taxes come first the 2017 trump tax cuts and jobs act has lowered tax rates for the beleaguered american taxpayer we live in a golden age of taxes the clock is ticking the trump tax cuts are slated to expire in 2025 while a regime change in washington could undo them as early as 2021 like grave robbers opening king tut s tomb congress with no debate or public discussion plans to raid your retirement accounts for even more money under the so called secure act hang on to your wallet nationally recognized investment advisor phil demuth decrypts the 73 954 pages of tax code to show you where the trip wires lie he offers simple rules of thumb to navigate the minefield all in sparkling english if you aren t playing the long game with your taxes now you are sending a valentine to the u s treasury every april 15 with a needlessly fat check attached demuth shows how to safely pare your investment tax bill down to the legal minimum requirement it adds up to a small fortune that would be better spent on your life your family and your retirement

the world needs a strong america and america needs an economic revival after the coronavirus season of shutdowns can the playbook that resulted in the greatest job market in history put americans back to work from the first moments of his presidency donald j trump put us economic revival at the top of his agenda cutting red tape and slashing business tax rates made companies eager to locate in america again a surge in corporate investment led to record numbers of us job openings but there was also another force at work at the start of the trump era and it s impossible to provide a fair accounting of trump s governance without noting the unique obstacles he s faced the president s critics styled themselves the resistance as if they were confronting a tyrant at the head of an invading army rather than their duly elected president much of the media establishment regularly and wrongly accused him of betraying the country most disturbing was the resistance movement inside government formed even before the 2016 election which unleashed unprecedented surveillance against donald trump the political and media warfare has never ended just as an impeachment case collapsed in the senate earlier this year the world was beginning to realize how large a threat the chinese communist government had become and what it had been hiding in wuhan the destruction caused by the coronavirus is the latest and greatest test for the trump prosperity agenda once again the health and wealth of the world depend on us leadership for economic revival this is the story of the man us voters chose to lead in 2016 and will soon consider to lead again
