the larger part of the present volume is about slavic historical linguistics while the second part is about more general issues and methodological aspects the initial chapters contain a revision of the author s slavic accentuation and a discussion of the slovene evidence for the late proto slavic accentual system and of the kiev leaflets these are complemented by an extensive review of garde s theory and an introductory article about the work of earlier authors for those who are unfamiliar with the subject then follows a discussion of changes in the vowel system bulgarian developments final syllables in slavic early changes in the consonant system and of halle and kiparsky s review of garde s book this results in a relative chronology of 70 stages from proto indo european to slavic the following chapters deal with the progressive palatalization the accentuation of west and south slavic languages various aspects of the old slovene manuscripts the chronology of nominal paradigms and other issues under discussion in recent publications the second part of the present volume contains a number of case studies exemplifying specific theoretical problems most

of them of a semantic nature the synchronic studies deal with russian and japanese syntax and semantics the diachronic studies with tonogenesis in different languages and with semantic reconstruction in altaic and chinese legacies logics logistics brings together a set of essays written both before and after the financial crisis of 2007 08 by eminent africanist and economic anthropologist jane i guyer each was written initially for a conference on a defined theme when they are brought together and interpreted as a whole by guyer these varied essays show how an anthropological and socio historical approach to economic practices both in the west and elsewhere can illuminate deep facets of economic life that the big theories and models may fail to capture focusing on economic actors whether ordinary consumers or financial experts guyer traces how people and institutions hold together past experiences legacies imagined scenarios and models logics and situational challenges logistics in a way that makes the performance of economic life on platforms made of these legacies logics and logistics work in practice individual essays explore a number of topics including time frames and the future the use of percentages in observations and judgments the explanation of prices the coexistence of different world currencies the reapplication of longtime economic theories in new settings and crucially how we talk about the economy how we use stable terms to describe a turbulent system valuable as standalone pieces the essays build into a cogent method of economic anthropology the israeli palestinian peace process the continuing us iraqi confrontation the changing political dynamics in iran recent pakistani indian hostilities and osama bin laden all of these have one important common denominator significant strands of their origins can be traced to the tumultuous year of 1979 this text offers a new paradigm for stud addenda 1565 1654 and calendar of the hanmer papers included in v 11 p 585 687 reprint of the original first published in 1883 a history of the area that would become walnut station then walnut grove from the earliest days to the present it covers almost every aspect of community life in this small town in minnesota

describes and where not an eye witness he placed himself in closest possible connection with it by personal acquaintance with the actors and by immediate and most diligent and thorough examination of records and other evidence while it may be too much to say that he absolutely avoided the defects above named yet his sound judgment his natural candor and honesty and his elevated christian principle have made him as nearly free from them as perhaps any author who has written in similar circumstances from the editor s preface
