in europe both the public and private sector organizations focused on the outflow of jobs and the rise in unemployment due to high labor costs high public support program costs and the failure of the european community to become a common market in asia japan underwent a large emigration of production offshore due to the high yen to dollar ratio a lengthy recession and a massive government aid program which failed

The Creation of the World or Globalization

1996-01-01

drawing on examples from contemporary life woodward explores rhetorical conditions that create powerful moments of identification illustrated with interesting examples drawn from politics and art the idea of identification draws on classical social and rhetorical theories to establish a systematic framework for understanding the varieties and forms of identification woodward references a variety of contexts in contemporary life to explore the rhetorical conditions that create powerful and captivating moments by

invoking the influential ideas of kenneth burke george herbert mead joshua meyrowitz and others he shows how the rhetorical process of identification is separate from psychological theories of identity construction woodward concludes with an argument that film theory has perhaps offered the most vivid descriptive categories for understanding the bonds of identification

Texts

2002-01-31

systematic comparison of sartre and adorno that focuses on their theories of the subject
