cuevas tells the story of how the tibetan book of the dead was compiled in tibet of the lives of those who preserved and transmitted it and explores the history of the rituals through which the life of the dead is imagined in tibetan society this book provides not only a fascinating look at a popular and enduring spiritual work but also a much needed corrective to the proliferation of ahistorical scholarship surrounding the tibetan book of the dead

The Hidden History of the Tibetan Book of the Dead

TIBETAN TALES DERIVED FROM IND

2016-08-27

the taming of the demons examines mythic and ritual themes of violence demon taming and blood sacrifice in tibetan buddhism taking as its starting point tibet s so called age of fragmentation 842 to 986 c e the book draws on previously unstudied manuscripts discovered in the library cave near dunhuang on the old silk road these ancient documents it argues demonstrate how this purportedly inactive period in tibetan history was in fact crucial to the tibetan assimilation of buddhism and particularly to the spread of violent themes from tantric buddhism into tibet at the local and the popular levels having shed light on this dark age of tibetan history the second half of the book turns to how from the late tenth century onward the period came to play a vital symbolic role in tibet as a violent historical other against which the tibetan buddhist tradition defined itself georges dreyfus

The Taming of the Demons

focusing on the principal mediations used by hindu and tibetan gurus and philosophers this companion volume to tibetan book of the dead contains seven authentic tibetan yoga texts each accompanied by introductory notes and commentary includes photos and reproductions of yoga paintings and manuscripts 9 halftones

PIATS

1994

the most accessible and informative version of the buddhist classic available in english with instruction in meditation illuminating commentary and guidance in the practical use of the prayers the so called tibetan book of the dead has been renowned for centuries as a cornerstone of buddhist wisdom and religious thought more recently it has become highly influential in the western world for its psychological insights into the processes of death and dying and what they can teach us about the ways we live our lives it has also been found to be helpful in the grieving process by people who have recently lost their loved ones composed in the eighth century c e it is intended to prepare the soul for the trials and transformations of the afterworld its profound message is that the art of dying is as important as the art of living drawing on tibetan spiritual traditions it shows us the workings of the mind in its various manifestations terrifying and comforting wrathful and beautiful which appear more clearly after death in the consciousness of the deceased by recognizing these manifestations we can attain a state of enlightenment both in this existence and in the existence to come this authoritative translation preserves the form and spirit of the original and was prepared especially for western readers by robert a f thurman one of the most prominent tibetan scholars in america and a close associate of his holiness the dalai lama s

Tibetan Yoga and Secret Doctrines, Or, Seven Books of Wisdom of the Great Path, According to the Late Lāma Kazi Dawa-Samdup's English Rendering

2000

the iconography of tibetan lamaism is an authoritative text on the specifically tibetan

branch of buddhism one which possesses a rich visual history of buddhist art and iconography this book gives a descriptive outline of the principal gods in the tibetan pantheon tracing the main features and symbols that are used to denote each one a comprehensive illustrated list of the various ritual objects talismans symbols mudras symbolic hand poses and asanas and vahanas position of the lower limbs that are used in the images of the gods is accompanied with a word list of the sanskrit terms most commonly encountered in a study of lamaism a set of thirty one thang kas from the famous collection of baron a von stael holstein formerly of peking china which came to america after the publication of the original edition of the book has been included in this new and revised edition

Tibet Bon Religion

1985-01-01

for three decades e gene smith ran the library of congress s tibetan text publication project of the united states public law 480 pl480 an effort to salvage and reprint the tibetan literature that had been collected by the exile community or by members of the bhotia communities of sikkim bhutan india and nepal smith wrote prefaces to these reprinted books to help clarify and contextualize the particular tibetan texts the prefaces served as rough orientations to a poorly understood body of foreign literature originally produced in print quantities of twenty these prefaces quickly became legendary and soon photocopied collections were handed from scholar to scholar achieving an almost cult status these essays are collected here for the first time the impact of smith s research on the academic study of tibetan literature has been tremendous both for his remarkable ability to synthesize diverse materials into coherent accounts of tibetan literature history and religious thought and for the exemplary critical scholarship he brought to this field

The Tibetan Book of the Dead

2011-02-02

the series religion and society rs contributes to the exploration of religions as social systems both in western and non western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media in addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series

Iconography of Tibetan Lamaism

2016-09-13

apparitions of the self is a groundbreaking investigation into what is known in tibet as secret autobiography an exceptional rarely studied literary genre that presents a personal exploration of intimate religious experiences in this volume janet gyatso translates and studies the outstanding pair of secret autobiographies by the famed tibetan buddhist visionary jigme lingpa 1730 1798 gyatso s translation marks the first time that works of this sort have appeared in a western language it is only one of the many virtues of janet gyatso s apparitions of the self that it gives us at last a full portrait of a buddhist saint in all his self admitted complexity and ambiguity lucid and literate significant points to ponder and subtle arguments to which to respond this exceptional volume combines concise and felicitous translation with clear commentary

and insightful analysis what lends considerable interest to this work is the comparison gyatso makes between tibetan literature and western literary theory apparitions of the self serves as a model of innovative scholarship

Among Tibetan Texts

2001-06-15

preface it was certainly the combination of a gigantic landmass a small population and primarily the nomadic pastoral lifestyle which made the ancient tibetan s special awareness of their environment from time immemorial our ancestors have closely observed the movements of the sun moon planets and constellations and have calculated time based on day month and seasons they forecasted the weather based on the nature of the wind clouds rainbows appearance of the flora behaviour of the fauna and being conscious of microscopic changes in other natural phenomena these fine observations of nature formed the rich foundation on which tibetan astrology was later built upon founded on primeval wisdom by the second century b c this had developed into a systematic science known as one of the 12 fields of knowledge of bön tradition alongside medicine and an array of divinatory practices over the centuries this fertile base was greatly expanded by the arrival of buddhist philosophy and chinese astrology in the seventh century a d with the advent of buddhism from india came access to the kālacakra tantra a teaching explaining the formation of the universe and living beings first preached by the shakymuni buddha in 881 b c by the 11th century a d this complex tantric yoga was fully practiced in tibet and was soon incorporated by scholars into astrological texts the history of tibetan astrology is a complex multi faceted and culturally unique just like the long history of the tibetan empire through the decades of exile in india this tradition has been carefully taught conserved and practiced by men tsee khang the tibetan medical and astro institute alongside its complementary and more widely known science tibetan medicine tibetan astronomy and astrology a brief introduction first published in 1995 by this institute has reached its eighth edition with world interest in all facets of tibet s religion history arts and culture spiraling it was decided that a more ambitious and comprehensive illustrated book should be produced outlining all fundamental aspects of tibetan astrology we were assigned this project in late 2009 and as our research began to bear fruit we decided to include in the book the fundamental understanding of the indigenous ancient tibetan astrology and its interface with the importation of nag rtsis elemental astrology from china and dkar rtsis the astrology of kālacakra and arising vowels from india this led to the two major indigenous astrology lineages the tsurlug and the phuglug the latter of which is practiced by men tsee khang having the origin and authenticity of this we proceeded by explaining for the beginners the role of astrology in relation with the nine other traditional fields of science grammar medicine logic arts and crafts buddhist philosophy poetry synonyms metrical science and theatrical performance tibetan astrology is an important feature of the science of healing and inseparable from the practice of tibetan medicine since the objective of engaging in the study and practice of tibetan astrology is to ensure good fortune and happiness to others and often to advise remedial measures and protections when obstacles are identified the final part of the text focuses on explaining the wide range of horoscopes and amulets which are routinely prepared by tmai s astrology department the primary motivation of exiles gathered in dharamshala has been the preservation of tibet s religion and culture while we watch our beliefs practices and way of life being suppressed sinified and even erased under china s occupation of the tibetan plateau tibetan medicine and astrology are key components in ensuring this cultural preservation with their roots stemming from the understanding and practice of buddha dharma and their ethical focus on the well being of all sentient life these ancient sciences can be seen as a precious offering of wisdom and healing to today s uncertain world tenzin sherab astrologer tenzin tsewang jamling astrologer men tsee khang december 2011

Tibetan Religious Dances

1976

in this volume the fourth of my tibetan series i have placed on record in a manner intended to appeal equally to the learned and to the unlearned to the philosopher and to the scientist some of the most recondite teachings of oriental sages in doing so i have had the right guidance of an original text heretofore unknown to europe the authorship of which is attributed to tibet s precious guru padma sambhava the illustrious master of the tantric occult sciences of whose life history an epitome is herein presented

Apparitions of the Self

2002-03

the tibetan book of the great liberation which was unknown to the western world until its first publication in 1954 speaks to the quintessence of the supreme path or mah ay ana and fully reveals the yogic method of attaining enlightenment such attainment can happen as shown here by means of knowing the one mind the cosmic all consciousness without recourse to the postures breathings and other techniques associated with the lower yogas the original text for this volume belongs to the bardo th dol series of treatises concerning various ways of achieving transcendence a series that figures into the tantric school of the mah ay ana authorship of this particular volume is attributed to the legendary padma sambhava who journeyed from india to tibet in the 8th century as the story goes at the invitation of a tibetan king padma sambhava s text per se is preceded by an account of the great guru s own life and secret doctrines it is followed by the testamentary teachings of the guru phadampa sangay which are meant to augment the thought of the other gurus discussed herein still more useful supplementary material will be found in the book s introductory remarks by its editor evans wentz and by the eminent psychoanalyst c g jung the former presents a 100 page general introduction that explains several key names and notions such as nirv ana for starters with the lucidity ease and sagacity that are this scholar s hallmark the latter offers a psychological commentary that weighs the differences between eastern and western modes of thought before equating the collective unconscious with the enlightened mind of the buddhist as with the other three volumes in the late evans wentz s critically acclaimed tibetan series all four of which are being published by oxford in new editions this book also features a new foreword by donald s lopez

A Concise Introduction To Tibetan Astrology [Men-Tsee-Khang-འཕགས་པའི་འཕྲིན་ལྗོངས་]

2013-03-23

books audiotapes and classes about yoga are today as familiar as they are widespread but we in the west have only recently become engaged in the meditative doctrines of the east only in the last 70 or 80 years in fact in the early part of the 20th century it was the pioneering efforts of keen scholars like w y evans wentz the late editor of this volume that triggered our ongoing occidental fascination with such phenomena as yoga zen and meditation tibetan yoga and secret doctrines a companion to the popular tibetan book of the dead which is also published by oxford in an authoritative evans wentz edition is a collection of seven authentic tibetan yoga texts that first appeared in english in 1935 in these pages amid useful photographs and reproductions of yoga paintings and manuscripts readers will encounter some of the principal meditations used by hindu and tibetan gurus and philosophers throughout

the ages in the attainment of right knowledge and enlightenment special commentaries precede each translated text and a comprehensive introduction contrasts the tenets of buddhism with european notions of religion philosophy and science evans wentz has also included a body of orally transmitted traditions and teachings that he received firsthand during his fifteen plus years of study in the orient findings that will interest any student of anthropology psychology comparative religion or applied mah ay ana yoga these seven distinct but intimately related texts will grant any reader a full and complete view of the spiritual teachings that still inform the life and culture of the east as with evans wentz s other three oxford titles on tibetan religion which are also appearing in new editions this third edition of tibetan yoga and secret doctrines features a new foreword by donald s lopez author of the recent prisoners of shangri la tibetan buddhism and the west

The Tibetan Book of the Great Liberation

1968

few teachers in the west possess both the spiritual training and the scholarship to lead us along the path to enlightenment robert thurman is one such teacher now in his first experiential course on the essentials of tibetan buddhism adapted and expanded from a popular retreat he led thurman the first westerner ordained by his holiness the dalai lama himself shares the centuries old wisdom of a highly valued method used by the great tibetan masters using a revered once secret text of a seventeenth century tibetan master along with a thorough explanation for contemporary westerners the jewel tree of tibet immerses you fully in the mysteries of tibetan spiritual wisdom a retreat in book form as well as a spiritual and philosophical teaching it offers a practical system of understanding yourself and the world of developing your learning and thought processes and of gaining deep transforming insight tibetans think of their cherished tradition of buddhism as a wish fulfilling jewel tree for its power to generate bliss and enlightenment within all who absorb its teachings happiness in fact is the true goal of tibetan spirituality and the wish fulfilling jewel tree will put you on the road to that reachable goal this beautiful jewel tree imagery which acts like a mandala or a yoga pose to focus your attention on truths larger than yourself will help you break through worn out ideas and habits strengthen positive abilities develop more energy and creativity and change your life and future for the better as thurman writes readers learn to cultivate the sensitivity and appreciation to love more fully feel compassion more intensely and become a fountain of cheerfulness for all they meet and know because the path to enlightenment requires more than sitting in meditation the jewel tree of tibet offers a rich intellectually riveting course with many specific spiritual practices including eleven steps to create the spirit of enlightenment here and now the truths and stories of the ancient indian and tibetan sages and guided meditations to experience the blessings of the wish fulfilling jewel tree you can do these practices with others or on your own while living your daily life and as you travel this road to deeper self realization self understanding and infectious happiness you will also learn how the principles of tibetan tantra can open the doors to infinite compassion and continuity and how to discover states of consciousness that transcend even death one of the most explicit teachings of the steps to the path of enlightenment available explained by a skilled western teacher the jewel tree of tibet will enable you to honor the full subtlety and hidden depths of the tibetan buddhist path and realize at last its deeper mysteries and rewards for yourself and others

2000-09-28

derived from a buddhist funerary text this famous volume s timeless wisdom includes instructions for attaining enlightenment preparing for the process of dying and moving

through the various stages of rebirth

Tibetan Yoga and Secret Doctrines

2000-09-28

the best known work of nyingma literature the oldest of the four major schools of tibetan buddhism the bardo thodol or the tibetan book of the dead is the work of tibetan buddhist spiritualism first revealed by karma lingpa in the 14th century the tibetan book of the dead is part of a larger corpus of texts called the profound dharma of self liberation through the intention of the peaceful and wrathful ones which is believed to have been composed by padmasambhava in the 8th century and written down by his student yeshe tsogyal intended as a work to help guide the spirit in the afterlife from death to the next rebirth the tibetan book of the dead describes the experiences that the consciousness will have after death the work also includes descriptions of the signs of death and the rituals that one must undertake to prepare for the journey following one's death this volume presents the english translation of walter evans wentz first published in 1927 which helped to popularize the work in the west this edition is printed on premium acid free paper

The Jewel Tree of Tibet

2005-02-10

to introduce this great published work on the eastern yoga inspired method of attaining enlightenment evans wentz presents 100 pages of explanatory notes psychoanalyst c g jung offers commentary on the differences between eastern and western thought and donald s lopez jr writes the foreword 9 halftones

Tibetan Book of the Dead

2020-11-18

the tibetan book of the dead is one of the texts that according to legend padma sambhava was compelled to hide during his visit to tibet in the late 8th century the guru hid his books in stones lakes and pillars because the tibetans of that day and age were somehow unprepared for their teachings now in the form of the ever popular tibetan book of the dead these teachings are constantly being discovered and rediscovered by western readers of many different backgrounds a phenomenon which began in 1927 with oxford's first edition of dr evans wentz's landmark volume while it is traditionally used as a mortuary text to be read or recited in the presence of a dead or dying person this book which relates the whole experience of death and rebirth in three intermediate states of being was originally understood as a guide not only for the dead but also for the living as a contribution to the science of death and dying not to mention the belief in life after death or the belief in rebirth the tibetan book of the dead is unique among the sacred texts of the world for its socio cultural influence in this regard is without comparison this fourth edition features a new foreword afterword and suggested further reading list by donald s lopez author of prisoners of shangri la tibetan buddhism and the west lopez traces the whole history of the late evans wentz's three earlier editions of this book fully considering the work of contributors to previous editions c g jung among them the sections that were added by evans wentz along the way the questions surrounding the book's translation and finally the volume's profound importance in engendering both popular and academic interest in the religion and culture of tibet another key theme that lopez addresses is the changing nature of this book's audience from the prewar theosophists to the beat poets to the hippies to contemporary exponents of the hospice movement and what these audiences have found or sought in its very old pages

The Tibetan Book of the Dead

2023-02-21

diana lange has solved the mysteries of six panoramic maps of 19th c tibet and the himalayas known as the british library s wise collection the result is both a spectacular illustrated ethnographic atlas and a unique compendium of knowledge concerning the mid 19th century tibetan world as well as a remarkable account of an academic journey of discovery this large format book is lavishly illustrated in colour and includes four separate large foldout maps

masters of esoteric knowledge and miraculous practices the lineage of the karmapas is the earliest of all the recognized incarnate lineages and is said to descend from the great indian tantric master tilopa through a chain that includes naropa marpa and milarepa the karmapas are distinguished by their black crowns said to have been woven by dakinis and symbolizing the activity of the buddhas unlike other tibetan buddhist lineage heads each karmapa has specific knowledge of his next reincarnation and leaves behind a last testament a letter to his disciples describing the place and circumstances of their future rebirth the name of their parents and so on at a very young age each successive incarnation is often able to recognize himself as the karmapa in their recounting of the histories of the seventeen karmapas the authors reveal the universal and marvelous concealed in the everyday world their lively account peppered with anecdotes is the most comprehensive in the west on this subject with information from tibetan chinese mongolian french and english sources

The Essence of Tibetan Buddhism

2001

the present book is a first attempt at exploring the sacred painting traditions of tibet from the mid 15th through 20th centuries on the basis of both the surviving pictorial remains and the extensive written sources that survive in the tibetan language the study of this period of tibetan art history has in effect been neglected in recent years in favor of the earliest periods yet the vast majority of extant masterpieces of tibetan buddhist painting belong to this more recent period and the relevant written and pictorial resources now available though they have never been fully utilized until now are in fact quite rich the present study attempts in the first place to identify the great founders of the main schools of tibetan painting and to locate references to their surviving works of sacred art through recourse to the artists own writings if available to the biographies of their main patrons and to other contemporaneous or nearly contemporaneous sources it has been possible to clarify many of the circumstances of the careers of such famous tibetan painters as sman bla don grub mkhyen brtse chen mo and nam mkha bkra shis who were the founders of the sman ris mkhyen ris and karma sgar bris traditions respectively for the convenience of students and researchers the book includes a survey of the main available tibetan sources and studies both traditional and modern as well as a detailed summary of previous western research on this subject it also presents the texts and translations of the most important passages from the main traditional sources this richly illustrated volume also includes detailed indices and it will be an indispensable guide and reference work for anyone interested in tibetan art

The Monguors of the Kansu-Tibetan Frontier

2013-10

constructed between 1945 and 1947 by jacques marchais the professional name of jacqueline klauber the jacques marchais museum of tibetan art in staten island houses more than 1200 pieces of tibetan buddhist art from china and mongolia dating from the 17th to the 19th centuries two essays about the history of the museum and the history of tibetan buddhism open the catalogue which contains 169 objects from the museum s collections

1996

the tibetan book of the dead brings together a range of stunning images by the renowned photographer thomas kelly with a contextual analysis and abridged translation by the ubiquitous tibetologist glenn h mullin the tibetan book of the dead or bardo todol is one of the great classics of tibetan literature the present volume is a fresh look at this timeless classic it brings together a range of stunning images by the renowned photographer thomas kelly with a contextual analysis and abridged translation by the ubiquitous tibetologist glenn h mullin as such the bardo todol is as relevant as a guidebook to daily and nightly living as it is to a successful death and transmigration thomas kelly s photographs bring this great tibetan classic to life and draw the reader into a deeper sense of the spiritual environment in which the tibetan book of the dead exists

History of the Karmapas

2012-04-16

the swiss psychiatrist carl gustav jung made a number of revolutionary contributions to modern western psychology and his pioneering work was greatly enhanced through his contact with eastern religions especially tibetan buddhism in these esoteric traditions jung discovered a holistic approach and a deep affinity for nature and in the yogic and tantric disciplines he encountered a complex symbolic world that resonated with him deeply jung was particularly drawn to the highly articulated and intricate symbolism of tibetan tantra which provided considerable support for his seminal theories on the universal archetypes and the collective unconscious his cross cultural and interdisciplinary engagement with indo tibetan spirituality later proved instrumental in establishing the basis of the modern east west dialogue in which the religions of the east and in particular buddhism have become a central focus jung is also widely acknowledged as the father of transpersonal psychology which in seeking to integrate the wisdom traditions of east and west stands at the forefront of contemporary studies in human consciousness and mysticism
