The Tootin' Louie 2005 the definitive history of one of the midwest s most remarkable railroads

County Business Patterns, South Dakota 1998 south dakota s mathis family murders brought death and deception to the heartland it was perhaps the most infamous murder case in state history ladonna mathis was shot twice in the head at point blank range inside the family s metal shed serving as their makeshift home two of her three children ages 2 and 4 were also shot in the head the brutality of the killings shocked the state and set off a frenzy of law enforcement activity despite its intensity the investigation never found the murderer or the murder weapon though charged with the crime the husband was acquitted leaving the door open for endless speculation about what really occurred on that late summer morning of sept 8 1981 with renewed insight from those involved veteran south dakota journalist noel hamiel explores this cold case of murder and mystery that still haunts the mount rushmore state

County Business Patterns, North Dakota 1999 includes maps of the u s congressional districts

Special Report - Highway Research Board 1960 february issue includes appendix entitled directory of united states government periodicals and subscription publications september issue includes list of depository libraries june and december issues include semiannual index

Live Stock Report 1894 not just in the middle geographically the midwest represents the american average in terms of beliefs attitudes and values the region s religious portrait matches the national religious portrait more closely than any other region but far from making the midwest dull average means most every religious group and religious issue are represented in this region unlike other volumes in the series religion and public life in the midwest includes a chapter devoted to a single city chicago a chapter on a single mainline protestant denomination lutherans and a chapter on religious variations in urban surburan and rural settings this fourth book in the religion by region series does not neglect the pervasive image of the typical midwesterner but it does let the region s marbled religious diversity come through

South Dakota's Mathis Murders 2022-04-25 this book describes the history of the initiative process and the major issues that have arisen during its increasing use in recent years by elucidating the problems that have arisen and their possible solutions the authors seek both to inform the debate about the wisdom of the initiative and to offer suggestions for improvement to jurisdictions that choose to use the process with the aid of more than 40 charts and tables the authors compare the major features of the initiative in the american jurisdictions that have adopted the procedure 24 states and the district of columbia they draw particularly on the experience in california the most frequent u s user of the initiative and a major battleground in the development of ideas about the process the book also discusses the use of the initiative in other countries particularly switzerland where the process originated and the only other major country in the world that makes extensive use of the initiative today

Catalogue: Authors 1963 first series books 1 43 includes notes on u s reports by walter malins rose

State and Federal Publications Dealing with the Marketing of Agricultural Products

1930 by using measurements and notes in William Clark's journals Plamondon has created maps depicting the Corps of Discovery's route on the Missouri River from Illinois to North Dakota in 1804. The maps compare the modern beds of streams to their courses at the time of exploration. Further interest are excerpts from the expedition diaries and an insightful essay on frontier surveying.

List of Classes of United States Government Publications Available for Selection by Depository Libraries 1994-06

In 1856 in an opera house in Roseville, Illinois, Susan B. Anthony called for the supporters of woman suffrage to stand. The only person to rise was eight-year-old Emma Smith, and she continued to take a stand for the rest of her life as a leader in the suffrage movement. Emma Smith Devoe stumped across the country organizing for the cause, raising money and helping make the West central to achieving the vote for women. Devoe used her feminine style to great advantage in the campaign for the vote rather than promoting public rallies. She encouraged women to put their energies toward influencing the votes of their fathers, brothers, and husbands, known as the "still hunt" strategy. This approach was highly successful and helped win the vote for women in Washington State in 1910, winning the West for women. Demonstrates the importance of the West in the national suffrage movement. It reveals the central role played by the National Council of Women Voters, whose members were predominantly Western women in securing the passage of the Nineteenth Amendment. Winning the West for Women also tells a larger story of dissension and discord within the suffrage movement. Though ladylike in her courtship of male support for the cause, Devoe often clashed with other activists who disagreed with her tactics or doubted her commitment to the movement. This fascinating biography describes the real experiences of women and their relationships as they struggled to win the right to vote. Official Congressional Directory 1928

Themes of the American West have been enduringly popular, and the American West in Bronze features sixty-five iconic bronzes that display a range of subjects from portrayals of the noble Indian to rough and tumble scenes of rowdy cowboys to tributes to the pioneers who settled the lands west of the Mississippi. Fascinating texts offer a fresh look at the roles that artists played in creating interpretations of the vanishing West, whether based on fact, fiction, or something in between. These artists, including Charles M. Russell and Frederic Remington, embody a range of life experiences and artistic approaches. The American West in Bronze 1850-1925 is the first full-scale exhibition to explore the aesthetic and cultural impulses behind the creation of statuettes with American Western themes, which have been so popular with audiences then and now. Both the exhibition and this accompanying catalogue offer a fresh look at the multifaceted roles played by these sculptors in creating three-dimensional interpretations of Western life, whether based on historical fact, mythologized fiction, or most often something in between. Examples by such archetypal representatives of the West as Frederic Remington and Charles M. Russell are complemented by the work of sculptors such as James Earle Fraser and Paulanship, who contributed to the popularity of the American Bronze Statuette, even though their Western subjects were less frequent. Publisher's description.

Catalogue of Publications Issued by the Government of the United States 1951 honors minnesotans who faced war with equal amounts of determination and dread courage and fear in places as far away as the pacific and europe and as close as our hometown
