Horace

2005-01-01

ossa ostensa is the world s first comprehensive example of how to teach and learn the latin language using the unique teaching system of the internationally recognized authority reginald foster laura pooley prize winning graduate of the university of oxford and currently a supervisor at the university of cambridge brings to life the year she spent in rome studying latin with reginaldus his inspiring and transformative method of teaching combines with laura s twenty years of teaching experience to produce concise and crystal clear explanations of the language the three experiences of latin beginners intermediates and advanced are divided between three user friendly workbooks each workbook comprises around thirty lessons where the language is presented in hand out form requiring very little modification by prospective teachers each language area is then illustrated by translated reading examples after each lesson laura provides translation practice targeted to the taught content these latin passages are divided into classical and post classical literature to appeal to the interests of all latin students not only that but each passage is accompanied by teaching questions and translation hints the mainstay of reginaldus classroom persona and pedagogy so famously encapsulated in his ludi students therefore can exercise recent language content and develop deep and spontaneous fluency in the latin language for the first time the experience of learning with reginaldus is available to everyone

The Classical Outlook

2005

this book develops the communication and literacy skills of heritage spanish speakers with exercises that are designed to improve oral and written proficiency in the language nuevos mundos uses the cultures and voices of the major hispanic groups in the united states as well as those of latin america and spain to familiarize students with a variety of issues and topics which are sometimes controversial and always thought provoking

The Classical Journal

1957

china s investment in u s higher education has raised considerable debate but little research has been directed to the manner in which this investment unfolds and takes shape on the ground in local contexts confucius and crisis in american universities fills this gap by closely investigating how chinese funded u s programs are understood and configured in the modern american university drawing on interviews with chinese teachers and their american students as well as conversations with university administrators this book argues that chinese investment in american higher education serves as a broad form of global policy harnessing the power of intercultural exchange as a means of managing international diplomatic relations through the experiences of university students a transnational study confucius and crisis in american universities questions and reframes conventional notions of economic globalization and flexible citizenship demonstrating how chinese investment in u s education advances the lives of the already privileged by creating access to overseas labor and markets but to the exclusion of middle and working class students a valuable and timely resource for scholars of education and anthropology this book will also be useful to anyone interested in education policy or international affairs

Christian Home Educators' Curriculum Manual

1997-11

this text is the second edition of anatomy and physiology in speech and hearing first published in 1984 by college hill press it serves as a general introductory text primarily for undergraduates its goal is to bridge the gap between the anatomy and physiology and the clinical practice of speech it concentrates on fundamentals and thus may also be used as a reference for therapists in the public school setting this edition includes expanded clinical considerations and references with the addition of a self examination section at the end of each chapter

English Teaching Forum

1963

a flexible course that includes both a text workbook and audiocassettes and can be used in a variety of learning situations for all non lawyer legal personnel including court reports this text is a well organized presentation of common legal terms that uses the proven methods of teaching and learning that were utilized in previous editions includes reference sections including proofreaders marks and a list of easily confused words for developing proofreading and transcribing skills comprised of 32 lessons including legal terms used in various areas of the law

Catalog of Copyright Entries. Third Series

1961

genealogists and other historical researchers have valued the first two editions of this work often referred to as the genealogist s bible the new edition continues that tradition intended as a handbook and a guide to selecting locating and using appropriate primary and secondary resources the source also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers more than 30 experts in this field genealogists historians librarians and archivists prepared the 20 signed chapters which are well written easy to read and include many helpful hints for getting the most out of whatever information is acquired each chapter ends with an extensive bibliography and is further enriched by tables black and white illustrations and examples of documents eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find
